Assembly Instructions

EN

General Guidelines

- Please read the following instruction carefully and use the product accordingly.
- Please keep this manual and hand it over when you transfer the product.
- This summary may not include every detail of all variations and considered steps. Please contact us when further information and help are needed.

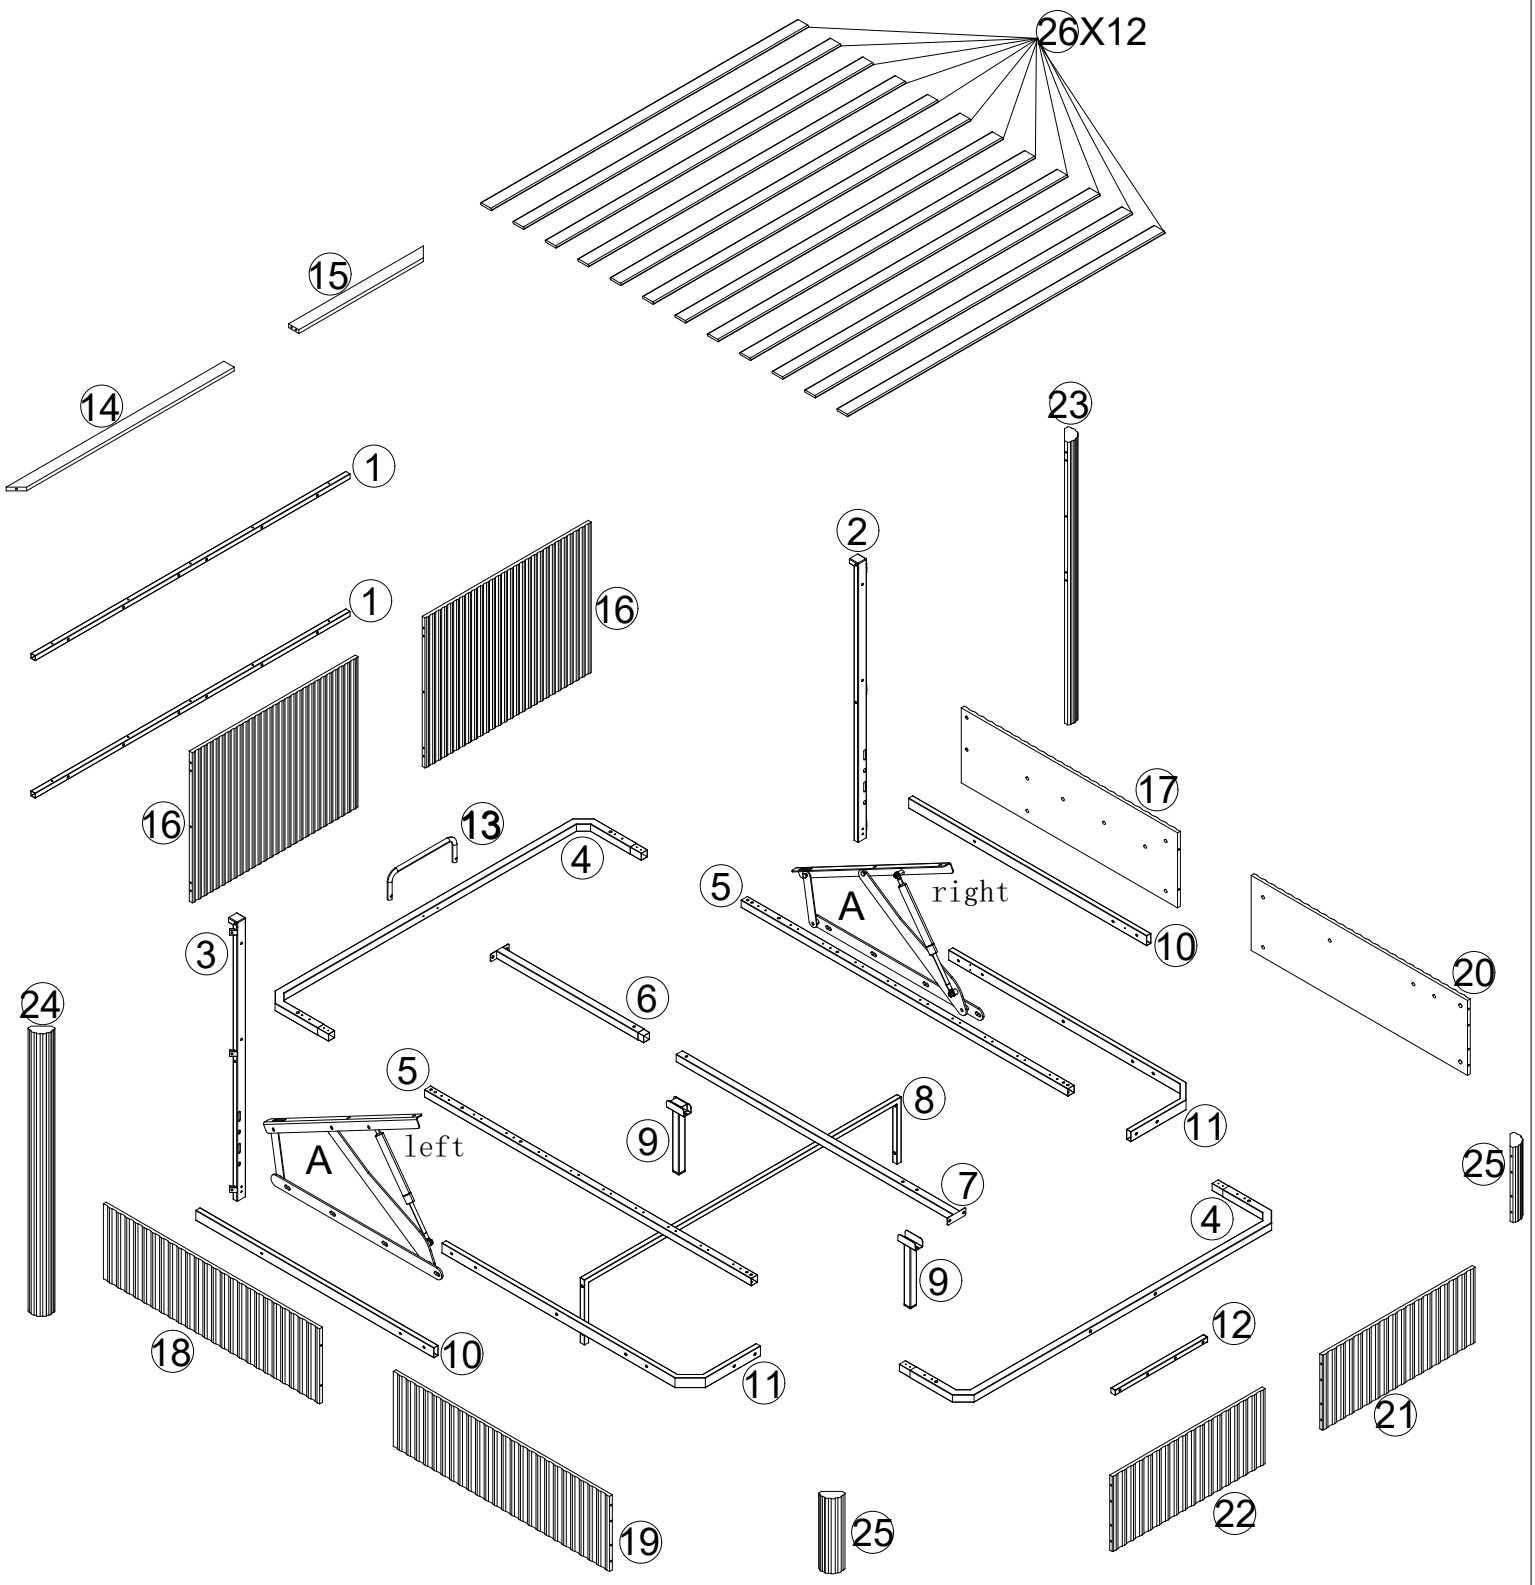

Notes

- The product is intended for indoor use only. The product must be assembled and used in accordance with the provisions of the manual. Personal injury and/or damage to product may occur if products are used outside of their intended purposes and/or if products have been changed/modified from their original design. The seller does not assume any responsibility or liability with respect to any injury/damage caused by incorrect assembly or improper use.
- Avoid long-term exposure to humid environments to prevent mildew.
- Keep the product away from fire sources and high temperatures. Do not expose the product to direct sunlight.
- Do not place any hot objects on the surface of the product.
- If there are any defective or missing parts after unpacking, please cease assembly immediately and contact us.
- Please assemble the item on a spacious surface and do not place the unwrapped product directly on the ground to avoid product damage.
- Please do not stand or sit on the wooden boards.
- Please wear gloves during the assembly and/or disassembly process to avoid scratches from any sharp edges.
- Please match the corresponding part and fitting based on the part number in the manual.
- If the part does not match with the fitting, please check the piece as specified in this manual.
- During assembly, first loosely align all screws with the corresponding pre-drilled holes and then tighten the screws one by one.
- Periodically inspect screw tightness while the product is in use. If necessary, retighten to ensure structural integrity.
- If you accidentally spill water or another liquid on the surface, immediately wipe clean with a dry towel.
- Please keep the product away from sharp, pointed objects and corrosive substances to prevent product damage.
- Please place this item on level, solid ground during use.

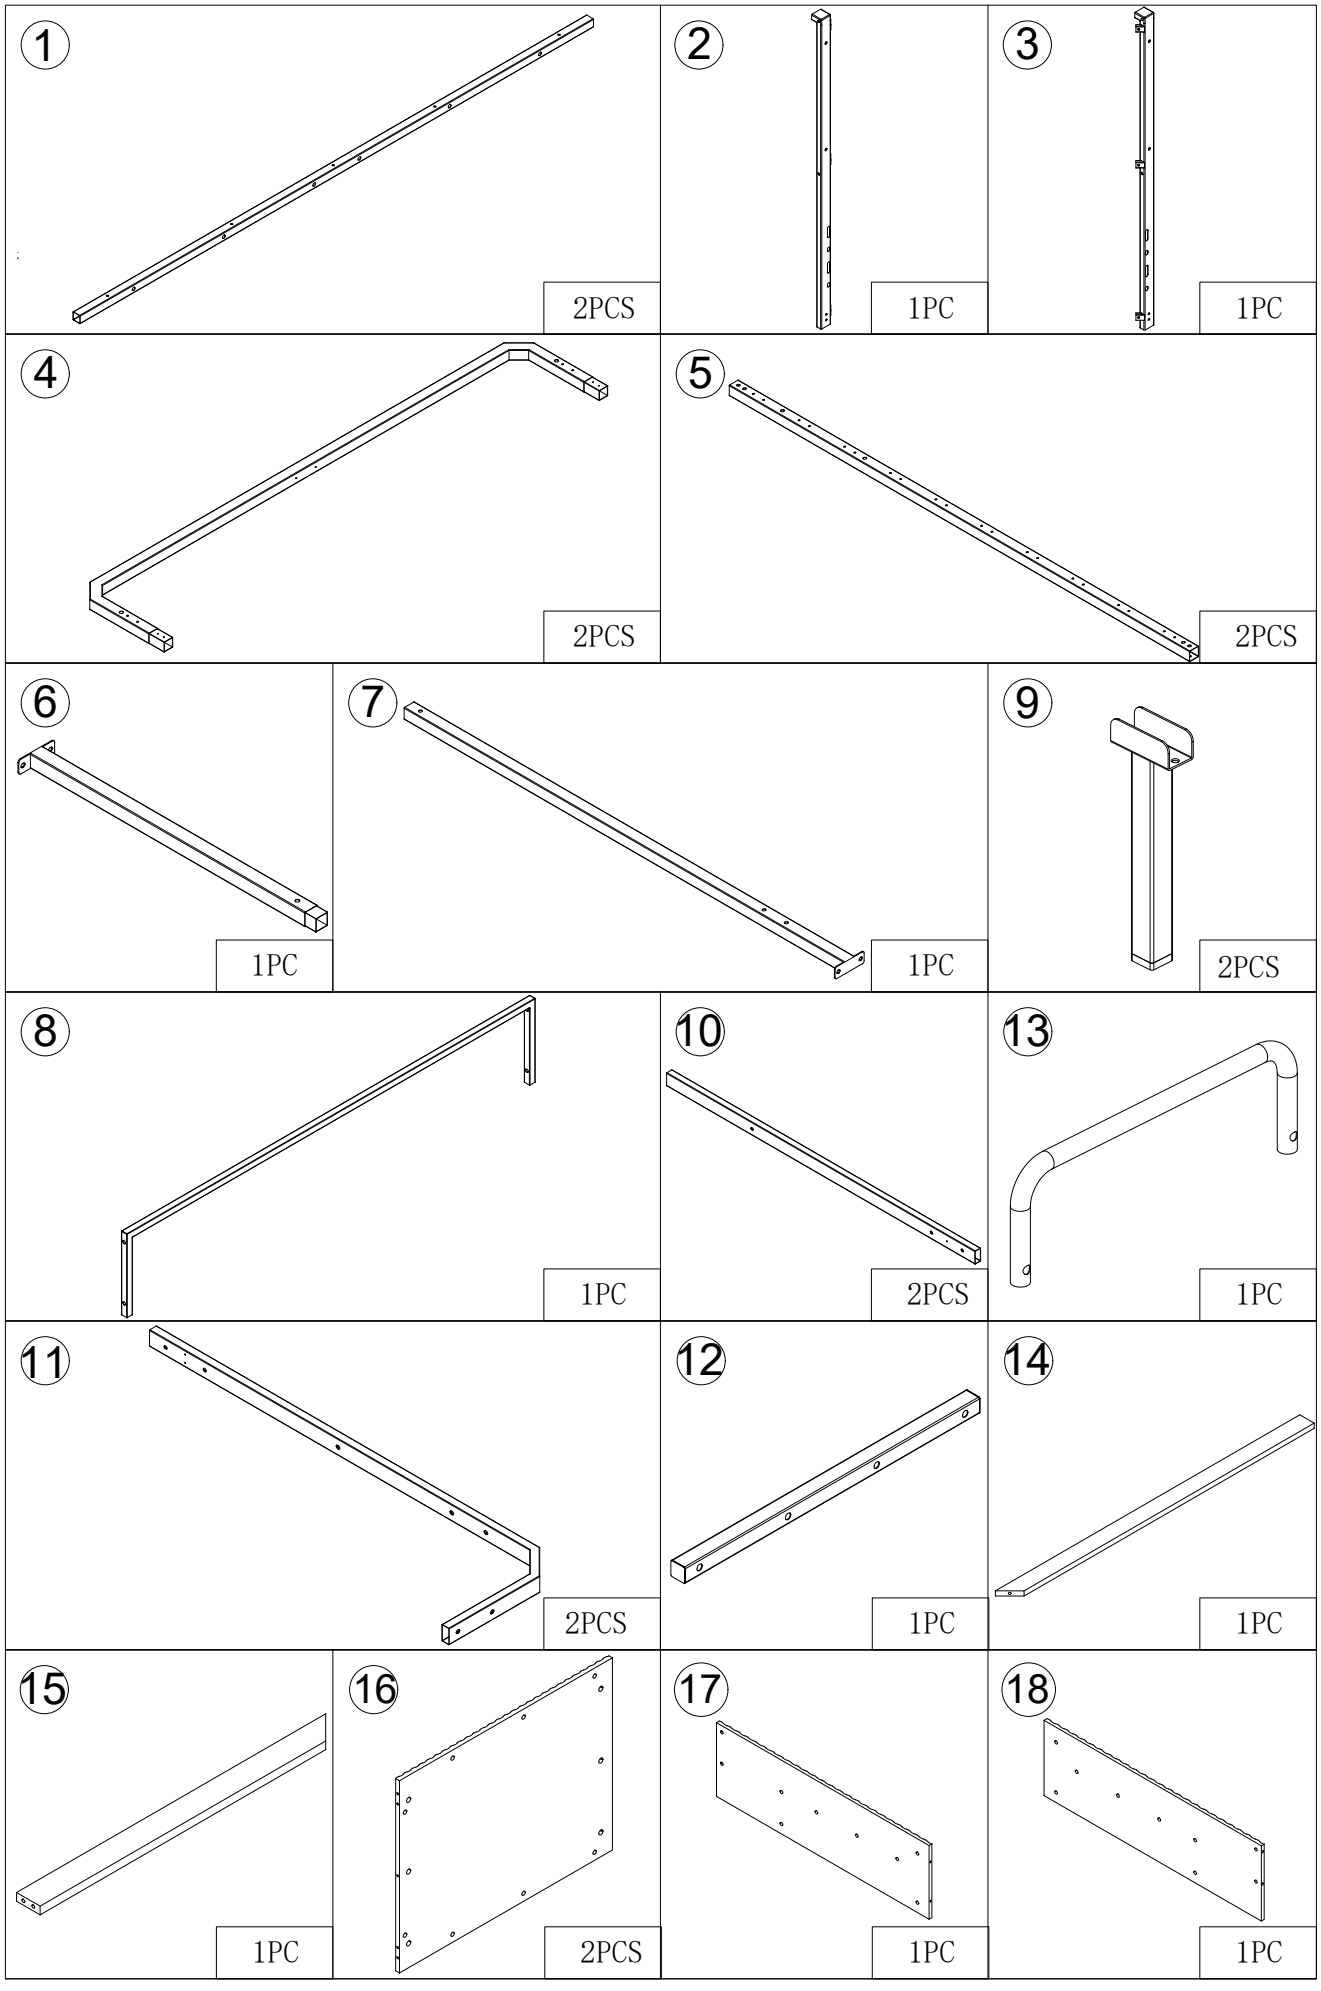

Warnings

- During assembly, keep all small parts out of the reach of children. It may be fatal if swallowed or inhaled.
- Children should not climb or play on the product in order to avoid tipping over the furniture and causing serious injury.
- To avoid the potential dangers of suffocation, please keep all parts and packaging (film, plastic bags, foam, etc.) away from babies and children.
- Keep sharp objects and corrosive items away from the product to avoid any damage or injury.
- Do not shake or move violently during use to avoid tipping over the product.

STEP 1

Note: The side with the screws is on the outside.

Tighten Part Q on both sides of Part N to 50% initially. Verify no misalignment, then fully tighten to 100%

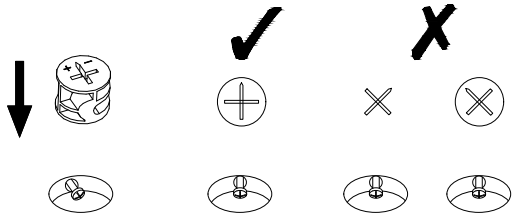

Note: The side with the screws is on the outside.

Align the arrow on the Cam-lock to the Cam-bolt head and insert the Cam-lock. Ensure Cam-lock is fully inserted.

INSERTING AND TIGHTENING CAM-BOLT

Insert Cam-lock with arrow align to Cam-bolt head

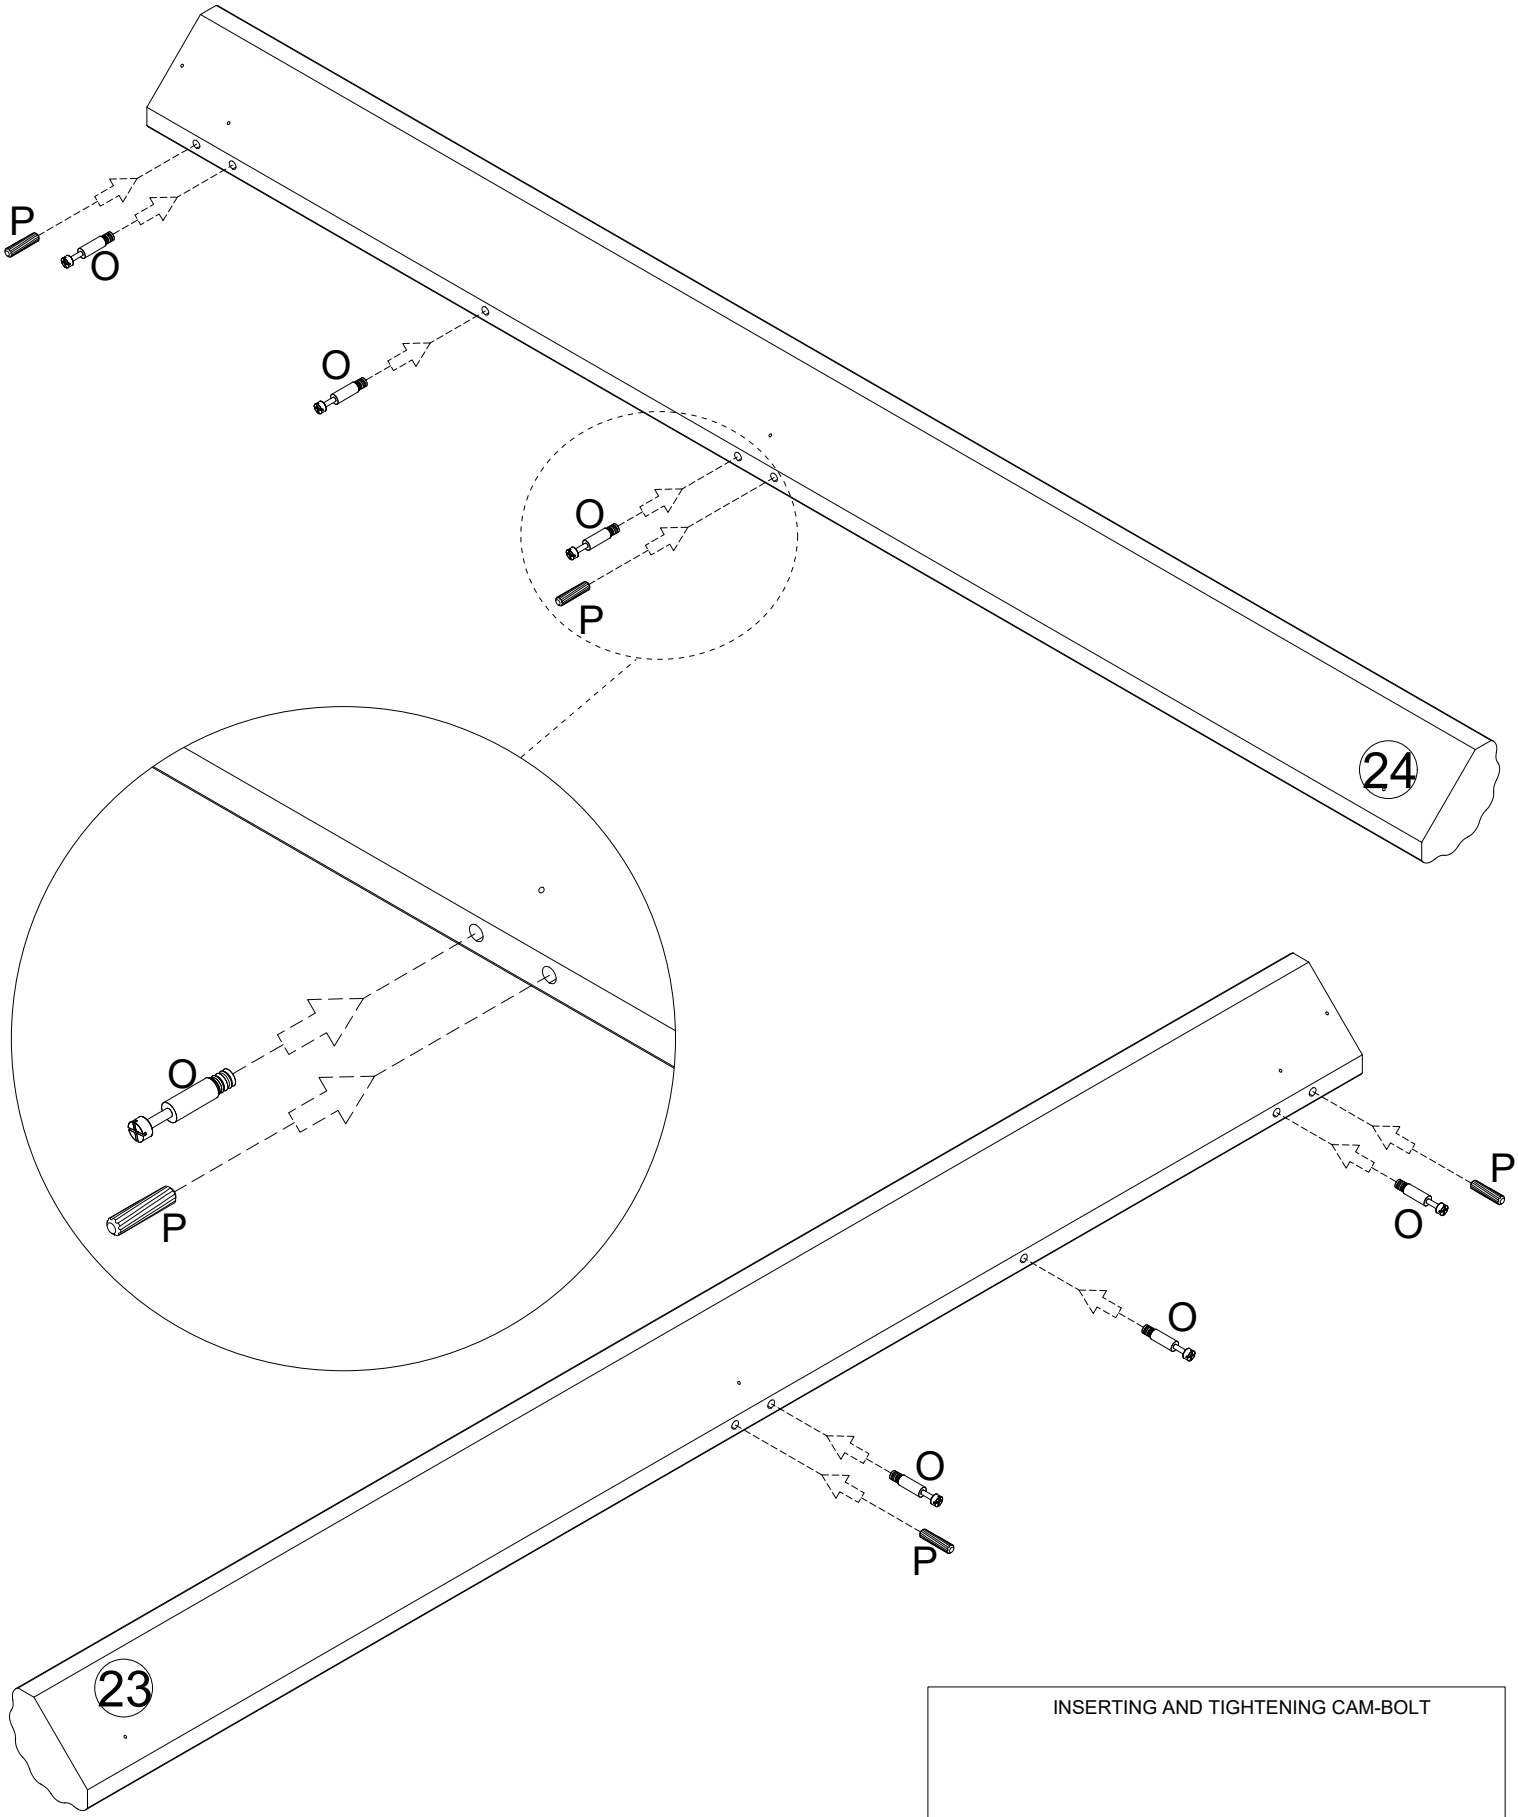

CORRECT

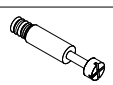

WRONG

	N×3PCS
	P×2PCS
	Q×6PCS

WARNING!!! After locking Component Q in place, Component N may shift sideways. If such shifting occurs and the component cannot be locked, make adjustments accordingly.

STEP 2

	O×6PCS
	P×4PCS

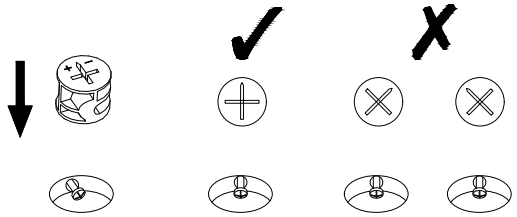

STEP 3

Align the arrow on the Cam-lock to the Cam-bolt head and insert the Cam-lock. Ensure Cam-lock is fully inserted.

INSERTING AND TIGHTENING CAM-BOLT

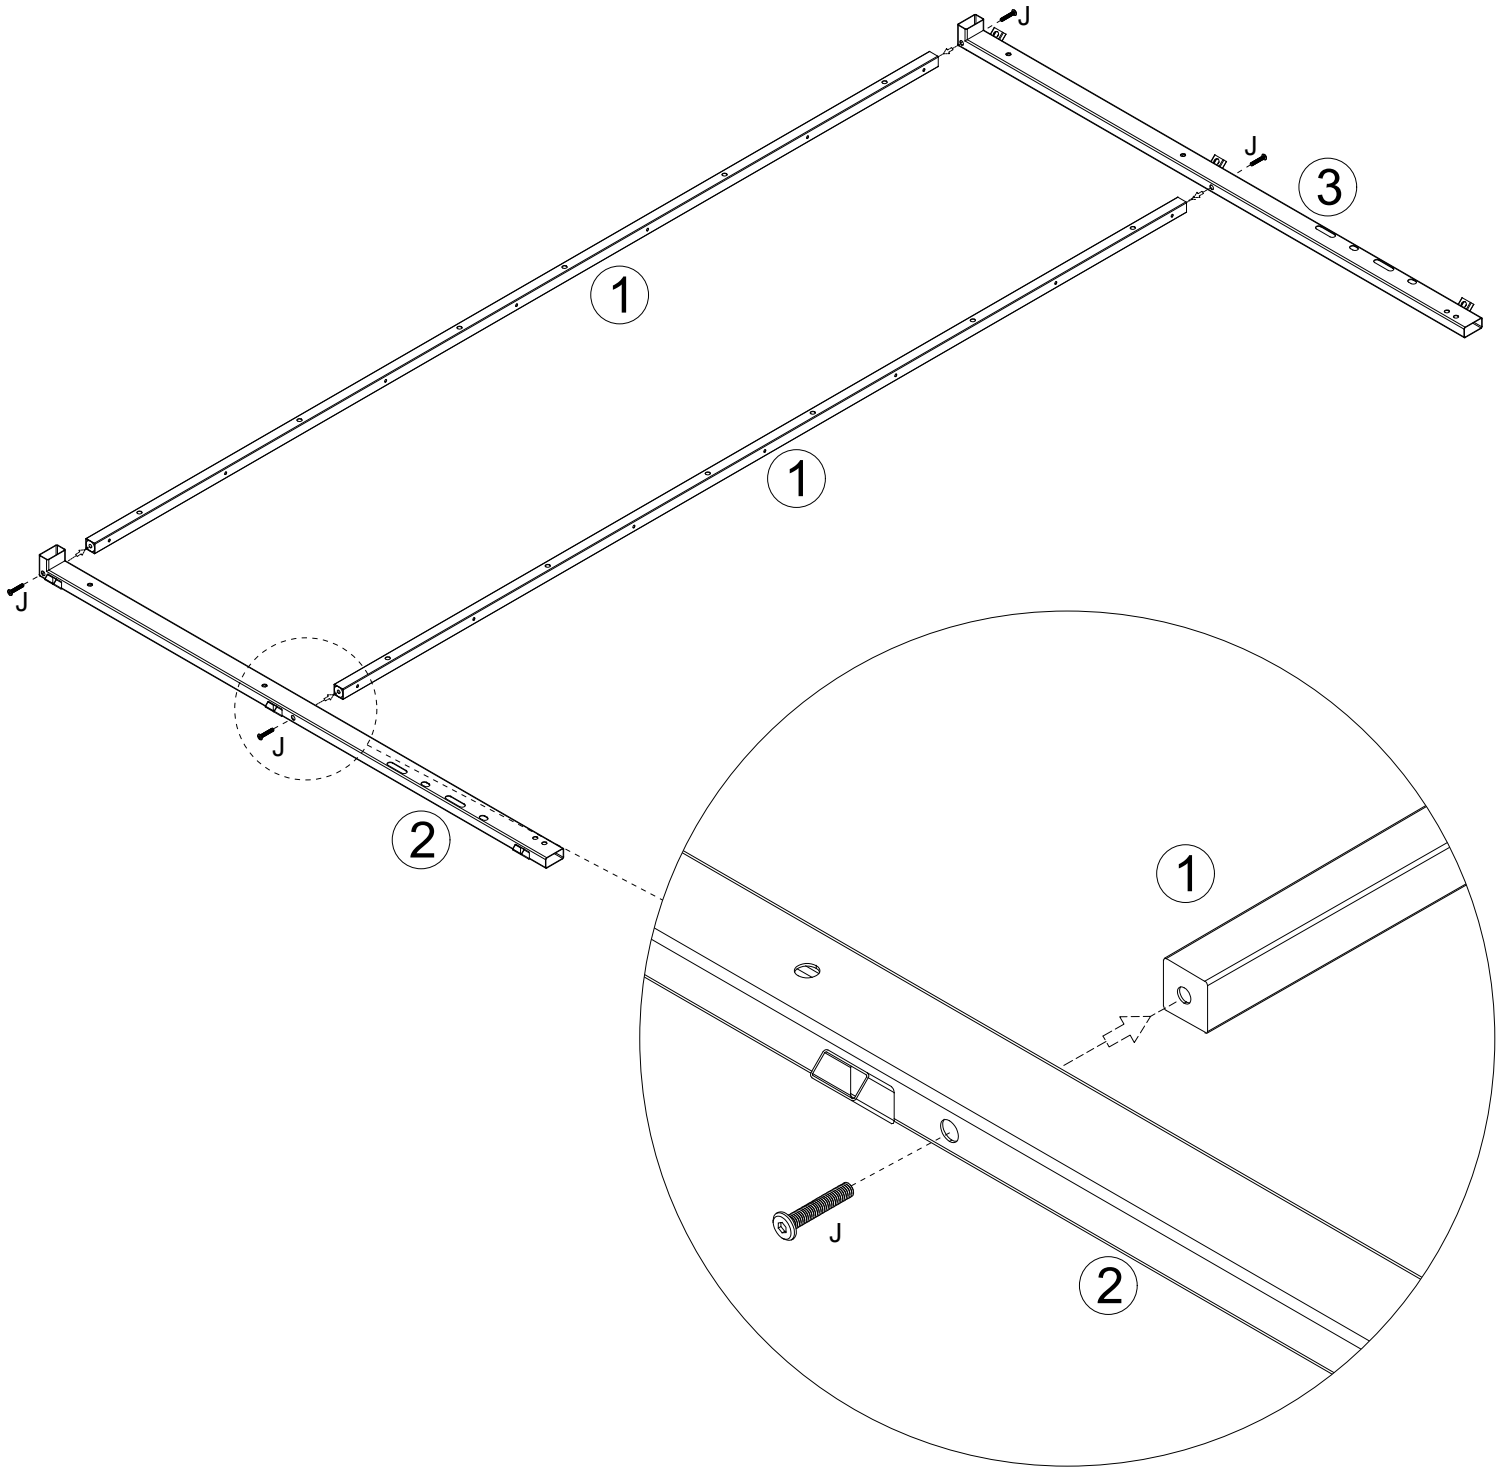

Insert Cam-lock with arrow align to Cam-bolt head

CORRECT

WRONG

	Q×6PCS

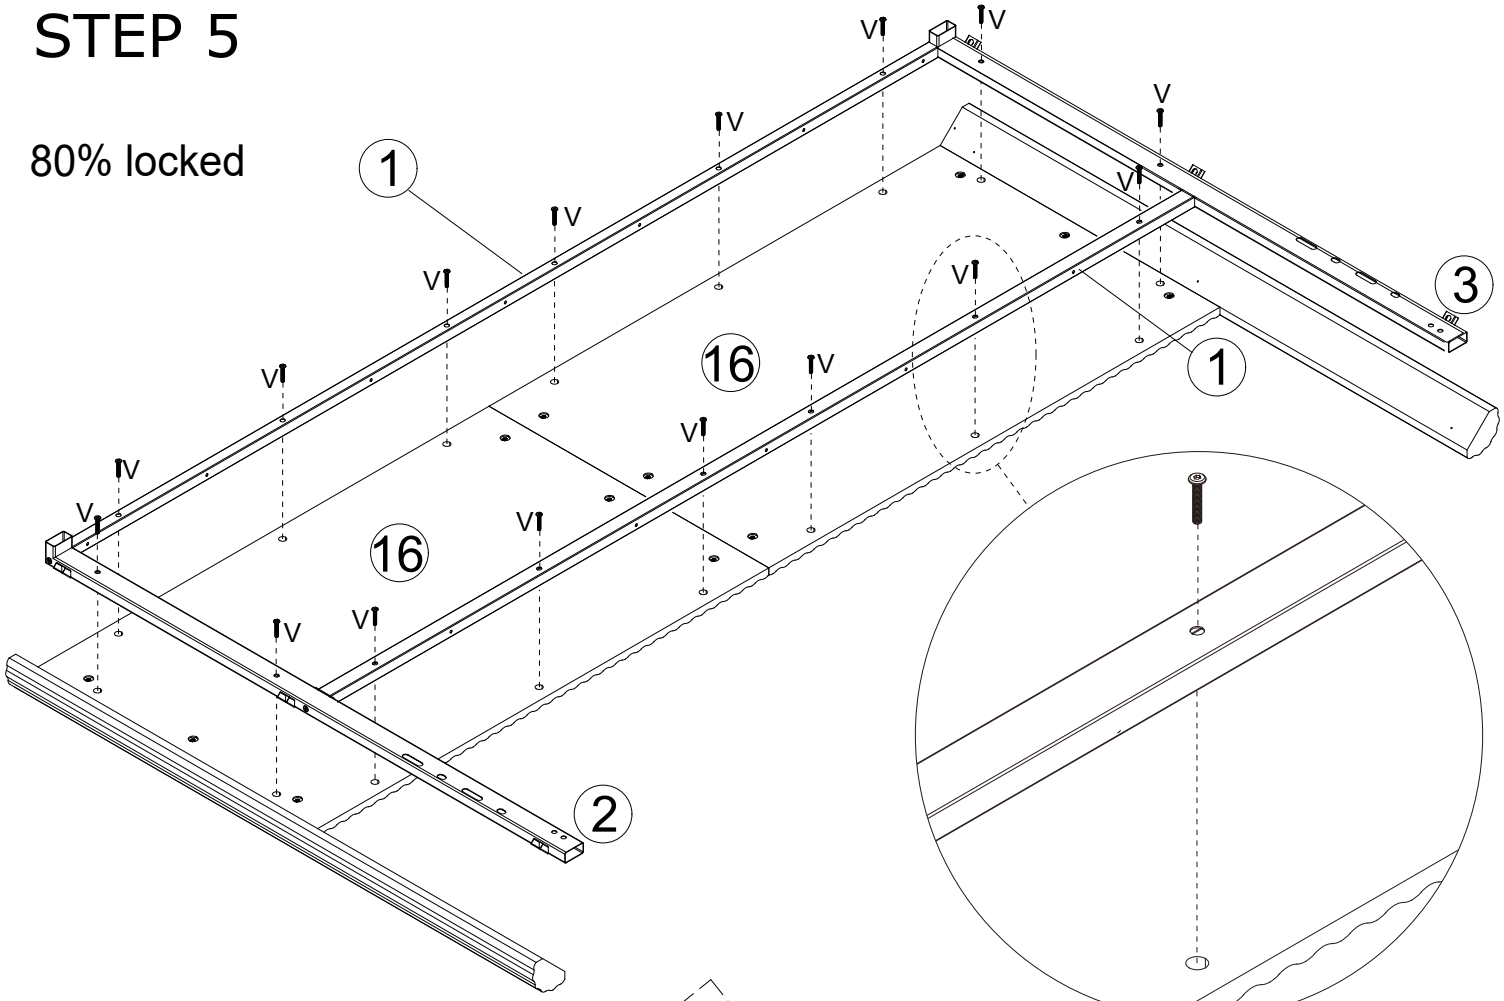

STEP 4

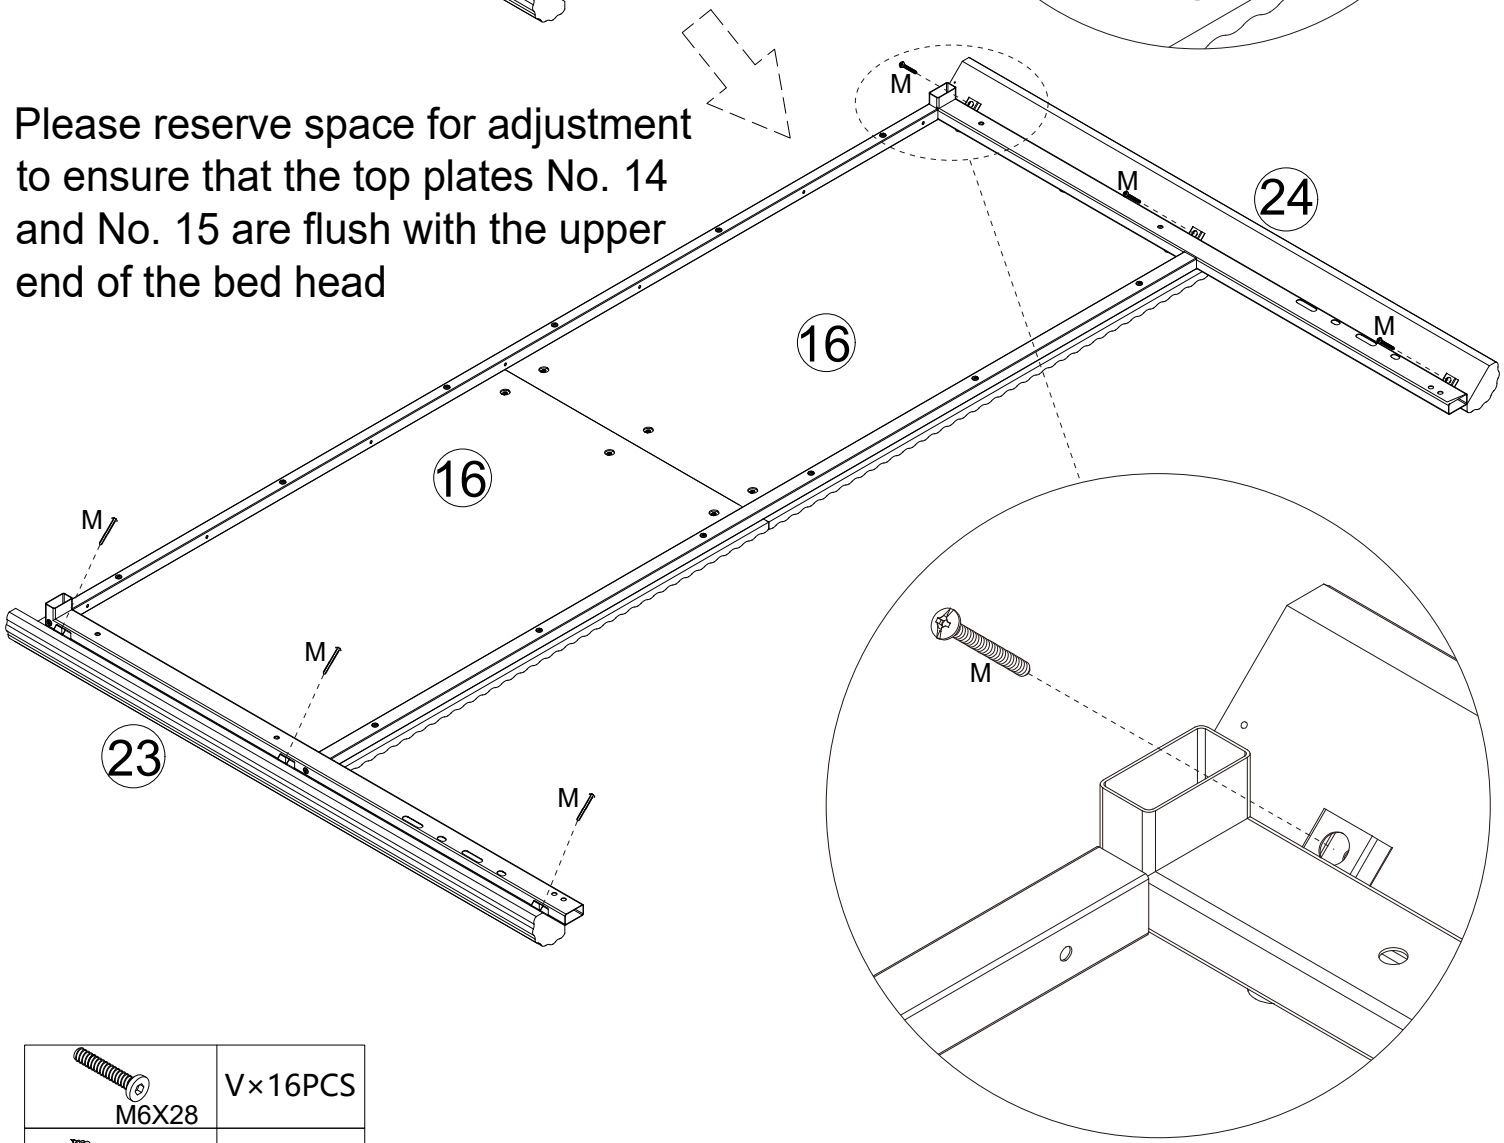

M6X55	J×4PCS

STEP 5

80% locked

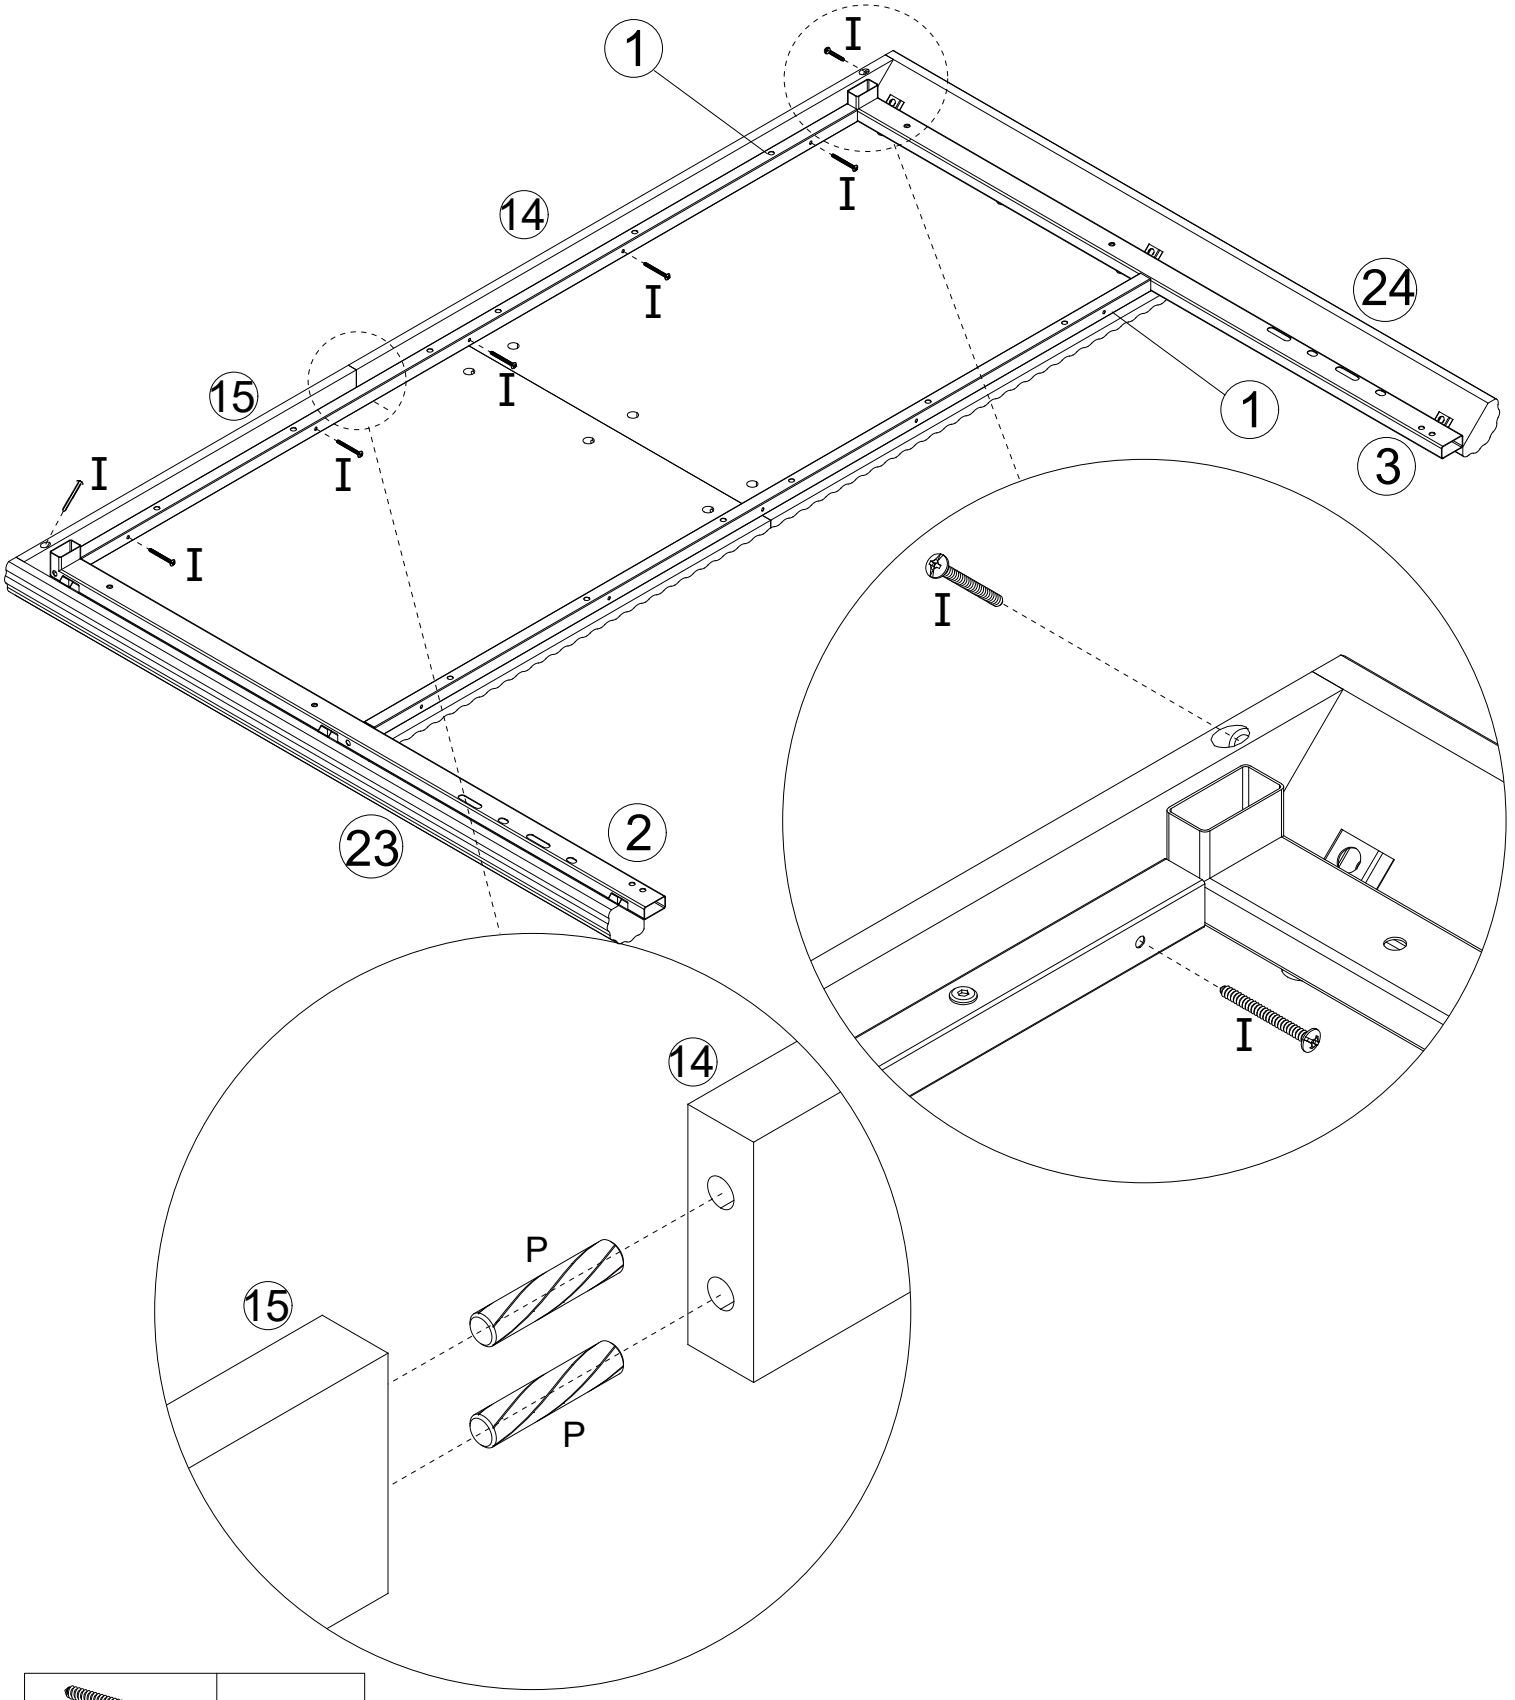

Please reserve space for adjustment to ensure that the top plates No. 14 and No. 15 are flush with the upper end of the bed head

M6X28	V×16PCS
3.5*14	M×6PCS

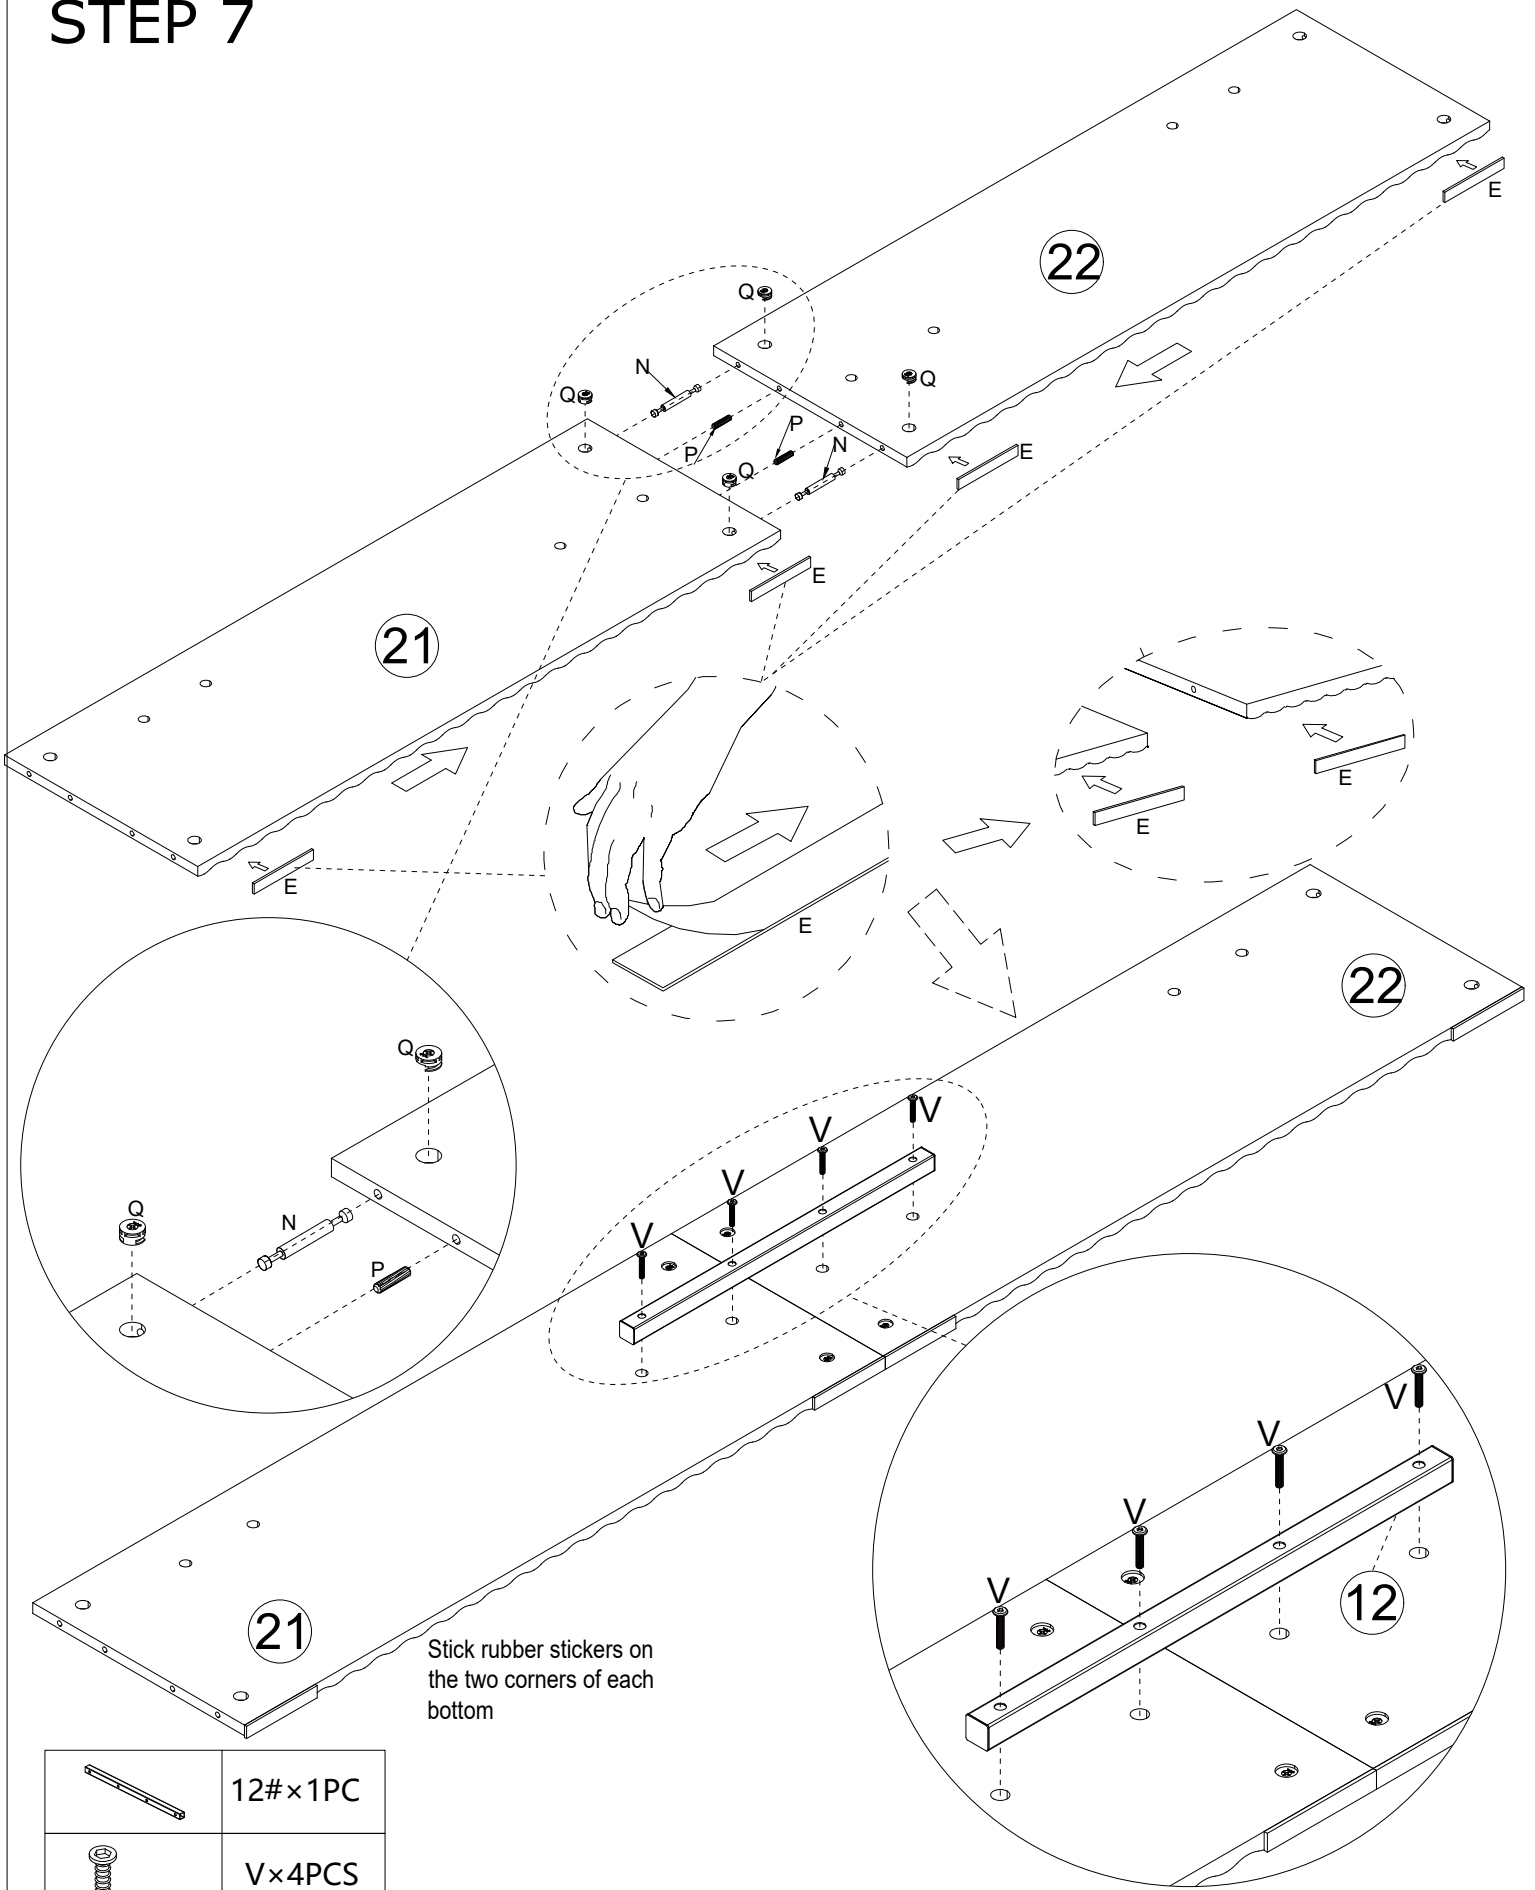

STEP 6

Tighten screws in this step, then fully fasten the front screws

3.5X30	I×7PCS
	P×2PCS

STEP 7

STEP 18

	9#×2PCS
	D×1PC
M6X55	J×4PCS
M6	L×4PCS

After installation, rotate it to the back for the next step of installation

STEP 19

	T×2PCS
M6X12	H×4PCS

This adjusting foot can be used to adjust the height when the bed frame is placed on uneven ground

STEP 20

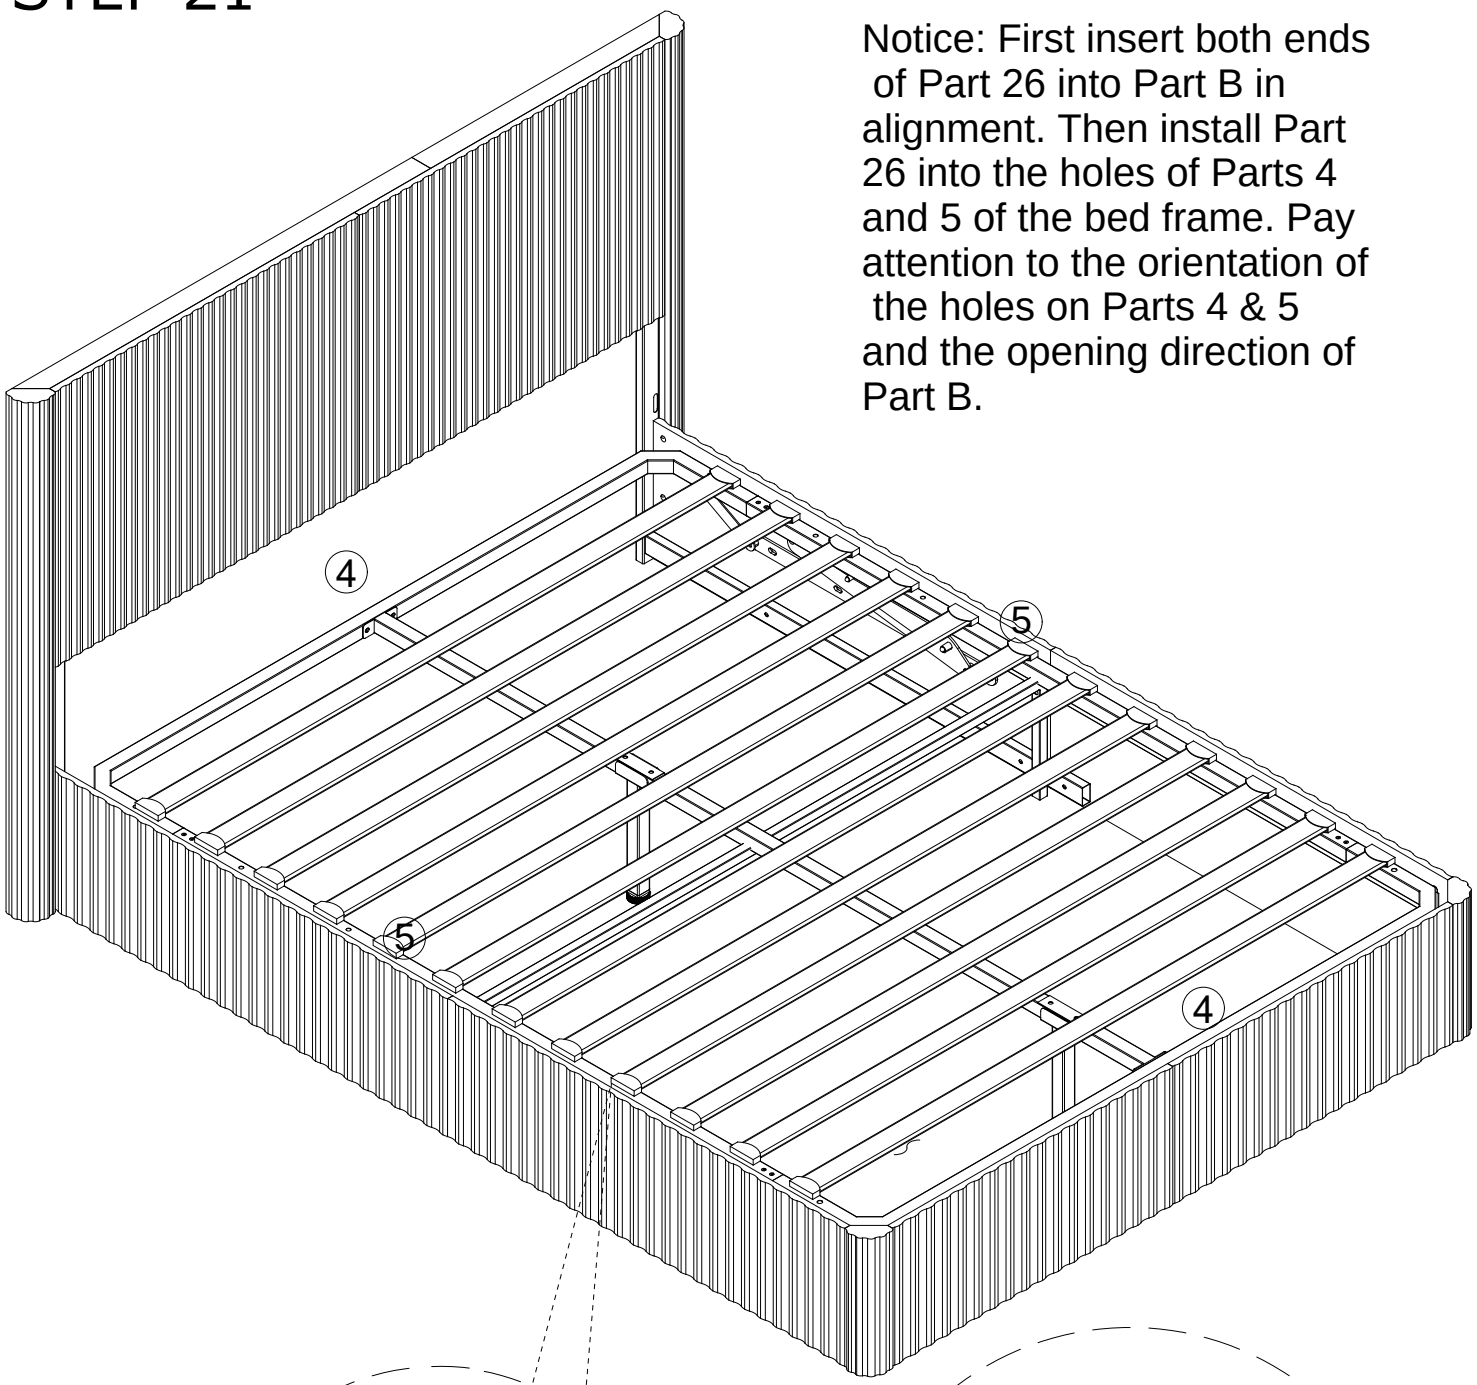

Note:Please tighten the screws that were not tightened before.

	13#×1PC
M8X40	F×6PCS
M6X28	V×2PCS
M8	K×6PCS

STEP 21

Notice: First insert both ends of Part 26 into Part B in alignment. Then install Part 26 into the holes of Parts 4 and 5 of the bed frame. Pay attention to the orientation of the holes on Parts 4 & 5 and the opening direction of Part B.

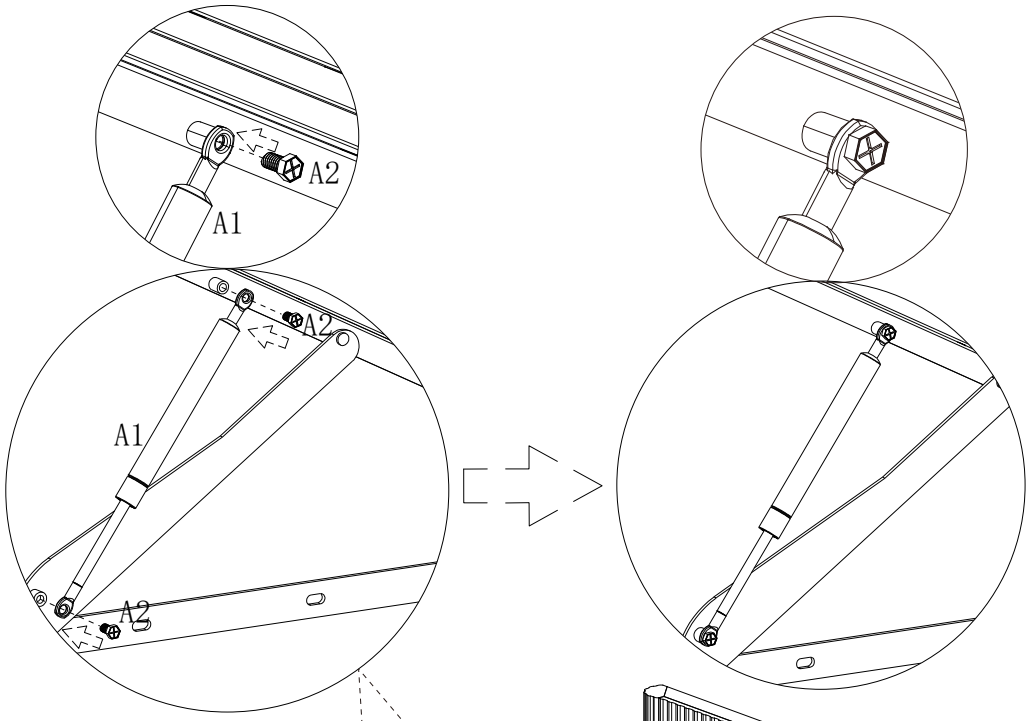

First step

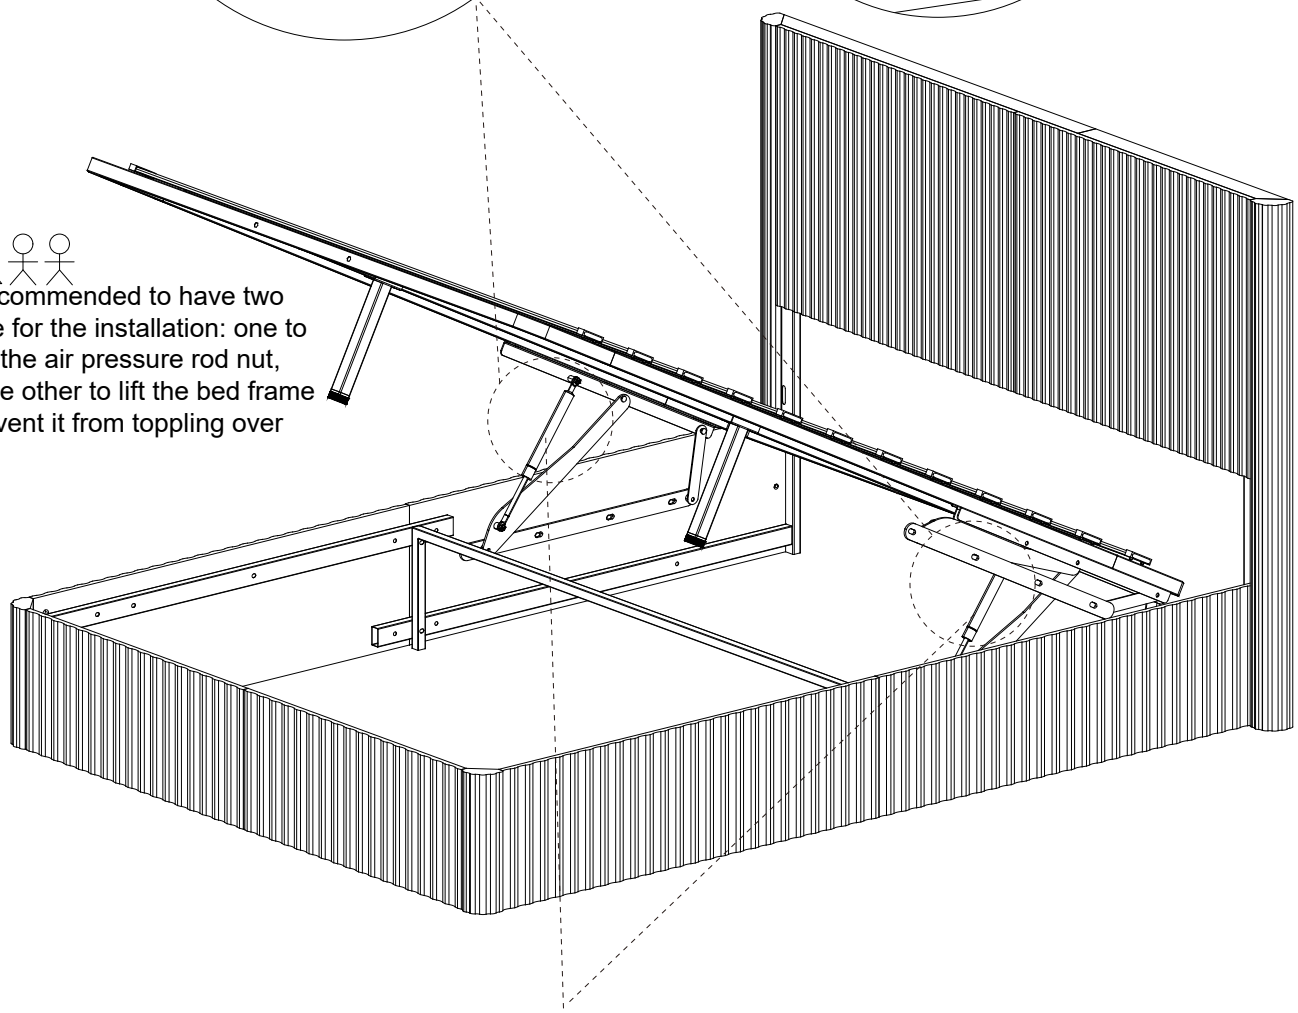

Second step

	B×24PCS
	26#×12PCS

STEP 22

Before lifting for installation, confirm whether the screws from the previous steps are 100% tightened.

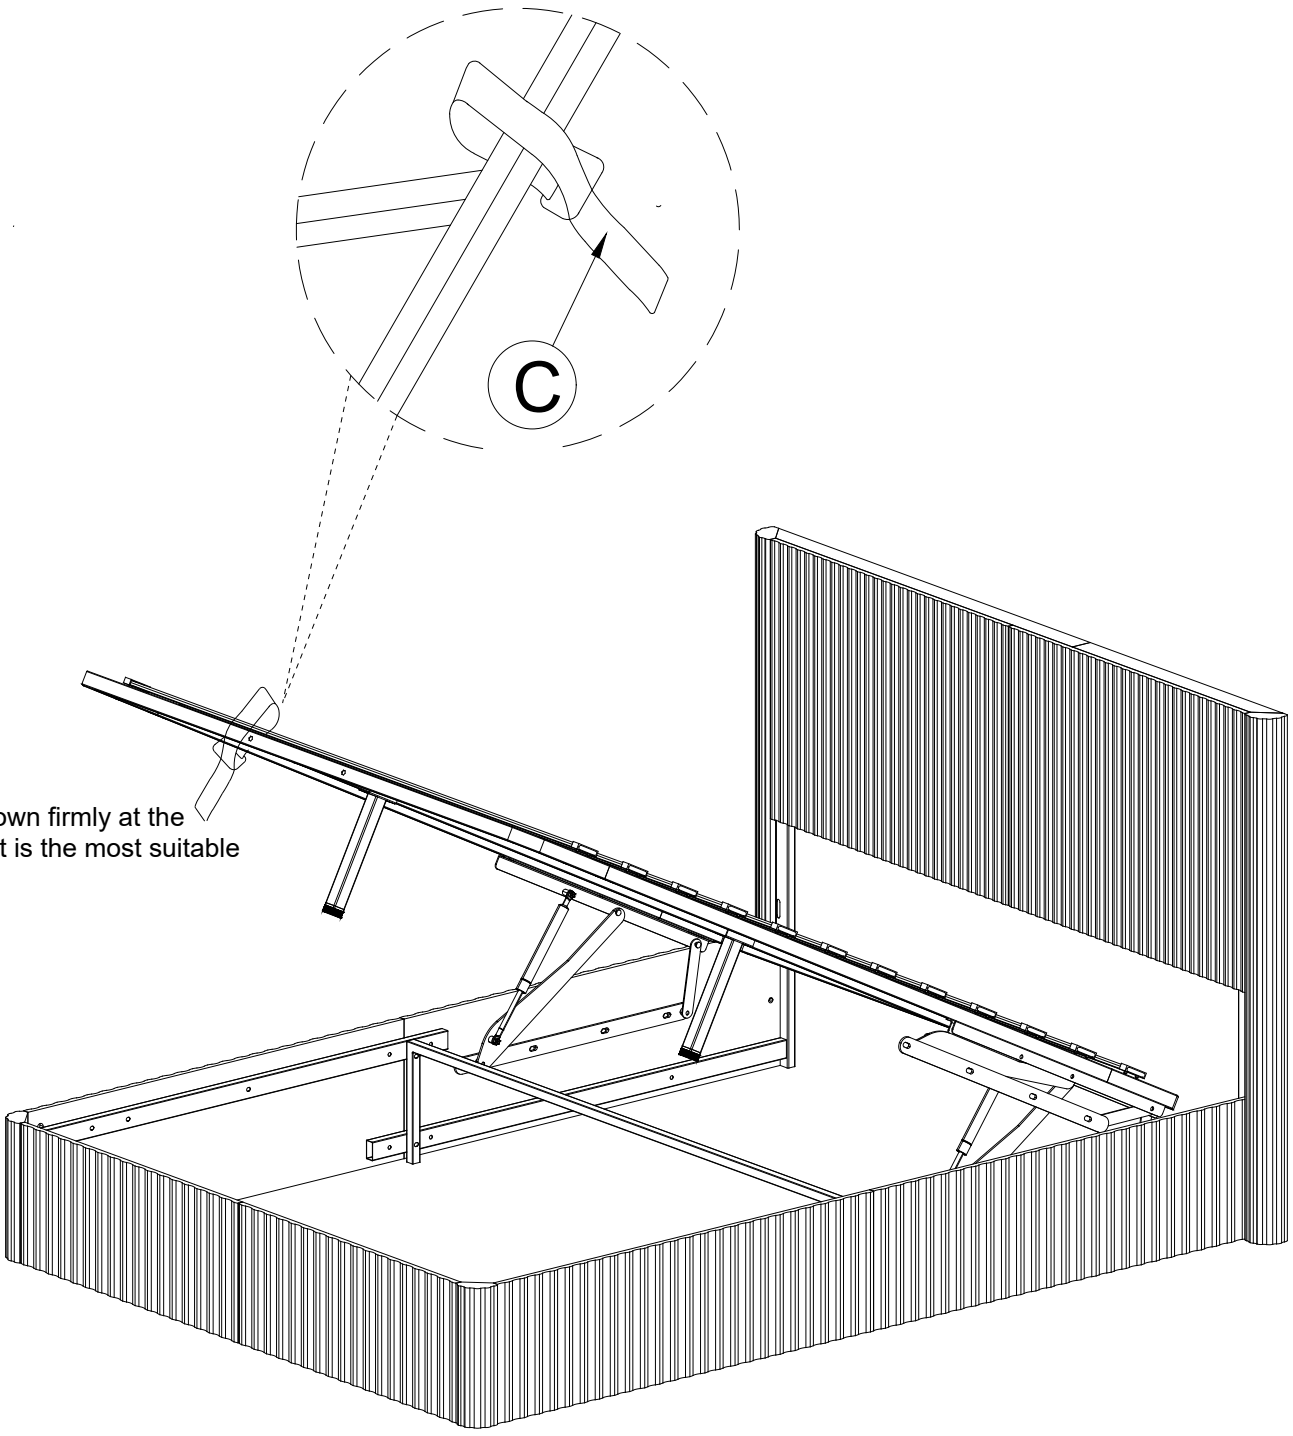

It is recommended to have two people for the installation: one to install the air pressure rod nut, and the other to lift the bed frame to prevent it from toppling over

Note:When installing the hydraulic rod, ensure the screw holes on both ends are aligned. If they are not aligned, please adjust them accordingly during installation.

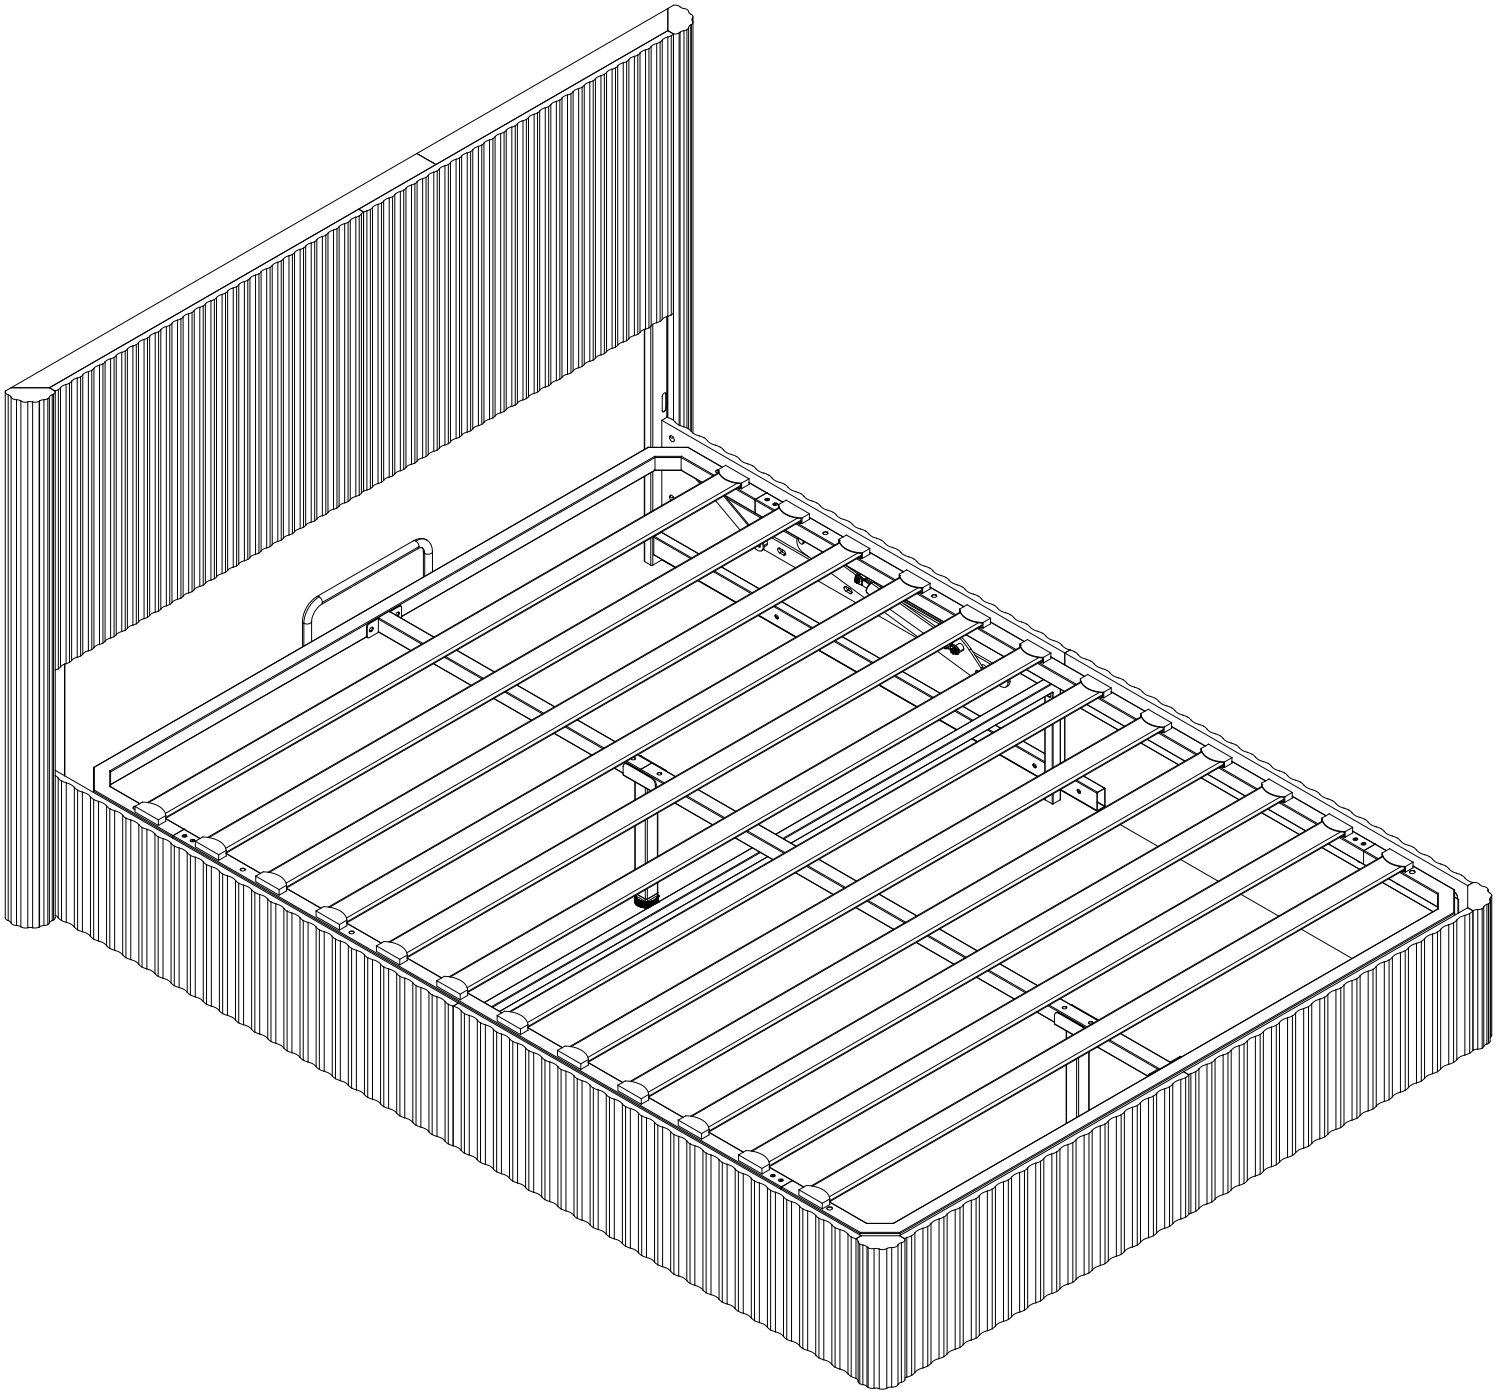

STEP 23

Pressing down firmly at the
center point is the most suitable
