Adult assembly required due to the presence of small parts and sharp edges.

Questions? Please call:
1-800-346-6313

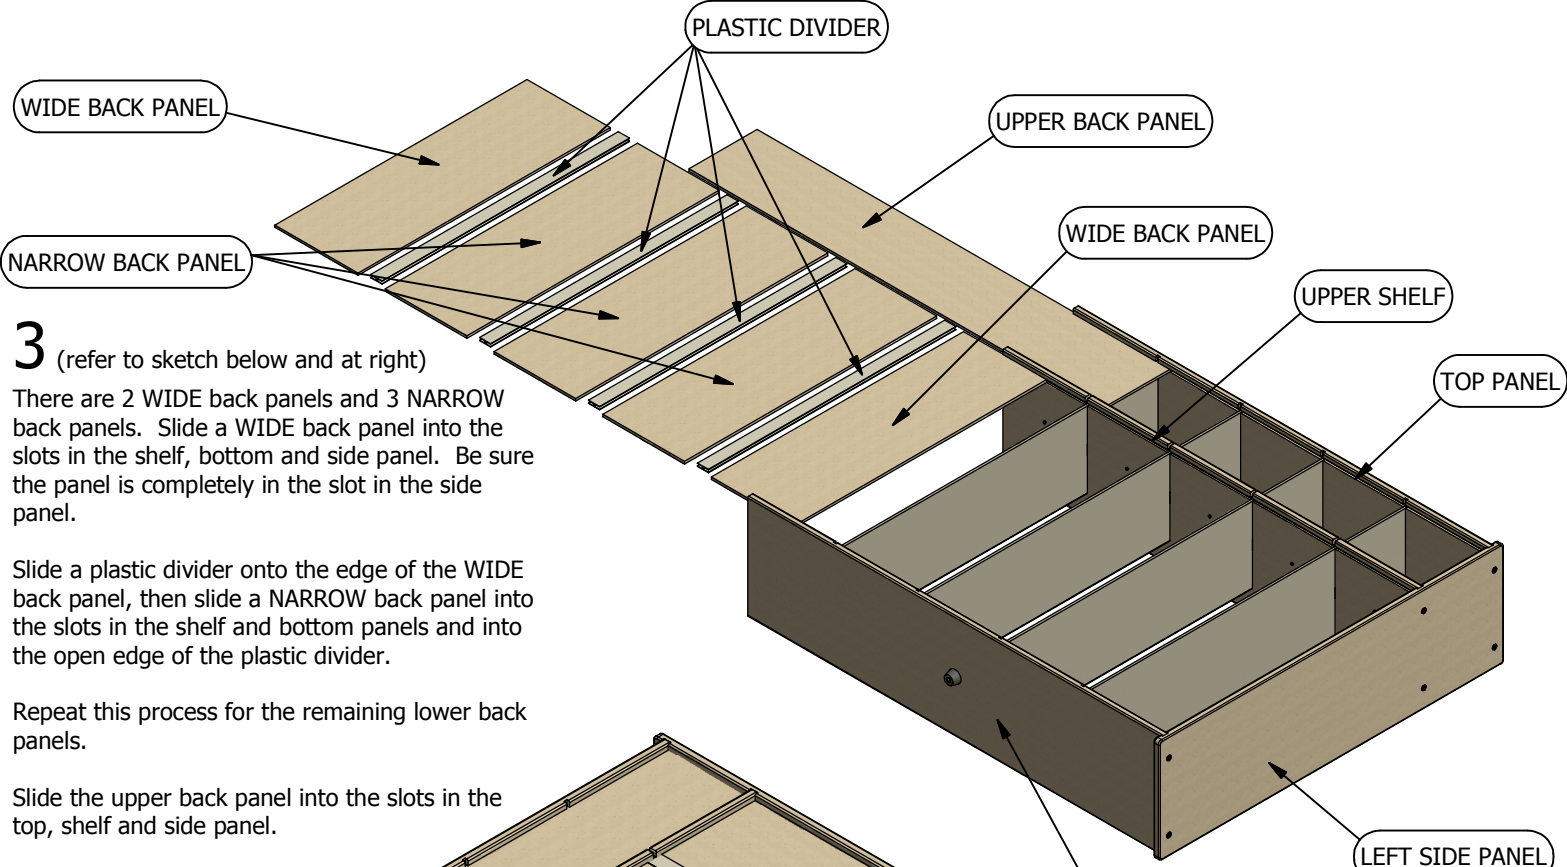

1
Attach left side to the top, upper shelf and bottom panels. Be sure the slots for the back panel are facing UP.

Attach the rubber bumper to the bottom panel using the 1" long screws.

2

Slide the slots in the dividers into the slots in the shelf. Be sure the dividers are in the slots in the top and bottom panels.

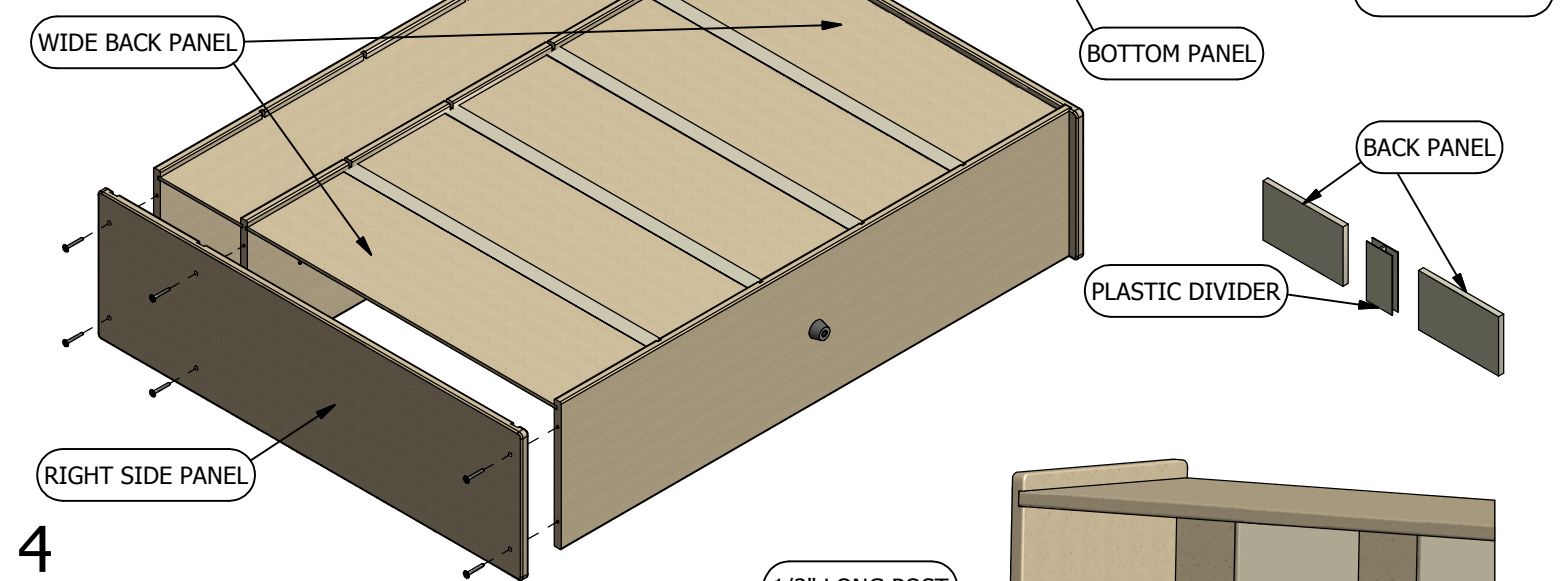

3 (refer to sketch below and at right)
 There are 2 WIDE back panels and 3 NARROW back panels. Slide a WIDE back panel into the slots in the shelf, bottom and side panel. Be sure the panel is completely in the slot in the side panel.

Slide a plastic divider onto the edge of the WIDE back panel, then slide a NARROW back panel into the slots in the shelf and bottom panels and into the open edge of the plastic divider.

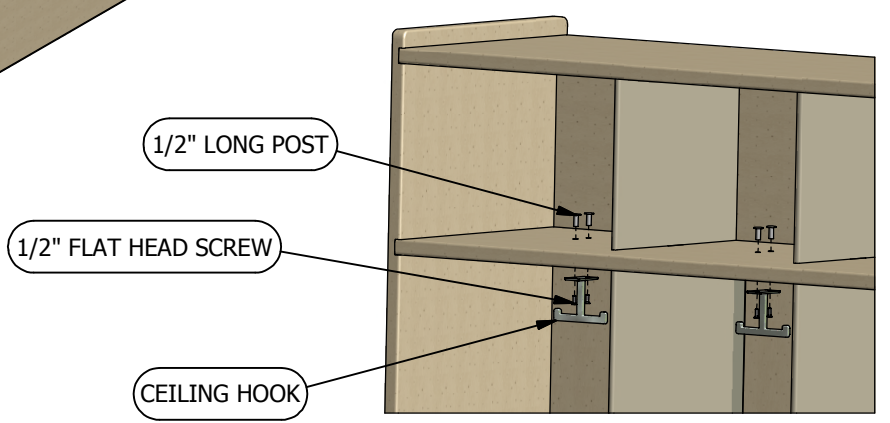

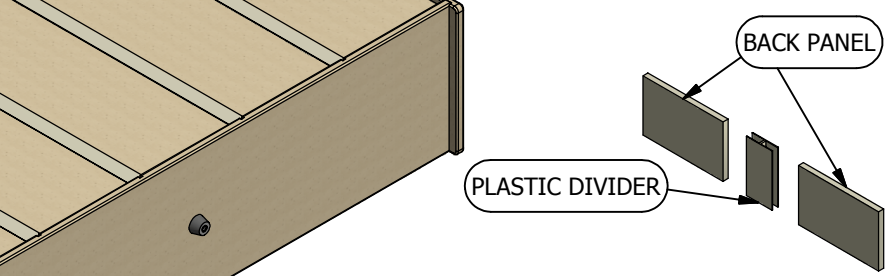

Repeat this process for the remaining lower back panels.

Slide the upper back panel into the slots in the top, shelf and side panel.

4
 Attach the remaining side to the top, shelf and bottom panels. Be sure the shelves and back panels are in the slots in the side panels.

5 (refer to sketch at right)
 Attach the ceiling hooks to the shelf using the 5/8" long posts and flat head screws. Insert the posts through the top holes in the shelf, hold the hook in place over the holes at the bottom of the shelf and secure with the flat head screws.

6
 Furniture tipping restraint hardware is included in with the hardware package for this unit. Follow the installation instructions printed on the restraint hardware bag.

CHECK ALL BOLTS AND SCREWS PERIODICALLY TO MAKE SURE THEY ARE TIGHT!

WARNING !!
Serious or fatal crushing injuries can occur from furniture tip-over. To help prevent tip-over:
 Place heaviest items on bottom of cabinet.
 Never allow children to climb or hang on doors or shelves.
 Use of tip-over restraints may only reduce, but not eliminate, the risk of tip-over.
