

【Bright, Safety & Saving】 The LED shoebox retrofit kit efficiency is up to 140Lm/W which means 240W can output 33,600LM. The light has passed ETL safety certification. It can save up to 80% electric bill compared with HID shoebox fixtures, it can replace traditional 960W metal halide

【Long Lifespan】 The use of aluminum material provides strong protection and durability for the heat while ensuring heat dissipation. In addition, this light has a built-in cooling fan, accelerate the air flow, take away more heat, protect the chip, 50,000hrs rated lifespan means that you will not have to replace them as often as HID lights. It also offers lower maintenance costs

【Easy Installation】 Comes with adjustable U bracket designed for horizontal and vertical mounting that makes it easy installation into existing fixtures.⚠Notice: Please ensure to remove or bypass the ballast and confirm your fixture size before installation

【Warranty & Professional Service】 ETL Listed,5 Years Warranty .We offer 24/7 after-sale support. If you have any issue of product, you can E-mail us,we will give you a reply within 24 hours.For a bulk order,please send us email in advance to get a lower price

【Wide Application】 It can be used at Parking lot shoebox,Street pole,High bay,Tennis court,Canopy,Gas station,Wall pack fixture etc.Parking light retrofit kit;Shoebox led retrofit light;

【Maintenance Free】 50,000 lifetime hours guarantee over a decade of operation at 12 hours a day, 7 days a week. If you' re looking for a high-performance, low-maintenance and reliable LED retrofit kit,our light is a better choice

Specification:

Rated Power: 240W

Lumen: 33,600LM

Power Supply: MEANWELL Driver

Input Voltage:AC 277-480V/ 50/60Hz

CCT: 5000K

Operating Temperature:-31°F-131°F

LED Chip: SMD 2835

Lifespan: > 50,000 Hours

Materials: Aluminum

Equivalent: 600-960W MH/HID

Package include:

1 x LED Retrofit Kit Head

1 x MEANWELL Power Supply(277-480Vac Input)

1 x E39 Screw Base
