NOTE:

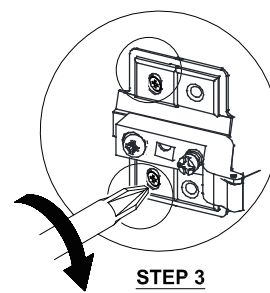

This adjustment is used if your doors have a big gap at the top or the bottom, or if one door sits straight but is lower than the other door.

STEP 1
Please loosen the screw to adjust the door.

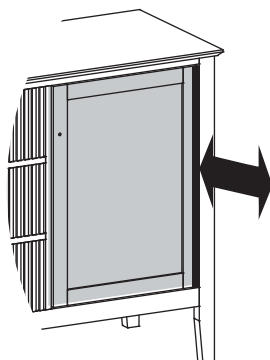

STEP 2
Adjust the door.

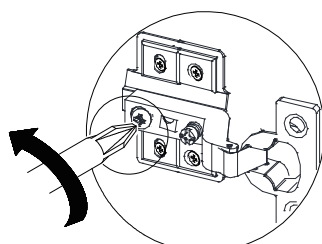

STEP 3
After adjust, tighten the screw.

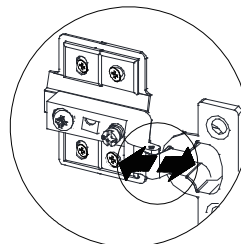

Open the door and hold it. Contrarotate to loosen the screw as shown in STEP1. Gently adjust the height of the door by hand as shown in STEP2. Tighten the screws as shown in STEP3, until the heights of the two doors are the same.

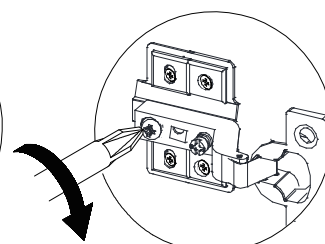

This adjustment is used if your doors are TOO CLOSE to the main cavity. You can loosen the screw and then move the door hinge closer or further out depending on the outcome you want to achieve

STEP 1
Please loosen the screw to adjust the door.

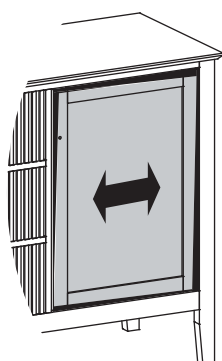

STEP 2
Adjust the door.

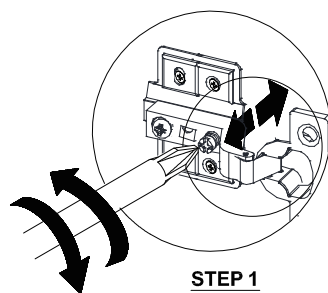

STEP 3
After adjust, tighten the screw.

Open the door and hold it. Contrarotate to loosen the screw as shown in STEP1. Gently adjust the gap between the door and body by hand as shown in STEP2. Tighten the screws as shown in STEP3, until the distances on both sides are equal.

This adjustment is Used if your doors are overlapping in the middle OR there is a larger gap through the middle or on the sides

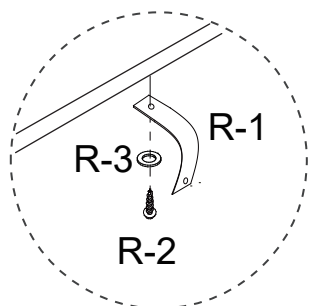

STEP 1
Adjust the door.

If the gap between the door and body is uneven, can solve the problem as shown in STEP1, by rotating the screw to adjust the door. Contrarotate the screw can move the door to left, clockwise rotate can move the door to right. Gradually adjust the door according to the actual situation, until the gap between the door and the body is even. Note that the gap of all doors on the same level should be consistent.

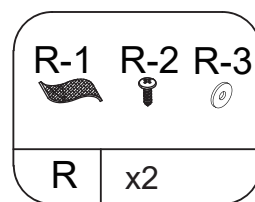

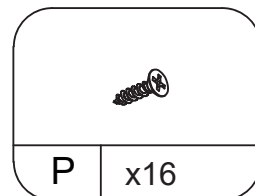

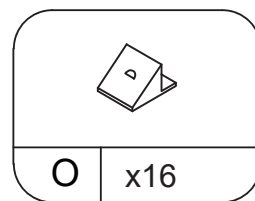

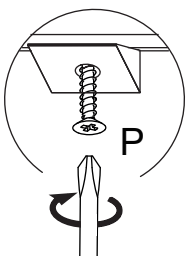

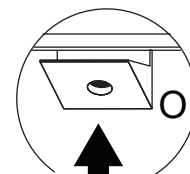

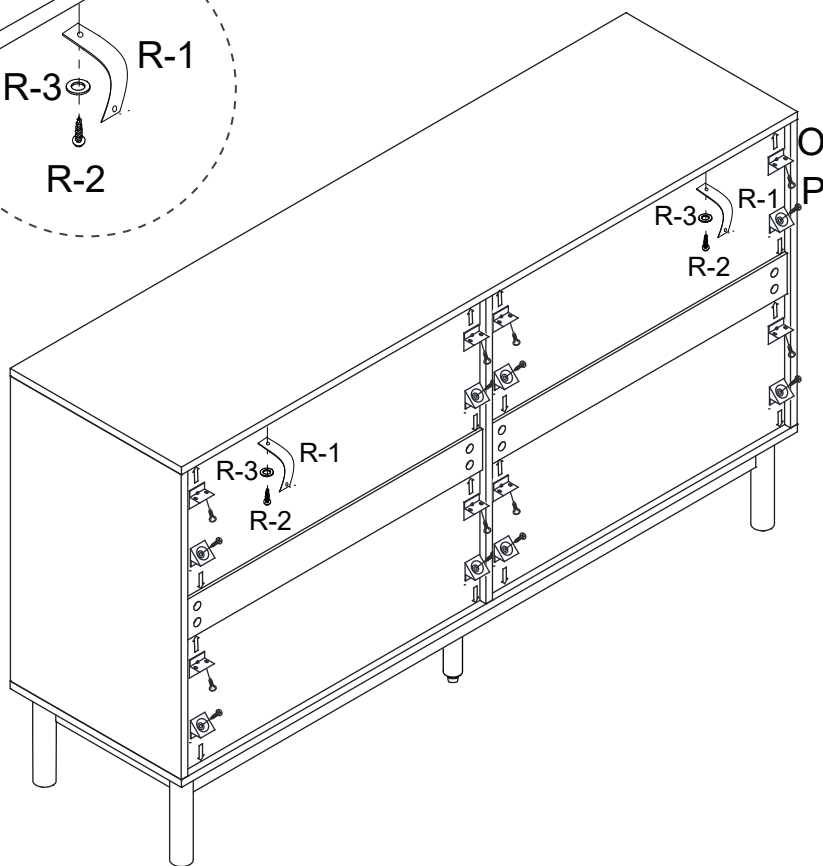

STEP 23

Please tighten the screws after completing all installation.

Por favor, apriete los tornillos después de instalar todo.

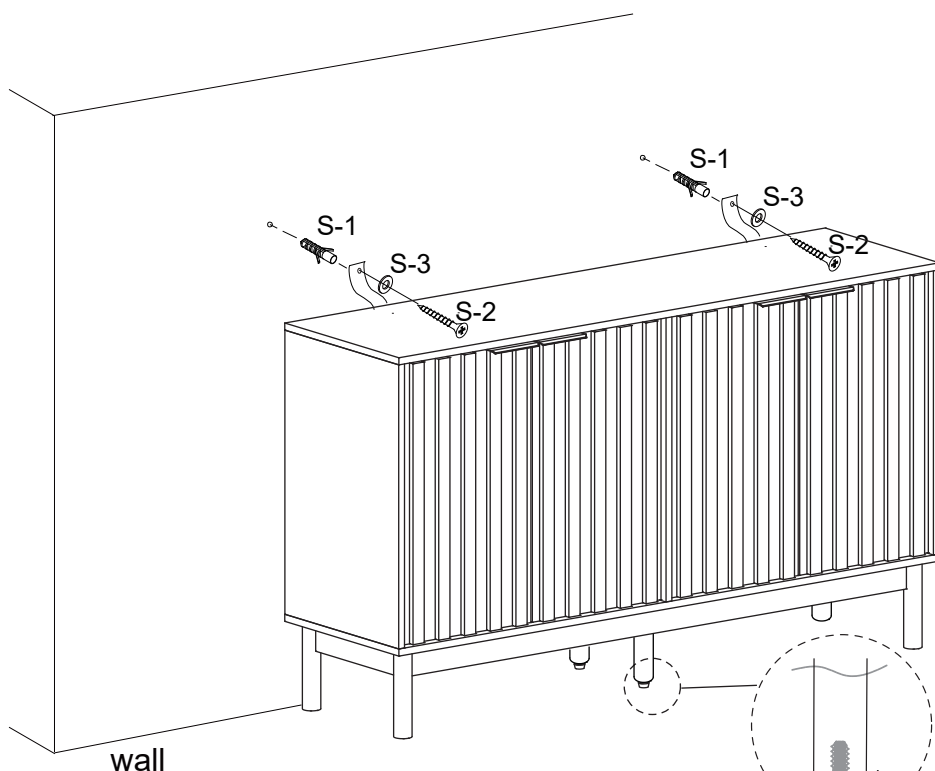

R-1
R-3
R-2

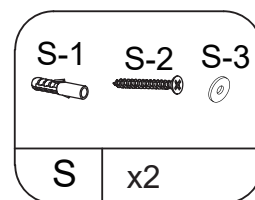

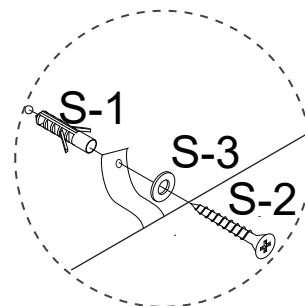

STEP 24

Please tighten the screws after completing all installation.

Por favor, apriete los tornillos después de instalar todo.

MAINTENANCE AND CARE

Prevent Moisture Damage:

Safeguard your laminate furniture by keeping it in a dry environment. Store the furniture away from damp areas and water sources.

Sunlight Shielding:

Shield your laminate furniture from direct sunlight to prevent color fading and surface deterioration. Consider using curtains or blinds for protection, especially if direct sunlight exposure is unavoidable.

Regular Care:

Maintain your laminate furniture's appearance by gently wiping surfaces with a damp cloth. Avoid using overly wet cloths or abrasive cleaning tools.

Avoid Scratches:

Protect the furniture surface from scratches by refraining from placing sharp or hard objects on it. When moving the furniture, be cautious not to scrape the legs against the floor.

Proper Weight Distribution:

Prevent structural damage by placing heavy objects on stable support surfaces rather than directly on the laminate furniture's surface. This simple step can prolong the life of your furniture.

Evite daños por humedad:

Proteja sus muebles laminados manteniéndolos en un ambiente seco. Guarde los muebles lejos de zonas húmedas y fuentes de agua.

Protéjalos de la luz solar:

Proteja sus muebles laminados de la luz solar directa para evitar la pérdida de color y el deterioro de la superficie. Considere el uso de cortinas o persianas como protección, especialmente si la exposición directa a la luz solar es inevitable.

Cuidado regular:

Mantenga el aspecto de sus muebles laminados limpiando suavemente las superficies con un paño húmedo. Evite utilizar paños demasiado húmedos o herramientas de limpieza abrasivas.

Evite los arañazos:

Proteja la superficie del mueble de arañazos evitando colocar objetos afilados o duros sobre ella. Al mover el mueble, tenga cuidado de no raspar las patas contra el suelo.

Distribución adecuada del peso:

Evite daños estructurales colocando objetos pesados sobre superficies de apoyo estables en lugar de directamente sobre la superficie del mueble laminado. Este sencillo paso puede prolongar la vida de sus muebles.

WARRANTY INFORMATION

Warranty Coverage: Our warranty provides protection against manufacturing defects in materials and workmanship for a specified period from the date of purchase, as outlined in the accompanying warranty documentation.

Exclusions: The warranty does not cover damages resulting from misuse, negligence, accidents, normal wear and tear, unauthorized repairs or modifications, improper assembly, or failure to adhere to the care and maintenance guidelines provided.
