

This light fitting is solely designed for use with an Omnicore rechargeable light source (sold separately).

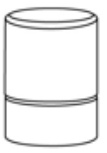

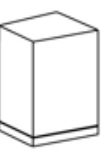

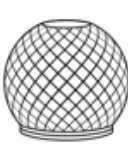

Installation:

- Remove the mounting plate from the wall mount. Mark and drill holes in the wall to match the fixing holes on the mounting plate. Use a drill bit suitable for the wall plugs supplied (1).
- Insert the wall plugs into the drilled holes.
- Position the mounting plate against the wall and use a screwdriver to secure it with screws. Ensure the plate is firmly fixed in place (2).
- Align the wall mount with the mounting plate and secure it using the screws on both sides (3).
- Align the bottom center of the fabric lampshade with the center of the lamp holder, then rotate the lampshade clockwise to secure it in place (4).
- Place the rechargeable light bulb into the bottom of the fabric lampshade (5).

* For a drill-free hanging option, use Command™ Hanging Strips (sold separately), following the manufacturer's guidance for surface suitability and weight limits.
