Use a clean, flat, soft surface to avoid any bumps or scratches. Place your table top face-down.

Attach each of the 4x legs [2] to the table top. Position the leg against the table top frame and align the pre-drilled holes. Secure with 2x washers [g26] + bolts [j56] on each leg (8 in total). Tighten with Allen key [z1].

## STEP 2

Carefully, and with help, flip your table over so it rests on its legs. Check stability. Your table is now ready to use.
