

Assembly Instructions

Caution : You must read this before you proceed

Sets often ship in multiple boxes and may arrive a day or two apart.

Table

Part List

Label	Picture	Description	QTY
A	A line drawing of a square table top with a cross-brace structure. The top is slightly recessed and has four small circular fasteners at the corners where the braces meet.	Table Top	1
B	A line drawing of a single curved table leg. It is a simple, slightly curved rectangular piece with a small circular fastener at the bottom.	Table Leg	4

Hardware

Label	Picture	Description	QTY
①		Bolt M6*15mm	9
②		Washer	9
③		Allen Wrench	1

Assembly Preparation

Before Beginning Assembly:

-  • Read instructions, cover to cover-
-  • Have 2 adults on hand for assembly-
-  • Do not assemble on flooring or carpet-
-  • Assemble on a clean non-marring surface (packing foam)-
-  • Save all packaging until finished-

Assembly Steps

Overview

This Table has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Open the carton and place all the parts onto a clean, non-marring surface.
Attach Leg(B) onto the Table Top(A) using Bolt(①) and Washer(②) with Allen Wrench(③).
Only loosely tighten Bolts.

Step 2

Repeat Step 1 with the remaining three Legs(B).
Only loosely tighten Bolts.

Step 3

Stand the Table right way up. Place the Table on a LEVEL SURFACE to check for wobbles. If it wobbles, lift the table some 20cm to 30cm high from the ground. Keep your feet and toes well away from the drop zone. Drop the table freely and vertically with all four legs, hitting the ground, at the same time. This Drop Test will help to ensure that all Bolts and gaps reach full alignment status. Test again for evenness on a LEVEL SURFACE. If no wobbles are found, slowly and carefully, turn the Table facedown. Then, proceed to tighten all Bolts in a sequential manner.

When tightening the Bolts, tighten sequentially.

DO NOT tighten any Bolt fully and then towards the next one.

This could cause the frame to warp. If there are still wobbles, loosen the Bolts and execute the same drop test.

If the Table is not stable, it could lead to damage to the product.

Step 4

Your Table is ready for use.

This Table can only be used on a flat, level surface.

Care & Maintenance

- ⊘  ● Prolonged exposure to rain may cause rusting which can stain floors.
 - ⊘  ● Do not put hot items directly on furniture surface.
 - ⊘  ● Do not clean furniture with harsh cleansers or polish.
 - ✓  ● To obtain the longest lifespan of your outdoor products, minimizing exposure to direct sunlight is recommended.
 - ⊘  ● Children should not climb or jump on the furniture.
 - ⊘  ● Do not write on furniture without a padded barrier to protect the surface.
 - ✓  ● To obtain the longest lifespan of your outdoor products, avoid extended and lengthy exposure to rain, snow, and direct sunshine. Whenever possible cover the product and /or place under patio or awnings.
 - ⊘  ● Not for commercial use. For residential use only.
 - ⊘  ● Stains may be removed with mild soap solution and damp cloth.
 - ✓  ● Keep away from sources of ignition.
-
- ✓  ● Dust and pick-up spills using a clean, non-colored, lint-free cloth.
