

1

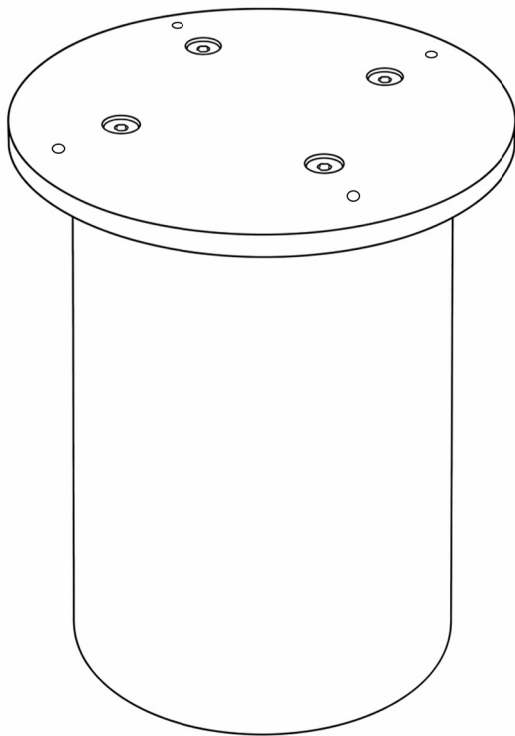

**Upon receiving, please first inspect all packages.
There are two packages in total, which include the
tabletop, base(including the connecting plate)**

2

After verifying the number of packages and ensuring the product packaging is undamaged, you may proceed to open the packages. Cut off the PP belt with scissors and open the packaging box directly. Please check the sample picture.

Hex screwdriver		Screw washers		Screws	

Installation components

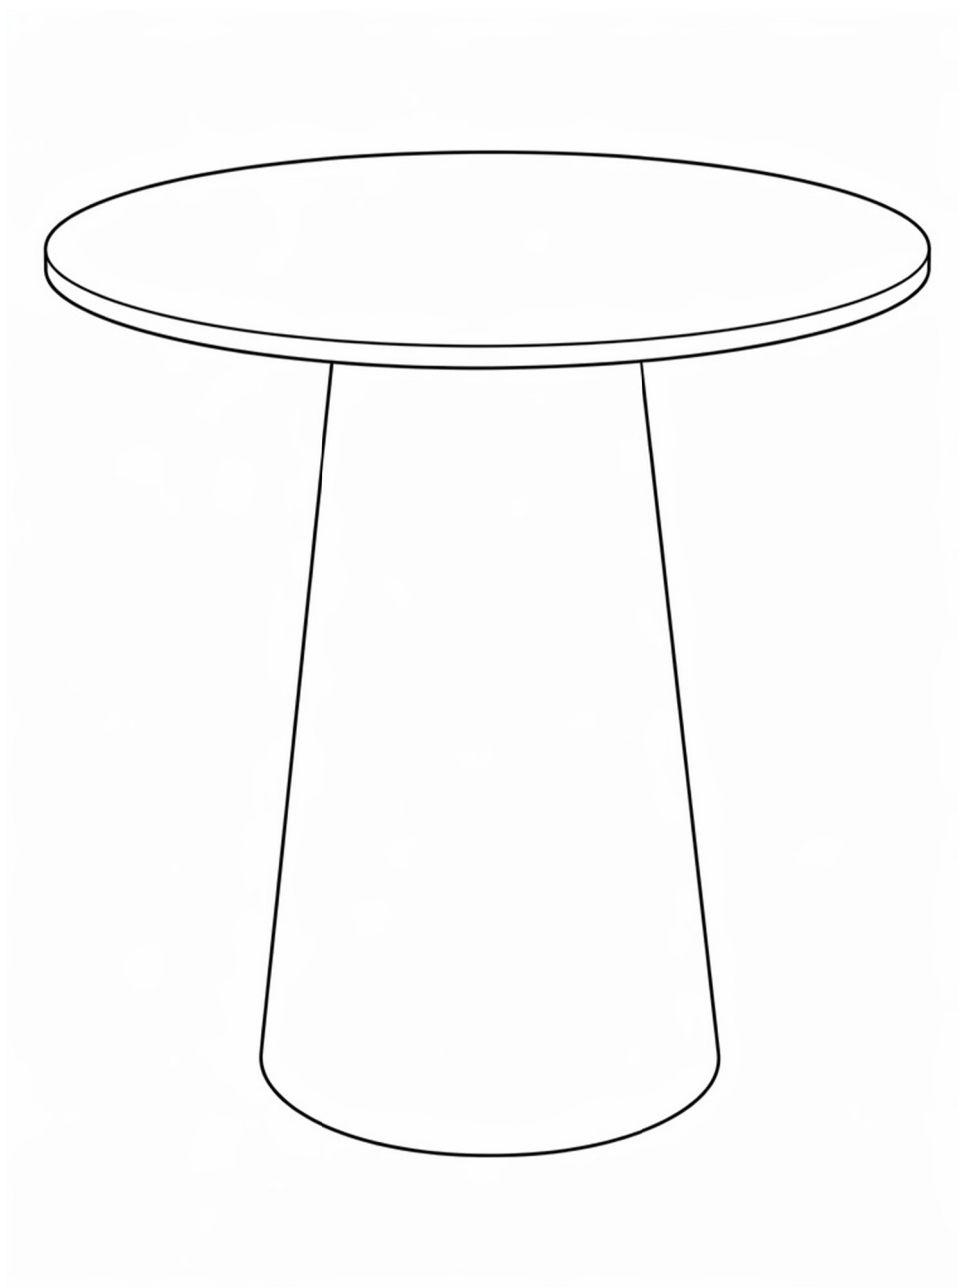

Connecting the base and the tabletop

- (1) 2 people lift the tabletop and place it on the installed base.
- (2) Match the hole positions of the tabletop and the connecting plate.
- (3) Squat down and tighten the screws corresponding to the holes on the tabletop.

Tips: If the bottom of the table is too dark, it is recommended to use a flashlight to illuminate the holes to help complete the assembly.

Installation complete

**Double-check that every screw is properly tightened.
Gently shake the table to ensure stability-no wobbling or
unusual noise.
Assembly complete!**
