EN:
Noted: Before the product is assembled, please do not tighten all the bolts so that the alignment between the components can be adjusted at any time during the installation process.
DE:
Hinweis: Ziehen Sie vor der Montage des Produkts nicht alle Schrauben fest. Dadurch können die Teile während der Installation jederzeit ausgerichtet werden.
FR:
Remarque : Avant d'assembler le produit, ne serrez pas tous les boulons. Vous pourrez ainsi ajuster l'alignement des composants à tout moment pendant l'installation.
IT:
Nota: Prima di assemblare il prodotto, non serrare tutti i bulloni. In questo modo potrete regolare l'allineamento dei componenti in qualsiasi momento durante l'installazione.
ES:
Nota: Antes de montar el producto, no apriete todos los pernos. Así podrá ajustar la alineación de los componentes en cualquier momento durante la instalación.
