

INSTALLATION INSTRUCTIONS

**Arrival of goods is 3 separate packages:
Tabletop, Cabinet and Baffle.**

SCREW ACCESSORIES

Long screw

Short screw

Step 1:

First, assemble the cabinet and desktop. Pull out the top first drawer and prepare the long screws.

Step 2:

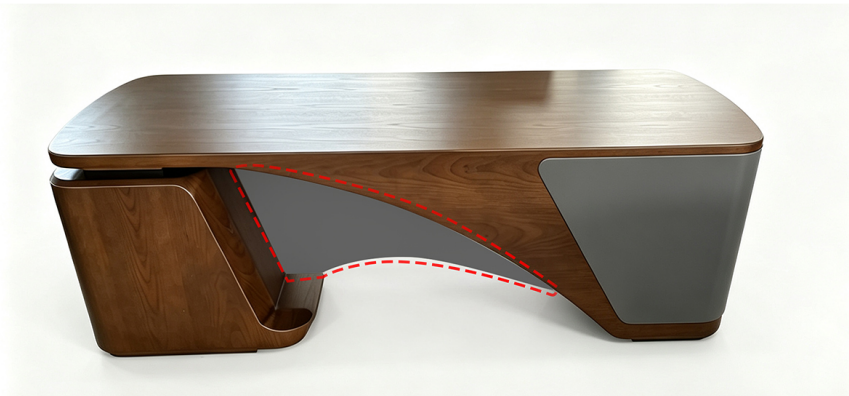

Drill holes at the four red circled positions from inside the drawer. Insert long screws to connect and secure the top of the drawer to the bottom of the desktop.

Step 3:

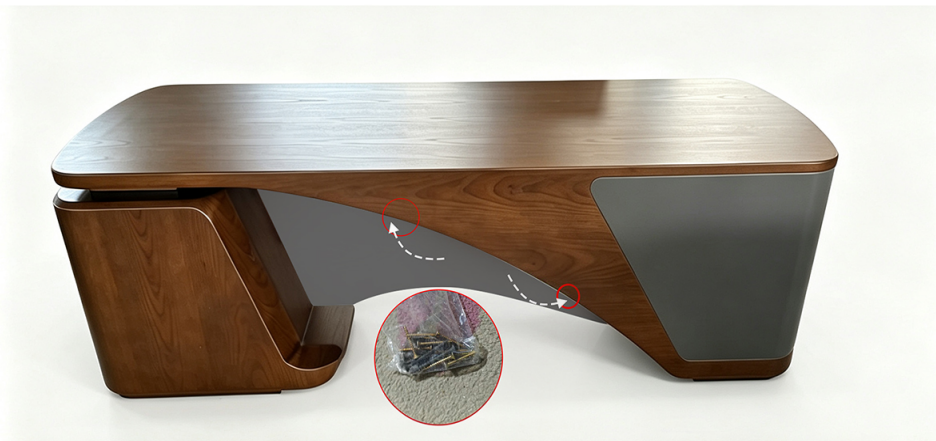

Push the gray baffle inward into the mounting position from the front of the desk.

Step 4:

Keep sliding until the right side of the baffle is flush with the rear edge of the desk for alignment.

Step 5:

Drill holes at the marked red positions (under the inner desktop), fasten tightly with short screws to complete installation.
