assembly instructions

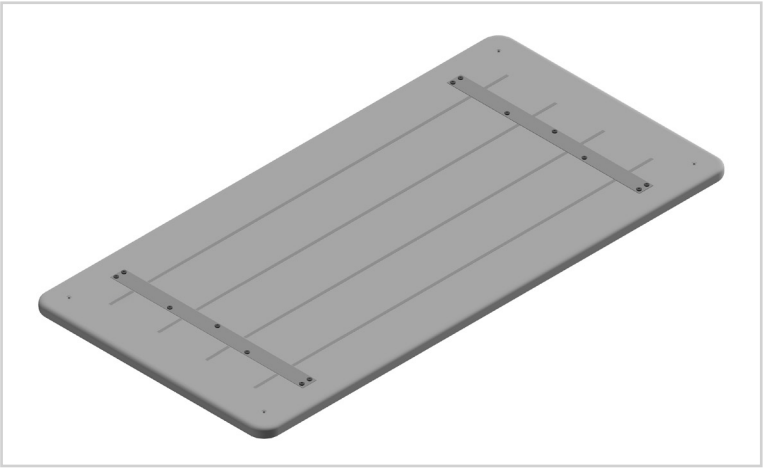

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

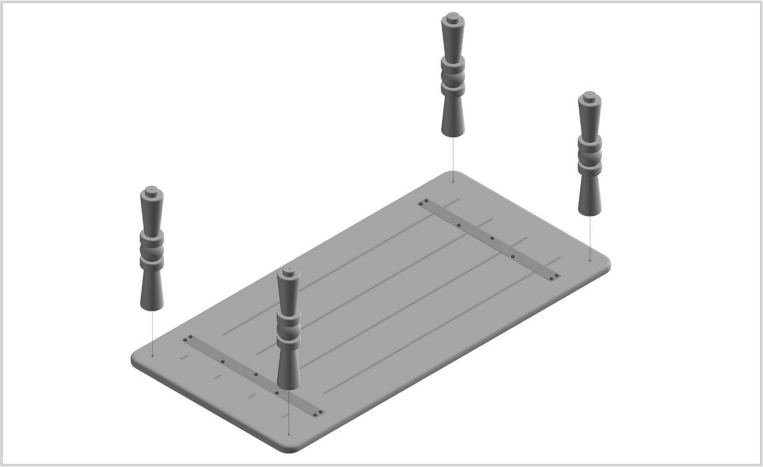

step 1:

Start by turning the table top (A) upside down on a flat surface.

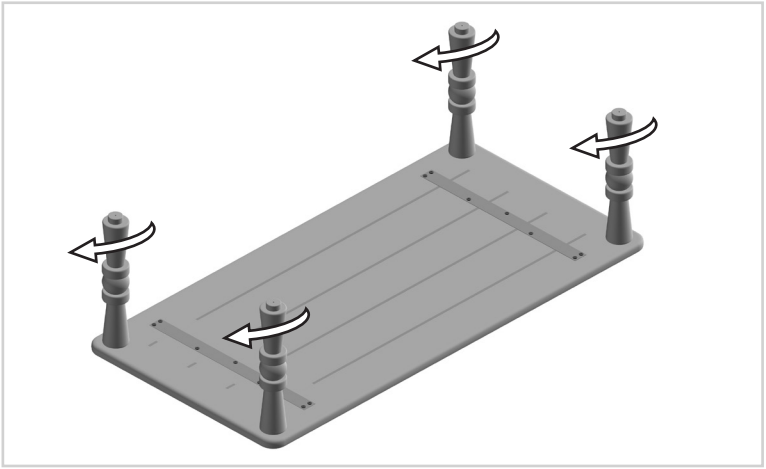

step 2:

Then, align the table legs (C) to the slots given on the corners of the table top (A).

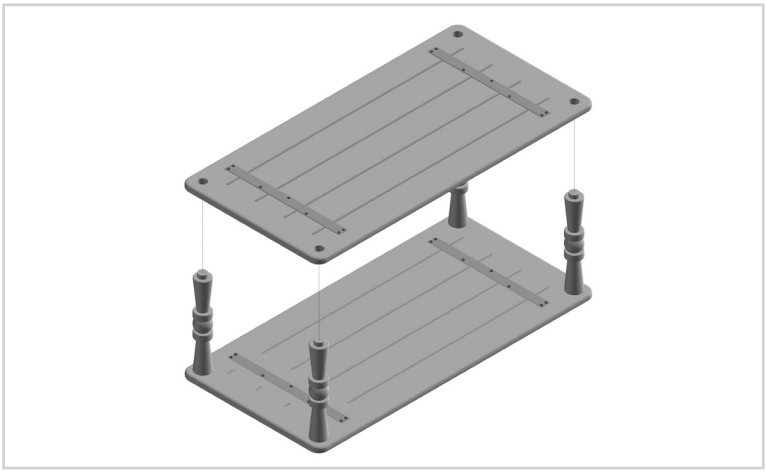

step 3:

Now, fix them in place by rotating the legs (C) clockwise.

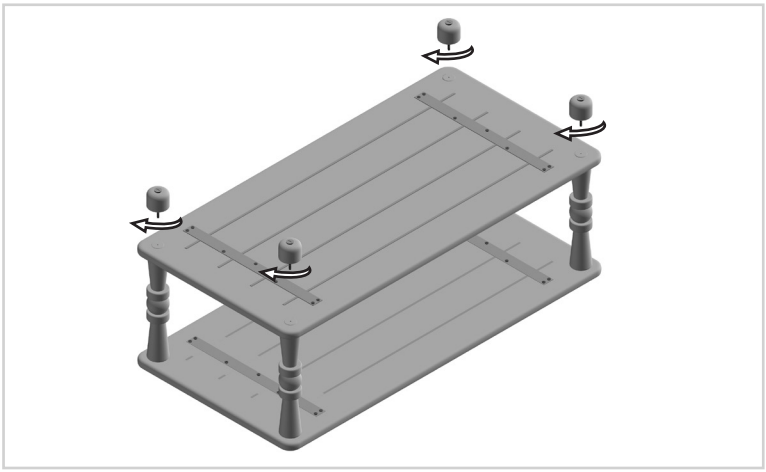

step 4:

When done, turn the table shelf (B) upside down, align its holes with the table legs (C) and place it as shown in the image below.

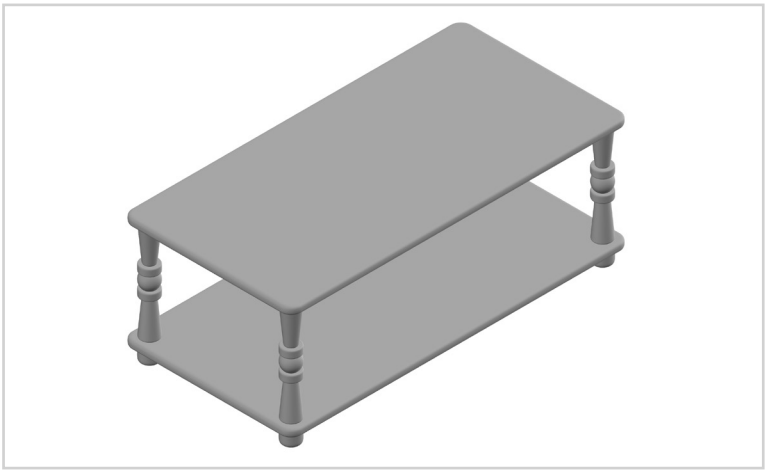

step 5:

Next, take the bottom part of the legs (D) and place it into the slots on the table shelf (B) & table legs (C). Rotate it clockwise to fix it in place. Use the image below as reference.

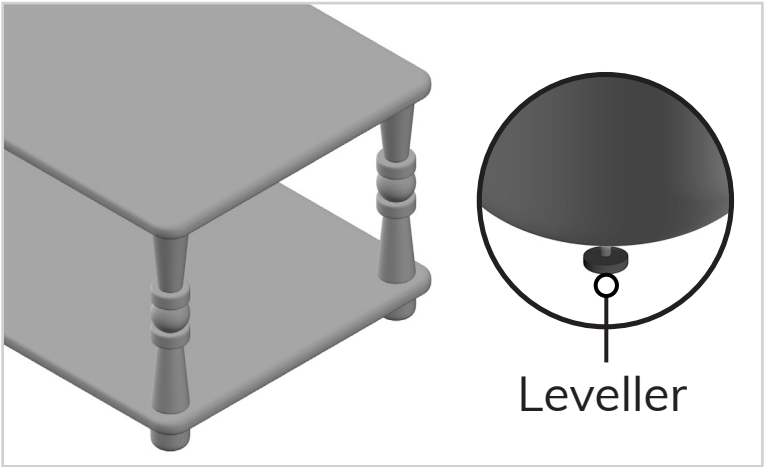

step 6:

Ensure all the parts are firmly held together. Now, turn the table upright.

step 7:

If required, adjust the levellers according to the floor as shown in the image.
