

Stainless Steel Commercial Sink Installation Instruction

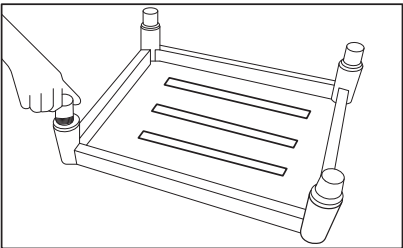

Package List:

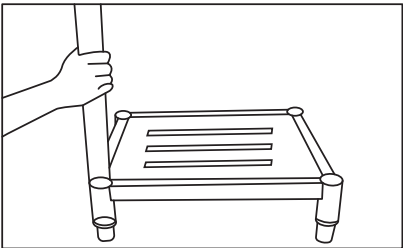

- A. Sink*1
- B. Bottom Storage Shelf*1
- C. Supporting Leg*4
- D. Adjustable Feet*4

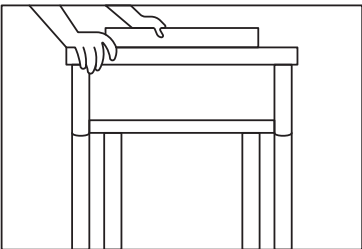

Step 1: Screw the four adjustable feet (D) onto the bottom storage shelf (B).

Step 2: Insert four supporting legs (C) into the bottom storage shelf (B).

Step 3: Put the sink (A) onto the supporting legs (C).

Note: You can adjust the feet as needed to make the sink balanced by twisting clockwise or counterclockwise depending on the adjustment needed.
