Frequently Asked Questions

What are the most common reasons table orders are placed on-hold?

- Many table orders are not processed because they are missing either one or more of the following: table top color, edge banding, leg color and leg glide style.
- A common example is: ELR-14201-GYBK-Black legs. Although it mentions black legs, we still need to know the glide style. A valid example, with all necessary information is: ELR-14201-GYBK BKSS (for standard swivel glide).

What is the difference between ball glides and swivel glides?

- Swivel glides are ideal for hard floors, may not be suited for all carpet types. Glides self-level to create an even workspace.
- Ball glides are ideal for carpeted floors, may not be suited for all hard floor surfaces.

What is a broken carton fee and when does it apply?

- If a purchase order lists an invalid quantity for ECR4Kids School Stack chairs or Contour chairs our order entry department will reach out and ask the referenced quantity be updated, or the broken carton fee be approved.
- The broken carton fee is \$20.00 per broken carton. Only applicable for ECR4Kids School Stack chairs and Contour chairs.

How do I know when my order is back-ordered?

- A back order occurs when an item, or items, are out-of-stock in the warehouse(s) and will be shipped on a future date.
- Orders that are in-stock and can ship within 21 days of the requested ship date: Dealers are not notified, instead, we ask that they use the Dealer Portal to gain visibility, available 24/7.
- Orders that are out-of-stock, and cannot be shipped within 21 days of the requested ship date: Dealers are notified via email, and are offered alternatives within the email. We ask dealers to reply to the notification email if they wish to make any changes or cancel.

Can I split-ship my order even though my account is set-up to ship complete?

- Upon submitting your dealer application, you were asked how you prefer to handle shipping. If you indicated “ship-ahead,” we will ship in-stock items within 2-5 business days and ship the out-of-stock item(s) once available.
- If you indicated “ship-complete”, we hold the entire order and ship it once all items are in-stock.
- Exceptions can be made, but we ask an email be sent to ecrcs@ecr4kids.com, specifically requesting the order be split-shipped. Note, incremental freight costs may apply when shipping LTL. Freight rates should not be impacted when orders ship via parcel carrier (UPS/FedEx).

What are the top reasons orders are placed on hold?

- Purchase orders without unique IDs, correct (and current) price, ship-to address, shipping method, item IDs (ECR4Kids item numbers), and correct unit of measures, will not be processed. Instead, they will be placed on-hold and our order entry department will reach out for assistance.

How long can manual orders be placed on-hold / open in ECR4Kids system?

- After receiving your order, it will be entered same day, provided they are received before 12 PM (Pacific Time), Orders received after 12 PM will be entered the next business day.
- Orders with any issues must be resolved within five business days. If not, they will be placed on-hold and potentially cancelled at the end of the fifth business day.

Is there a form I can sign so my orders are not placed-on-hold for pricing?

- Yes! We offer a Purchase Order Variance (POV) form which you can sign & return to ecrcs@ecr4kids.com or on your nightly DSR.
- Signing the form authorizes ECR4Kids to ignore any purchase price errors/omissions on our Purchase Orders and acknowledge and accept that ECR4Kids will invoice in accordance with the agreed upon purchase price provided in the 2017 Price List and/or as documented on any ECR4Kids Contract Pricing we may have been afforded.

How do I get tracking status for an order?

- Order status can be checked on the ECR4Kids dealer portal at: <http://www.ecr4kids.com/Login.aspx>.
- In addition to seeing the tracking status, you can view invoices and get freight quotes.

Can I make changes (or cancel) my order(s) over the phone?

- No, we do not make changes over the phone, but kindly ask all purchase order adjustments/cancellations be sent to ecrcs@ecr4kids.com.

Where can I obtain a 2017 catalog?

- All requests for catalogs should be sent to sales@ecr4kids.com.
- A PDF version is available on www.ecr4kids.com
