

BEANBAGS

ASSEMBLY KIT:

- ECOFOAM in vacuum packaged capsule(s)
- Interior protective liner - with child proof zipper
- Designer outer cover

SET-UP

1. Unzip protective liner.
2. Unzip ECOFOAM capsule and remove outer shell.
*Note: Sometimes capsule shell may be difficult to remove.
No worries, use a scissor as you can't damage the foam.
3. Place compressed foam inside liner then remove plastic wrap.
4. Zip liner closed and twist off child proof zipper head.

WAIT 6 HOURS

For ECOFOAM to begin expanding from vacuum.

AFTER 6 HOURS

Fluff, roll and flip to assist expansion then align and install outer cover.

PLEASE BE PATIENT

Full expansion may take up to 3 days.

Regular "fluffing" is recommended.

THANK YOU FOR PURCHASING

Any questions or warranty issues can be answered by our customer service department

ECOFOAM contains furniture grade polyurethane foam trim (containing up to 10% all natural soy) that has been upcycled as micro-cushion filling.

Designer Cover – is machine washable in cold water, cool dry.

Proudly manufactured in the USA
