

ASSEMBLY INSTRUCTION MODEL NO:Table

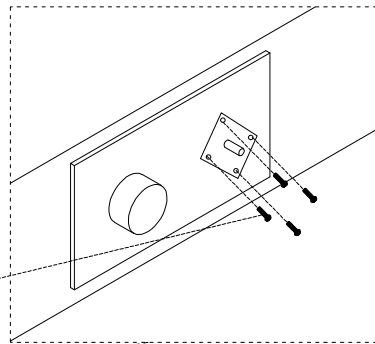

FITTINGS

STEP 1

STEP 2

Installation tightening

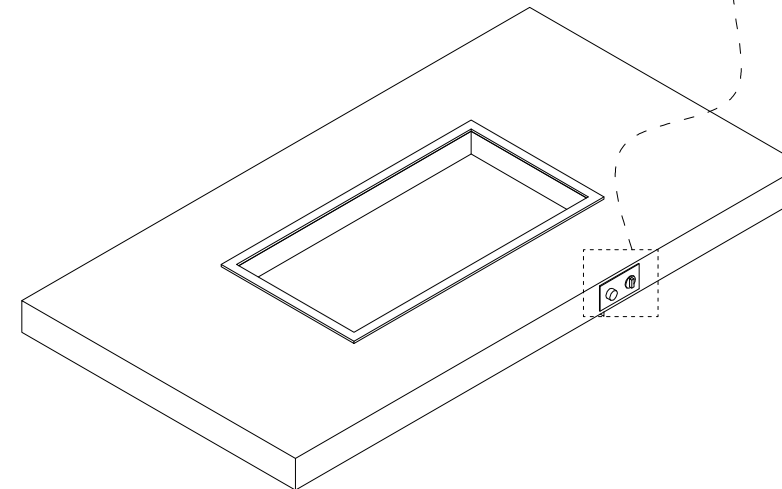

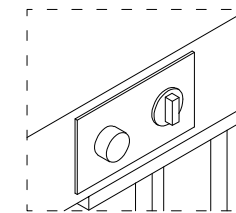

Open the battery compartment, install the panel and insert battery 7 (battery not included).

Take the screws from Step 1 and fasten them to the switch panel.

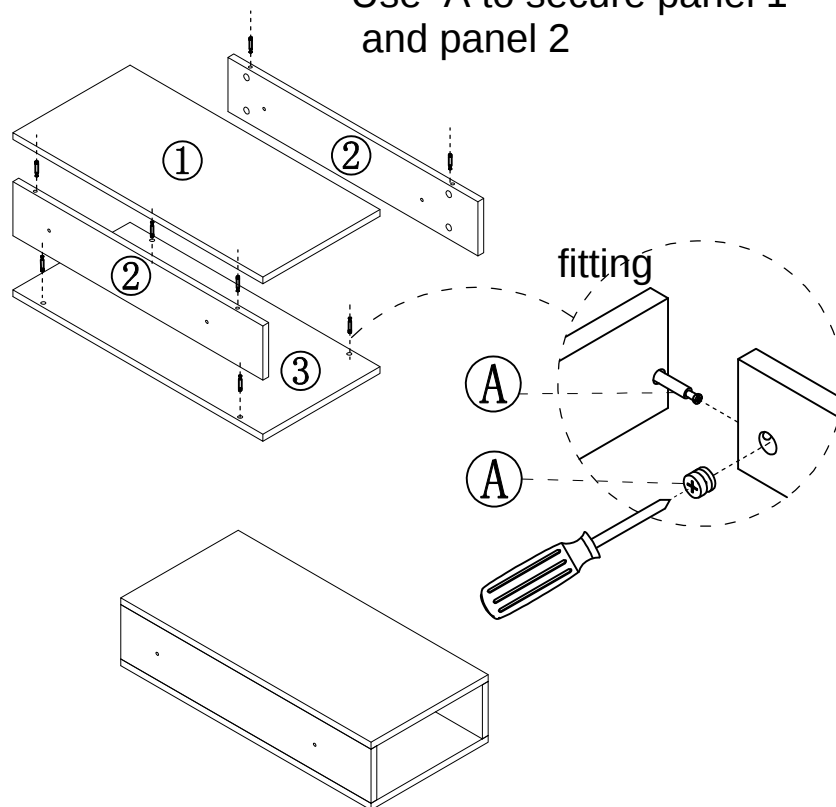

STEP 3

Install the switch button

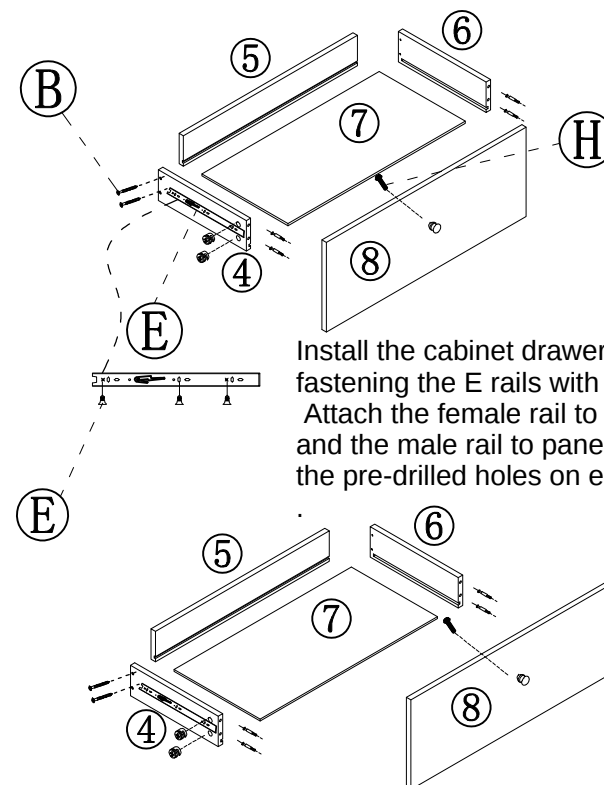

STEP 4

Use A to secure panel 1
and panel 2

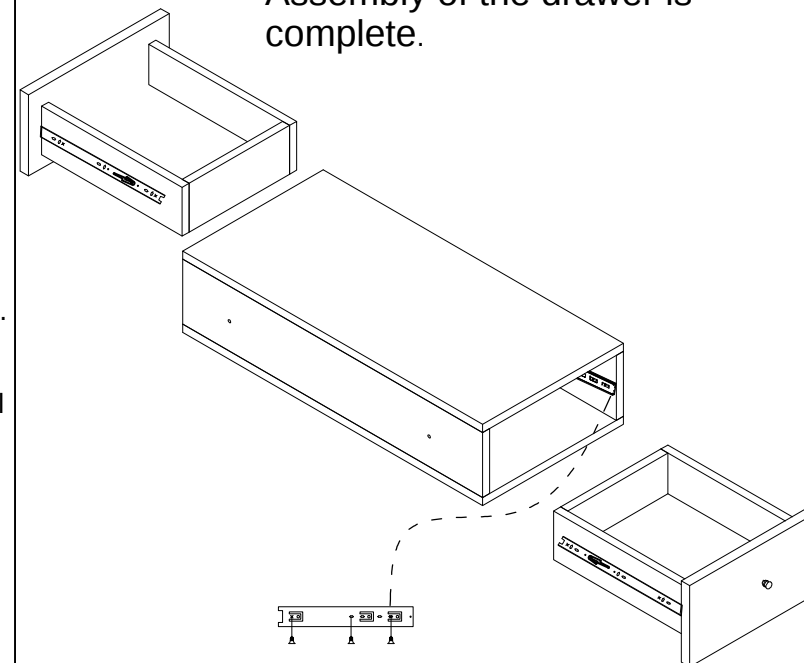

STEP 5

Install the cabinet drawers by fastening the E rails with B screws. Attach the female rail to panel 2 and the male rail to panel 4, using the pre-drilled holes on each panel.

STEP 6

Assembly of the drawer is complete.
