|------|-----------------|-----|
| A    | LED disc light  | 1   |
| B    | Mounting screws | 2   |
| C    | Wire nut        | 1   |
| D    | Power connector | 2   |
| E    | Mounting plate  | 1   |

## FLUSH MOUNT

This LED light is suitable to be dimmed. Dimming levels will vary by dimmer.

1. Prior to installation, install mounting plate into the electrical outlet box with mounting screws. Drive screws completely to the end of the junction box.

2. Connect supply wires to wires on fixture with wire nuts or push wires into Quick Connector. Connect white to white, black to black, and copper wire to copper wire as grounding connection.

3. Completing the installation by pushing the fixture springs towards the open bracket into the junction box.
