

# Kira Floor Clock 615108

---

Expect nothing less than perfection from this sculpted metal grandfather clock. It's a distinctive piece that's as much a work of art as it is a timepiece. While it serves its functional role masterfully, it also provides any space — be it residential or professional — with an air of undeniable class and sophistication. That's thanks to its exquisite silhouette, its meticulous attention to detail, and its unique design.

**Flawless Finish:** From top to bottom, this eye-catching clock is designed to capture attention. It's finished in aged silver that captures an old-world aesthetic, while the arched base and dial are finished in natural walnut with a vertical grain panel for a down-to-earth element that provides beautiful balance. Both the hour and minute hands are finished in aged silver to tie everything together cohesively. The perfect finishing touch is the sleek and simple pendulum, which boasts a cylindrical bob in natural walnut and an aged, silver-finished pendulum stick.

**Quartz Movement:** Quartz movement requires one AA and two C batteries.

**Howard Miller:** Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
