**CARELESSNESS
CAUSES FIRE**

Q&A

Q: Where can I get installation instructions or videos?

A: There are installation videos in our product page for your reference to assist you in completing the installation smoothly. You can also contact us if you need electronic instruction document or further assistance.

Q: Can I complete the installation independently?

A: If you need to install the chair independently, we recommend that you to put the seat cushion on a higher table or chair to assist your installation. please refer to our installation video

Q: How can I adjust the tightness of the armrest?

A: There is built-in screw in the armrest connection. If needed, you can control the tightness of the armrest by adjusting the screw before installation .

Q: If the screws are not aligned with the holes during installation, how can I adjust them?

A: You can put the screws into the corresponding holes first, tighten them halfway. And then fully tighten all the screws after all the screws are set.

Q: What should I do if the package lacks of some components?

A: Please feel free to contact us for promptly help if the package lacks of some components.

Q: What should I do if my package were damaged?

A: Long-distance transit may cause damage to the item under special circumstances, please feel free to contact us for promptly help.

Q: How to adjust the lumbar support?

A: The height of the lumbar support can be adjusted by pushing the plastic slider up and down. (Please keep your back away from the backrest for smooth adjusting of the slider.)

Q: How to adjust if the chair is tilted forward?

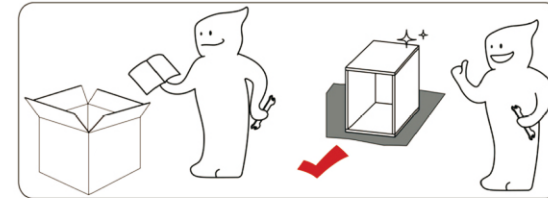

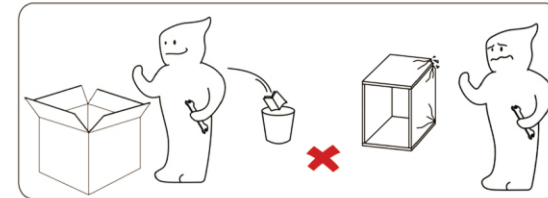

A: It may be due to the wrong orientation of the tray and the seat cushion, please keep the tray and the seat cushion in the same direction as indicated.

Thanks for your support!

If you need further assistance, please feel free to contact our customer service team for prompt help, we will do our best to help you.
