Shade Fixing Circle		Shade Cover		Shade Bracket		Bulb	

Installation Instructions

1. Install the Lamp Body

Install in the following order: lamp rack → lamp pole ① → lamp pole ② → lamp pole ③ → base, then tighten.

2. Install the Bulb and Harp

Step 1: Install the Bulb (E26, Max 9W, included)

Step 2: Lift the harp saddle, insert the harp (B) into the lamp body (C), then secure it with the harp saddle.

NOTE:

1. This lamp has an E26 base and is recommended for use with LED bulbs of 7W to 9W.
2. For bulbs with color temperature control, repeatedly switch "on" and "off " using the knob switch to change settings.
3. The knob switch is located at the socket of the lamp.

3. Install the Shade

Step 1: Follow the steps ① - ④ in the illustration to install the shade (A).

Step 2: Remove the nut from the harp (B).

Step 3: Attach the lamp shade (A) to the harp (B). Secure it with the nut.

Trouble Shooting

1. Missing / Broken Parts

- Make a list of the missing / broken parts according to the packing list, take photos for broken parts, then email us for free replacements.

2. Bulbs Do Not Light Up / Flicker

- Check if the bulb is loose, burned out, or missing.
- Replace the bulb with the correct type and wattage.
- Ensure the light switch is in the ON position.

3. Could Not Install / Assemble

- Take photos of the fixture, contact seller for technical support.

Clean And Care

To clean, wipe the fixture with a soft cloth. Spraying from chemical cleaners can discolor the finish of the fixture.

Do not use scouring pads, powders, steel wool, or abrasive paper to clean this fixture.

Ordering Parts

Keep this manual for future reference, and in case replacement parts are needed. Available parts can be ordered from the place of purchase. Use exact wording from diagrams when ordering parts.
