Assembly Instruction of (Bed)

STEP 15

Step 1: Connect the Power

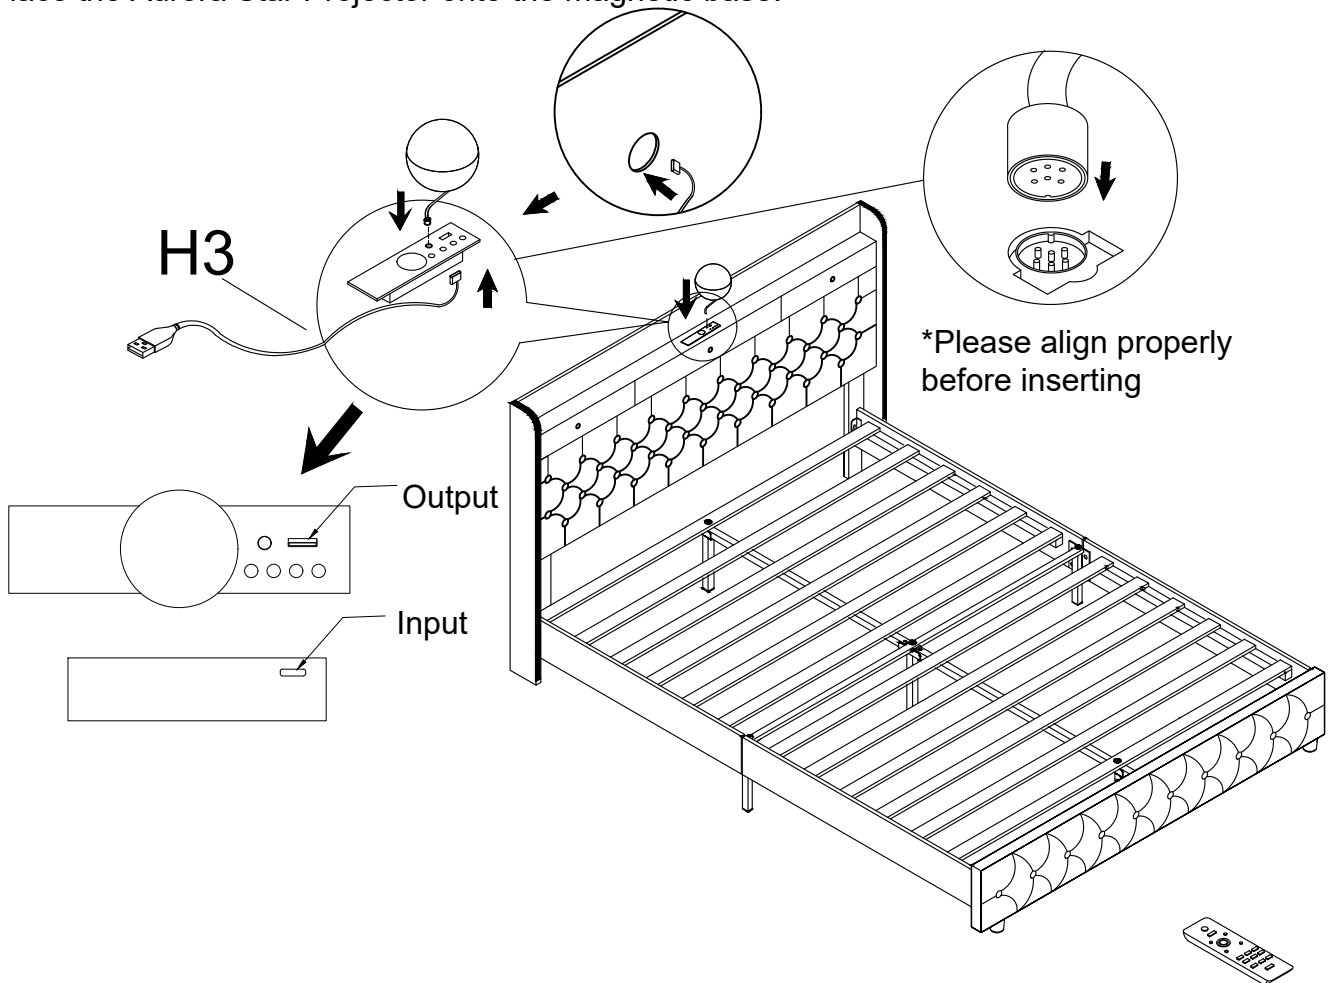

Locate the Type-C port on the back of the headboard, directly below the base of the Aurora Star Projector. Plug one end of the power cable into this port.

Connect the other end of the power cable to your power adapter.

Step 2: Install the Aurora Star Projector

Insert the round end of the Aurora Star Projector connection cable into the round socket on the magnetic base located at the center of the headboard.

Place the Aurora Star Projector onto the magnetic base.

Tips:

1. To power on the Aurora Star Projector, press and hold the power button for 3 seconds. The light can connect to Bluetooth for music playback; please refer to the separate lighting manual for details.
2. The provided remote control does not have a power on/off function. Please use the power button on the base of the Aurora Star Projector on the headboard for switching the light on and off.
