In a day in age where most, if not all of stained glass lighting products (including tiffany itself) are produced in China using low quality glass and raw materials, with cut the corner manufacturing techniques.

We stand for quality! And made in the USA!  
Only the finest materials are used in the manufacturing of our beautifully handcrafted stained glass lamps.

Every Piece of stained glass is individually cut by hand and individually placed by hand, then soldered into its proper positions with great Care and precision by highly trained artists. Hand made in the USA. We use only the finest high quality made in the USA handpicked Glass and raw materials in the manufacturing our stained glass lighting. Every lamp we manufacture is an individually handmade high quality work of fine Art.

Made to last and stand the test of time.
