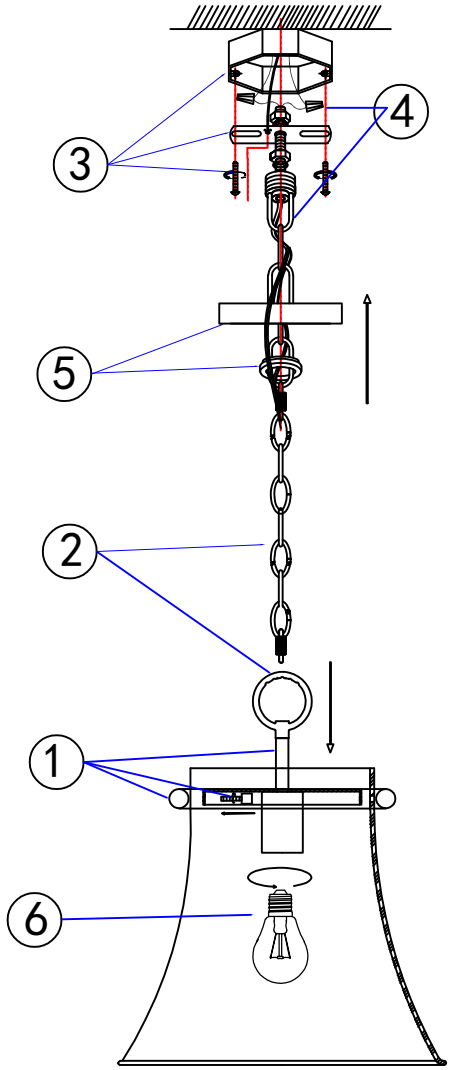
ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.



Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

Step-by-Step Installation:

1.Insert the glass into the round metal ring, then place the fixture body inside the glass. Align the mounting holes and secure the assembly by tightening the cylindrical nuts.
2.Adjust the chain to the desired length. Thread the main wires through the chain, screw collar loop, and the ceiling canopy. Connect the chain to the hanging ring on the fixture using the quick link.
3.Secure the straight mounting bar to the junction box using the machine screws.
4.Wiring Connections
·Use wire connectors to connect the fixture's positive wire, negative wire to the corresponding wires from the junction box. Connect the ground wires to the grounding terminal.
·Ensure no exposed conductors remain outside wire connectors or outside the junction box.
5.Cover the wiring compartment with the ceiling canopy and secure it by tightening the screw collar loop.
6.Install the light source (bulb not included). Restore power and test the fixture for proper operation.
Installation complete.

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.
1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock, be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
