GZBtech GZB-ELYJ-S03 Fabric Lamp Set Assembly Instruction

Thanks for purchasing our lighting product for house&commercial project
Warm Notes: We advise keeping the original packaging one month just in case of any return requirement.

WARM CAUTION ⚠

(To reduce the risk of fire, electric shock, or injury to persons):

Please read the instruction carefully and save it as you may need it at later time.

1. Carefully lay all parts in a line on a flat surface. Be careful not to pull the center cord heavily as a bad connection may result.
2. Begin the assembly of the lamp according to the drawing.
3. Refer to the relamping label located near the lamp holder for recommended maximum wattage. Do not exceed recommended wattage.
4. Do not attempt to replace the bulb while the lamp is plugged into a wall receptacle, always switch off the power before installation and replacement.
5. Insert the polarized plug to wall outlet and use the switch to turn on or off the lamp.

CLEANING & MAINTENANCE ⚠

1. To clean, use soft cloth only, do not use chemical or abrasive cleaners.
2. Contact us through Amazon message if any questions.
