STEP 3: After the support legs are securely fastened, place a side rail, face down, on a clean surface, then carefully place a drawer unit, face down, in the opening of the side rail, aligning the attachment holes. Using the small bolts and allen wrench, attach the drawer unit to the side rail.
(See below diagram)

STEP 4: After side rail have been attached to the drawer units, place the drawer unit upright (standing on the support legs), attach the footboard to the side rails using the hook attachments (please note: the attachment bolts on either end of the footboard and backboard can be loosened and tightened with the allen wrench FIG.1). Loosen the attachment bolts enough to fit the hooks in (FIG.1) aligning the side rails to the footboard once all hooks are in place, tighten the attachment bolts,securing the four corners of the bed.(See below diagram)
