

## ASSEMBLY INSTRUCTIONS

1. Pass the wires through the connecting rod (B) and screw the rod (B) into the threaded tube on the lamp body (A).
2. Install the mounting plate (C) on the outlet box with the screws (D).
3. Loosen the hex nuts around the bolts (E) and screw in or unscrew the bolts from the junction box to get the right length for installation.
4. Connect the fixture wire to the circuit wire with the wire nuts (F), black wire with live wire, white wire with neutral wire, ground wire with ground wire.
5. Fix the lamp body (G) to the mounting plate (C) with the ball nuts (H).
6. Slide the latch bolt (J) to the other side, open the hinged access door on the lampshade, and install the bulb.

*Please consult a qualified Electrician if you are not familiar with electrical wiring.*
