

CAT TREE USER MANUAL

Pre-installation Preparations

- Ensure that the installation surface is flat and stable, with horizontal and vertical spaces of appropriate size.
- Assemble vertically, starting on the base.
- Loose components will result in damage to the cat tree. Ensure all screws are secure and tighten them again after two days. Check that screws are secure once a month to ensure product's stability.

INSTALLATION GUIDE

CAT BED INSTALLATION

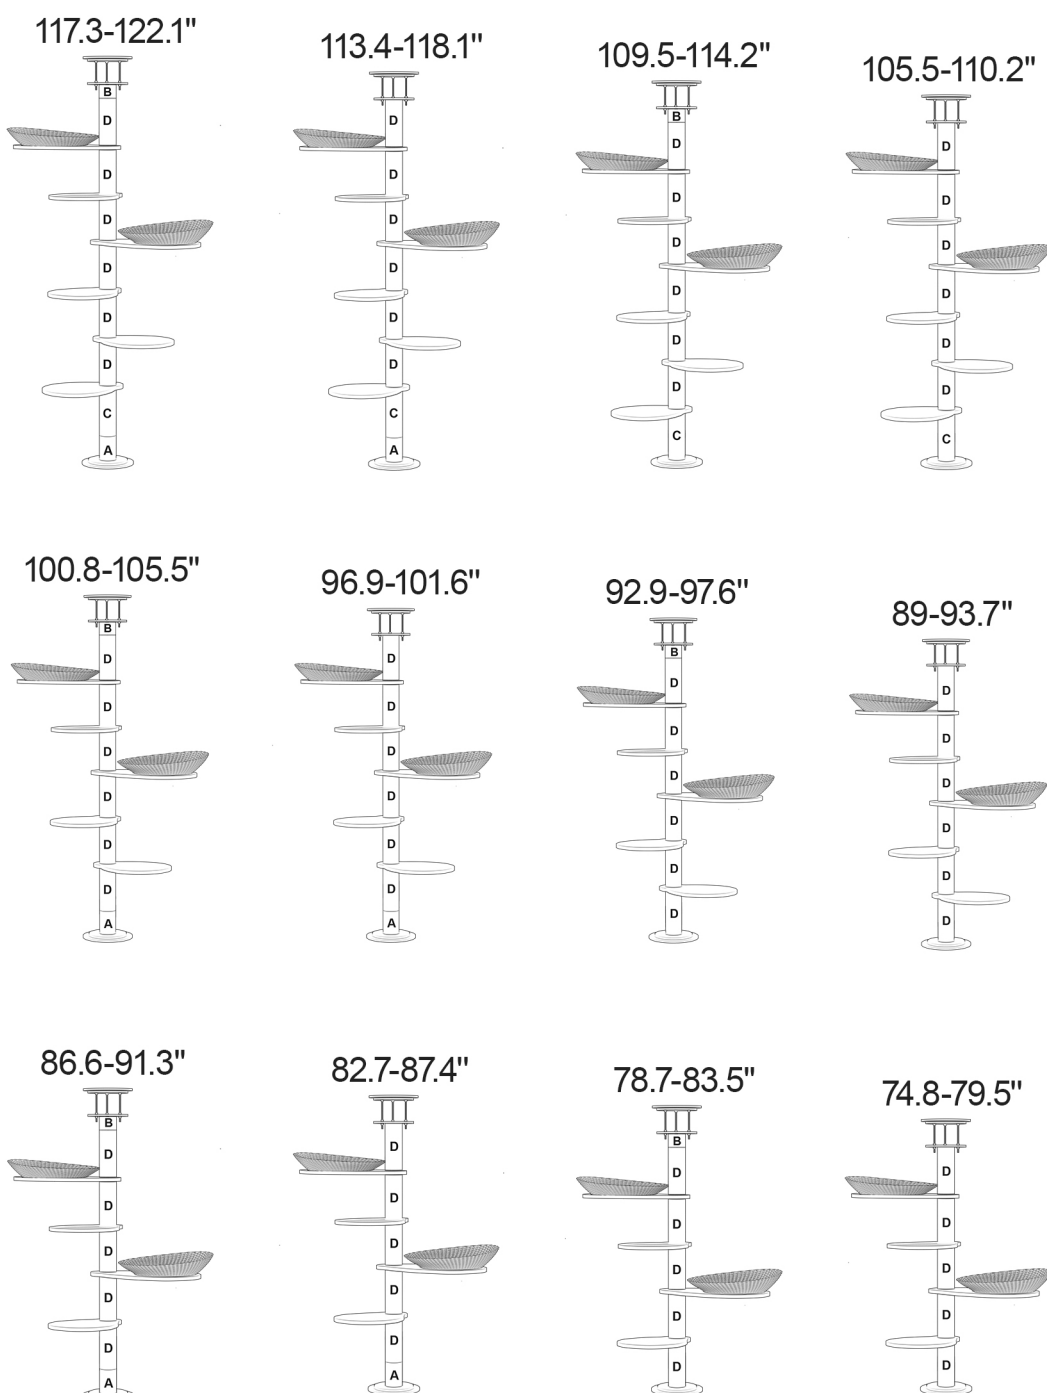

TOP FIXED INSTALLATION

Cut the mat to the appropriate shape with scissors or a knife.

* the non-slip mat is more friendly for senior cats, but not installing the mat does not affect usability

12 Different Combinations For Different Height

WARNING

Read and follow all warnings and instructions in this manual to avoid personal injury to pet or property damage.

- This item is not suitable for children. Keep children away to avoid accidents.
- To avoid damage, do NOT assemble horizontally on the floor and lift to an upright position. Assemble product vertically as shown in instructions.
- Inspect product regularly and re-tighten screws as necessary.
- Always supervise your pet when using this item.
- Inspect product for damage and discard if any part becomes worn, loose or detached.
- As with most furniture, do not place in direct sunlight and/or damp area - may cause corrosion and potential rust on metal surfaces.
- It is normal for sisal posts to discolor over time. Not recommended for outdoor use.
- Spot clean only with gentle liquid detergent mixed with water.
- Keep all tools and instructions in a safe place for future reference.
