

Obon Table

SIMONE BONANNI

Obon is a collection of three tables inspired by an ancient, earthy, irregular material: terra-cotta. With its origins lost in the mists of time, terracotta is at the base of millenary archaeological finds all over the world. These precious discoveries are evidence of our timeless creativity and desire to leave a sign, admire and ritualize.

Detailing

The Obon Table is handmade and therefore each piece is unique. It is made of ceramic with a glazed top.
