

# USER MANUAL

Thank you for purchasing our product.

For questions or assistance on assembly, parts or installation, please contact customer support:

**Please note: We can only provide parts service when the original purchase orders can be identified.**

Please include the product number, order number, and your phone number in the email.

If there are broken or missing parts, please include the part numbers and quantities, and your address. We will ship you the replacement parts.

All emails will be answered within 24 hours.

For hard to explain problems, please send us a few pictures showing the problems if you can.

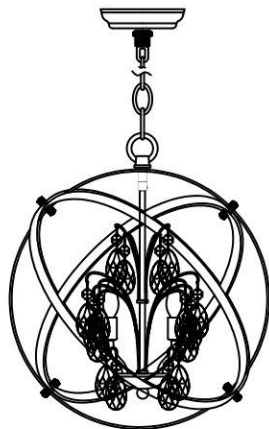

We involve the factory technicians directly in the support, so you can be assured you will deal with the experts.

## CAUTION

1. Rated 110~130V/60Hz, bulb 60W maximum.
2. Care should be taken to avoid damage to the surface of lighting and wire. Wearing gloves are recommended when installing.
3. Keep lighting away from acid, alkali and other corrosive chemical or gas, clean the lighting with clean soft cloth only.
4. Installation must be carried out by qualified electrician only.
5. Disconnect the power before installing, cleaning and replacing lighting.
6. Never cover the lighting when power is connected.

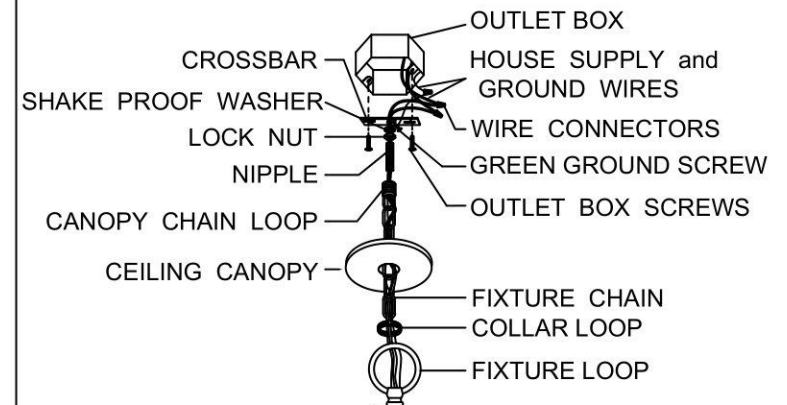

## MISE EN GARDE

1. Évalué 110 ~ 130V / 60Hz, ampoule 60W maximum.
2. Des précautions doivent être prises pour éviter d'endommager la surface de l'éclairage et du fil. Le port de gants est recommandé lors de l'installation.
3. Gardez l'éclairage éloigné de l'acide, des alcalis et d'autres produits chimiques ou gaz corrosifs, nettoyez l'éclairage uniquement avec un chiffon doux et propre.
4. L'installation doit être effectuée uniquement par un électricien qualifié.
5. Débranchez l'alimentation avant d'installer, de nettoyer et de remplacer l'éclairage.
6. Ne couvrez jamais l'éclairage lorsque l'alimentation est connectée.

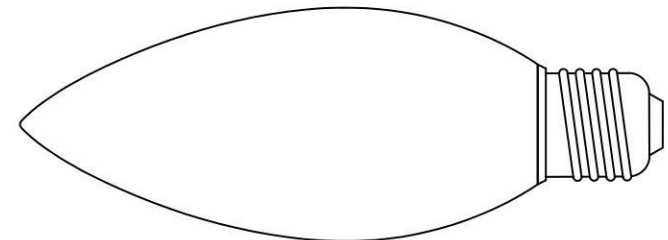

## The wiring connection of luminaire and outlet box

Connect the positive wire from your ceiling to the L wire from your light fixture. Connect the negative wire from your ceiling to the N wire from the fixture. Connect the fixture ground wire to the outlet box ground wire with wire connectors .

Requires E12 60W bulbs (not included)

# INSTRUCTION

5A. Lock the crossbar on the junction box of the ceiling by using 2 pcs of 5/32 screws in the accessories bag.

5B. Connect the wires. One wire labeled "L", which is the positive (+). The other labeled "N", which is the negative (-). The bare wire is the ground wire.

5C. Cover the ceiling canopy and attach the screws to the canopy.

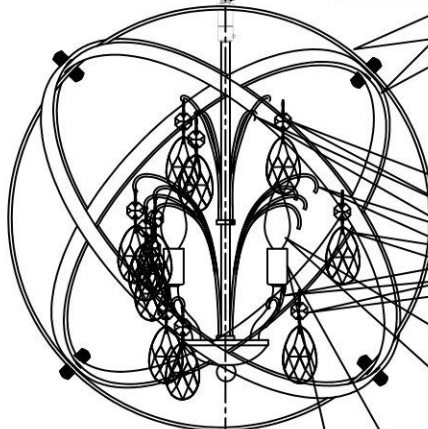

1. Fasten the light fixture by using the collar loop.

4. The metal arms can be adjusted to a globe after twisting the arms.

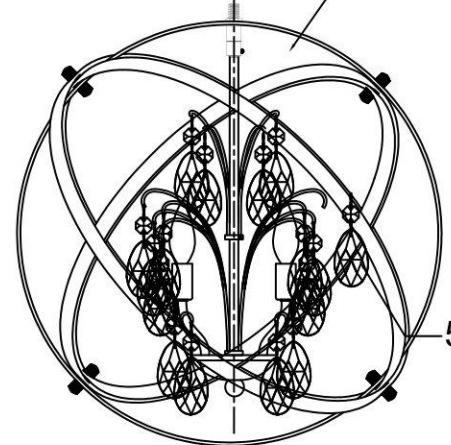

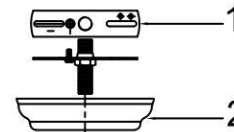

3. Hang part #5 from the lamp frame.

2. Install 4 E12 bulbs (Not included).

If you find the candlestick is not up straight, please adjust it by hand by bending it to opposite direction.

Please note: The parts in this table are completely unassembled, for illustrative purpose. In the actual product that you receive, some parts are assembled and attached together.
