PLEASE READ BEFORE ASSEMBLY

Read Before Beginning Assembly

- 1. Clearing a area:** Please assemble in a spacious area near the product's final location, preferably on a carpet or protected surface to safeguard both your floor and the product.
- 2. Recommend team assembling:** It is recommended that at least 2 people assemble this product. Having an extra hand can make the process faster easier.
- 3. Check for all parts:** Most parts are labeled or stamped on the raw edge. Ensure all parts are included before starting.
- 4. Read each step carefully:** Follow the assembly steps in the correct order. Skipping steps or changing the sequence can lead to difficulties.
- 5. Tighten after complete:** Do not fully tighten any bolts before the entire assembly is completed. Final tightening all together ensures greater stability.
- 6. You can contact us:** If you encounter any questions or difficulties during installation, please contact us through marketplace.

Caution

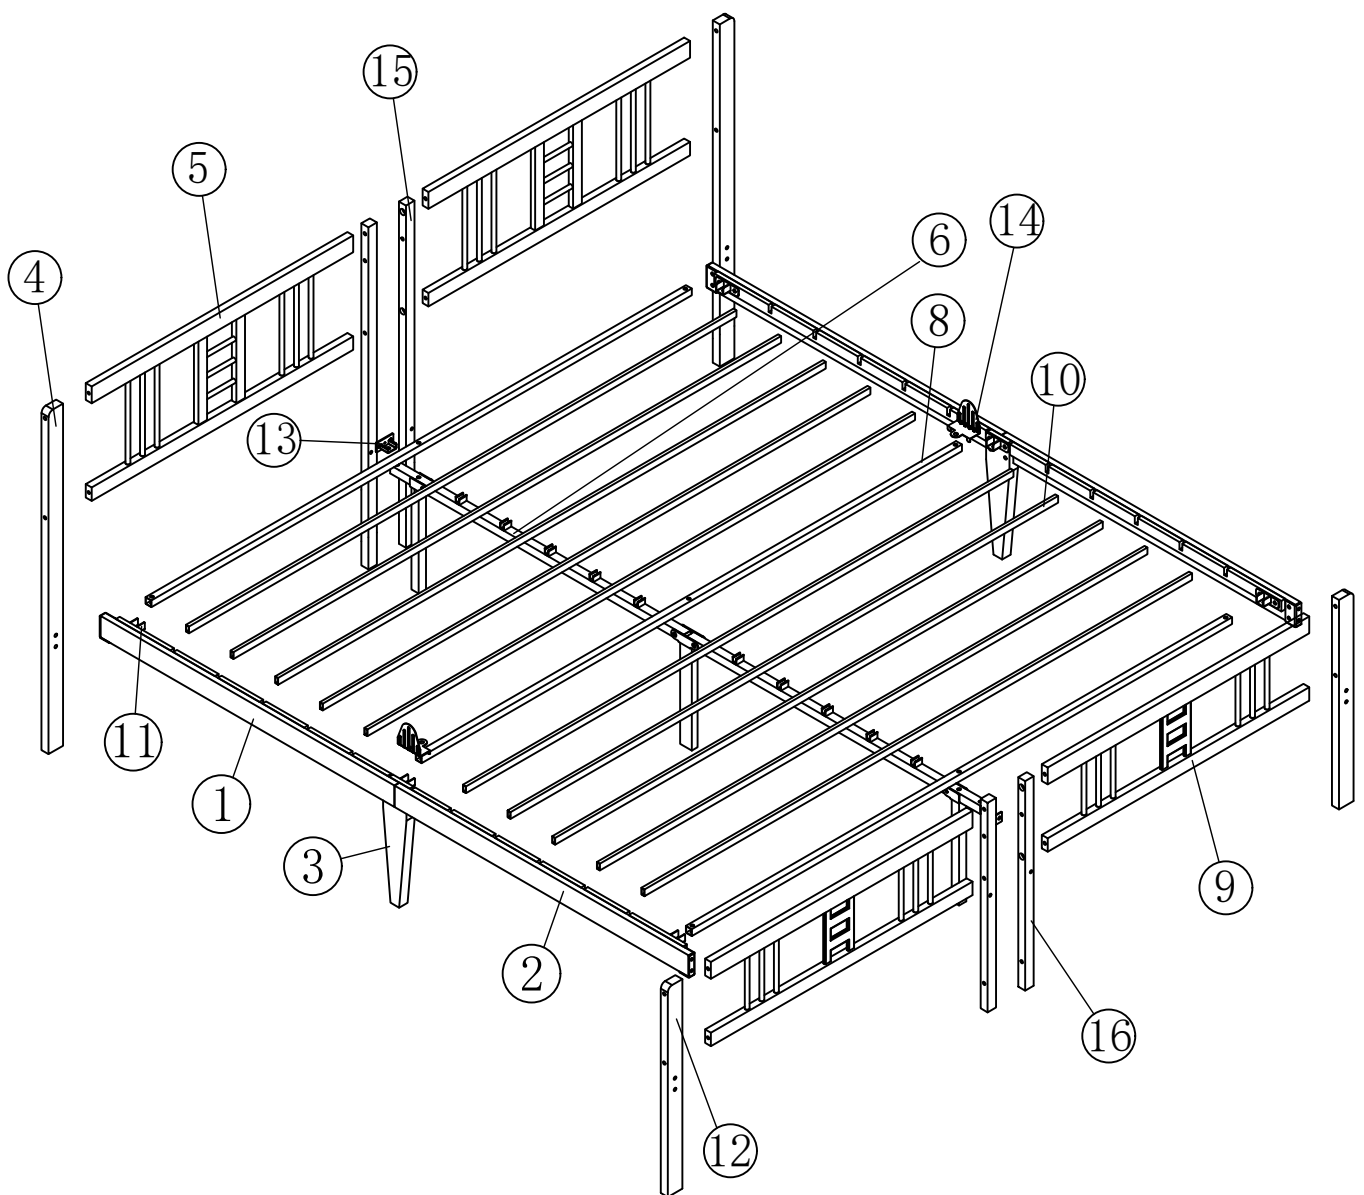

- 1. Choking hazard:** This product contains small parts. Keep out of reach of children.
- 2. Use power tools with caution:** Overloading or improper operation of power tools can strip or damage parts and void the warranty.

- Use bolts (A) and bolts (D) to lock the center support bar ⑧ onto the center support rail .
- At the center, mattress gasket ⑭ can be optionally installed.
- After installation is completed, tighten all the bolts.

Note: Before completing assembly, double-check that all screws and components are fully tightened.

Step 6

Install the Bed Slats

- Place all bed slats ⑩ across the side rails as shown in the diagram. Each slat should be securely positioned in the designated slots.

IMPORTANT INFORMATION

Warning

- 1. Age Restriction:** The bed is not designed for children under 4 years old.
- 2. For your safety:** Jumping, rough play, or other vigorous activities on the bed are not recommended as they may cause injury or damage to the bed frame.
- 3. Weight Limit:** The maximum combined weight on the bed should not exceed 1000 lbs. This includes the weight of the bed itself, mattresses, bedding, and people.
- 4. Do not drag or push the bed frame:** Always use two people to lift and reposition the bed frame to avoid damage to the frame or the floor.

Cleaning&Care

- 1. Cleaning method:** Use a dry or slightly damp soft cloth for cleaning. Avoid abrasive cleaners, which can damage the finish.
- 2. Hardware maintenance:** Over time, hardware can loosen. Regularly check and tighten all connections to maintain the bed's stability and prevent damage.
