

INSTALL CHECKLIST

(KITCHEN SINK)

Before installing a kitchen sink, it's essential to take the following preparatory steps:

1. CHOOSE THE RIGHT SINK

Select a sink that fits the size, style, and functionality requirements of your kitchen. Consider factors such as material, size, configuration, and installation type (top mount, undermount, apron-front).

2. MEASURE CAREFULLY

Measure the existing sink or the cabinet opening where the new sink will be installed to ensure the selected sink will fit properly.

3. GATHER NECESSARY TOOLS AND MATERIALS

Make sure you have all the tools and materials you'll need for the installation, such as a wrench, plumber's putty, silicone sealant, tape measure, and safety equipment.

4. PREPARE THE WORK AREA

Clear out the cabinet under the sink and create a clean workspace. Remove any items that may obstruct the installation process.

5. SHUT OFF WATER SUPPLY

Turn off the water supply to the sink by closing the valves under the sink or at the main water supply. Drain any remaining water from the pipes.

6.DISCONNECT PLUMBING

Disconnect the plumbing connections under the existing sink, including the drain pipes, P-trap, and water supply lines. Have a bucket or towels handy to catch any water that may leak out.

7.REMOVE OLD SINK

Carefully remove the old sink from the countertop or cabinet. Clean the area to prepare it for the installation of the new sink.

8.CHECK FOR DAMAGE OR REPAIRS

Inspect the countertop and cabinet for any damage or repairs needed before installing the new sink. Make any necessary repairs or modifications as required.

9.REVIEW INSTALLATION INSTRUCTIONS

Familiarize yourself with the installation instructions provided by the sink manufacturer. Follow the specific steps outlined in the instructions for a successful installation.

- By completing these preparatory steps, you can ensure a smooth and successful installation of your kitchen sink. Taking the time to prepare adequately will help to avoid potential issues and ensure a professional-looking result.
