Shiga/Sanded Gray/Blue Glaze

The Riku Lamp, part of the Shiga collection, offers a modern interpretation of traditional Japanese artistry, combining raw clay with a smooth drip glaze. The hand-turned ceramic body features a natural, earthy finish that highlights the organic texture of the clay unique to the Shigaraki region, while the glossy indigo glaze flows down the surface. This fusion of rough and refined elements makes the Riku Lamp a unique statement piece that blends timeless craftsmanship with contemporary design.
