

LEED Green Building Submittal Sheet- Assorted Drains

	Description of Section's Relevance	Plastic Drain Bases	Metal Drain Bases	Strainers
Product Offerings	Various products offered by Oatey SCS® that apply to information as follows.	- Oatey ABS Drain Bases - Oatey PVC Drains Bases	- Oatey Brass Drain Bases - Oatey Cast Iron Drain Bases	- Oatey Plastic Strainers - Oatey Stainless Steel Strainers
Low Emitting Materials- VOC Emission Limits	Strictest VOC regulatory limit in which governs the above products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.	There are no VOC regulations for these products.
Low Emitting Materials- Product VOC Content	Best estimate of the actual VOC content within product in g/L or % by weight. Products with low VOC content may assist in earning LEED credit and improving air quality.	These products have no VOC content.	These products have no VOC content.	These products have no VOC content.
Building Product Disclosure- Recycled Content of Materials	Recycled content used within product that may assist in earning LEED points.	There is no recycled content used within these products.	There is no recycled content used within these products.	There is no recycled content used within these products.
PBT¹ Source Reduction-Lead, Cadmium, Copper	Lead, Cadmium, and Copper content for use in determining LEED credit for PBT reduction.	There is no lead, cadmium, or copper present in these products.	Brass set screw, locking ring, and body for brass drain bases contain less than 63% copper and 4% lead by weight. Similar cast iron components contain less than 13% copper by weight.	There is no lead, cadmium, or copper present in these products.

Red List Content	Any red list materials as defined by the Living Building Challenge (LBC).	PVC drains contain Polyvinyl Chloride, which has been red listed by the LBC.	Brass components of drains contain lead, which has been red listed by the LBC.	These products contain no materials present on the red list.
Conflict Mineral Content	Any materials within the product that may be from the DRC (Democratic Republic of Congo).	These products contain no conflict minerals.	These products contain no conflict minerals.	These products contain no conflict minerals.
Hazardous Substance Content (ROHS)	Any substances contained within the product reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.	Brass drain bases contain lead.	No substances present which are reportable per ROHS guidelines.
Location(s) Where Manufactured	Manufacturing location of the product pertains to its carbon footprint. If jobsite area is within 500 straight-line miles ² of this location, LEED credit may be earned.	Locations of manufacturing: • Nogales, Mexico • Taiwan • China	Locations of manufacturing: • Taiwan • Thailand	Locations of manufacturing: • China • Taiwan
Additional Information	Additional product information relative to LEED or environmental health and safety.	Above material only applies to drain base. Combine this with information from the matching strainer for whole drain.	Above material only applies to drain base. Combine this with information from the matching strainer for whole drain.	There is no additional information for these products.

¹PBT's are known as Persistent Bioaccumulative Toxins.

²For use in determining distance between jobsite and manufacturing location in straight-line miles, use tool provided by this link <http://www.daftlogic.com/projects-google-maps-distance-calculator.htm>.
