

Specification:

Material: Stainless Steel, Aluminum Alloy, Iron Plated Copper, Glass, Copper;
Color: Red Copper/Bronze/Gold Color;
Surface Treatment: Electroplating Process;
Assembly Required: Yes;
Is Dishwasher Safe: Yes;
Number of Items: 1;
Capacity: About 1-1.5L/0.26-0.4 gal;
Applicable Number of People: 3-4;
Fuel: Solid Alcohol, Environmentally Friendly Oil(Not Included);
Gross Weight: 3kg/6.61lb;
Net Weight: 2.8kg/6.17lb.
Bracket Size (D*H): 25*13cm/9.84*5.11in
Outer Diameter of the Pot: 28cm/11.02in
Inner Diameter of the Pot: 24cm/9.44in
Pot Height: 6cm/2.36in
Package Size: 28*14*28cm/11.02*5.51*11.02in

Package Included

1*Chafing Dish
All Accessories for Installation

Application

It can be used in hotels, buffets, restaurants, family gatherings, dormitories, banquets, weddings, outdoor and other occasions, and can be used for various cooking needs such as steaming, boiling, and frying, providing a variety of dishes.

Notes

1. Please note that food and fuel are not included.
2. The holding time of this product depends on the capacity of solid alcohol and eco-friendly oil(not included).
3. Please do not use cleaning agents that will corrode stainless steel to clean this product.
4. Before using the product, please ignite it with an igniter (not included). When extinguishing a fire, please cover it with a lid and do not blow with your mouth.
5. Please note that many metals become colorful after thermal oxidation. The discoloration of stainless steel after heating does not affect its use and is a normal oxidation reaction. Moreover, the temperature below the pot bottom is higher than that in other places, making it easier to discolor. This is a normal phenomenon. If you use it for a long time, you can try using hot water to add a little white vinegar and dissolve it, without affecting normal use.
6. Please allow the slight color difference caused by the shooting light and the 1-3 cm error due to manual measurement, and make sure you do not mind before ordering.
