Notes

1. Please check the size carefully before ordering.
2. Please make sure the power is cut off before installation. To ensure your safety, we recommend that two people install this light together. Please install it by someone with an electrical license if necessary.
3. For a safe and secure installation, please ensure that the electrical box is firmly mounted and properly attached to a structural part of the building. Please make sure that all wires are connected and all screws are firmly tightened. When unpacking, be careful not to pull with the wires as a bad connection may result. Please do not turn on the power until fully assembled.
4. Please do not install it next to the air conditioner or heater, which will affect the service life of the product. Please wear electric insulation gloves (not included) and avoid scratching the surface of the product and the electric wire when installing. Please conduct a power test before installation.
5. Please use this item within the applicable voltage range and clean it regularly. Please wipe with a soft cloth, it is not suitable to clean with cleaning agents.
6. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before you order.
