

Installation Guide

Please go to our website for product cleaning tips. Go to the **Care + Maintenance** selection.

Tools Required: Flathead screwdriver, Phillips screwdriver, pliers, wire cutters, wire strippers, electrical tape, safety glasses.

Light Source: (2) A19 Medium Base Vintage Bulbs 75W Maximum, bulbs included.

Estimated Assembly Time: 20-30 minutes

Preparation: Identify and inspect all parts before beginning installation. Check package content list and diagrams below to ensure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact your original place of purchase.

⚠ Warnings and Cautions

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal.

Package Contents

(Step 2 Continued)

the ceiling when held in place by the mounting ball.
C. Remove the mounting ball and the Fixture Body (B). Tighten the lock washer and the hex nut against the crossbar to secure in place.

Figure 2

STEP 1 – Install the Crossbar Assembly to the junction box

A. Attach the Crossbar Assembly (A) to the outlet box with the head of green ground screw facing you. Secure it with Outlet Box Screws (not included), tighten until snug.

Figure 1

STEP 2 – Test fitting the Fixture Body to the Crossbar Assembly

- Adjust the hex nut and lock washer underside of the crossbar to the middle of the nipple.
- Remove the mounting ball from the nipple. Place the ceiling canopy and Fixture Body (B) over the nipple against the ceiling to determine the correct position of the nipple. Thread the mounting ball onto the nipple. Adjust the nipple to allow the ceiling canopy to rest against

STEP 3 - Wire Connections

- Wrap bare or green ground wire around green ground screw on the crossbar, no less than 2 inches from the end of the wire. Tighten the green ground screw.
- Use standard wire connectors (not included) to make all wire connections. Twist connectors until wires are tightly joined together. Wrap each connection with approved electrical tape and carefully stuff all the connected wires into the Outlet Box.

Figure 3

STEP 4 - Install the Fixture Body

- A. Place the ceiling canopy of the Fixture Body (B) onto the nipple and secure with previously removed mounting ball. Hand tighten until snug.

STEP 5 - Install Support Rods, Glass Shade and Ring

- A. Thread Support Rods (C) onto nipples on the bottom of the Fixture Body (B). Hand tighten until snug.
B. Remove lock balls from bottom ends of Support Rods (C).
C. Place the Glass Shade (D) over Support Rods (C) and place the Ring (E) onto the Support Rods (C). Secure them to the Fixture Body (B) by threading previously lock balls onto Support Rods (C). Hand tighten until snug.

Figure 5

STEP 6 - Install Bulbs

- A. Insert vintage bulbs (F) onto sockets and screw snugly into place.

Your fixture is now assembled and ready to use. Enjoy!
