

# Variable Control Nonstick Compact Steam Iron

Model: F210

Simple and convenient ironing. The BLACK+DECKER™ Steam Iron makes it easy to blast away tough wrinkles and keep your clothes looking fresh. SmartTemp® Technology ensures you're ironing at the right temperature with a simple indicator light that shuts off once the exact temperature setting has been reached. The variable steam selector lets you choose the amount of steam you need for any fabric type. Plus, the compact size makes this a great iron to have on hand for quick touchups, and it's easy to put away once you're done.
