Caution: Please turn off power before installation and read the manual carefully, we advise you contact professional electricians to install for safety purpose.

Product Features

Style:Nautical

Material: Metal&Fabric

Color: Brass&White

Base Type:E26

Light Source Included: NO

Voltage: 120VAC

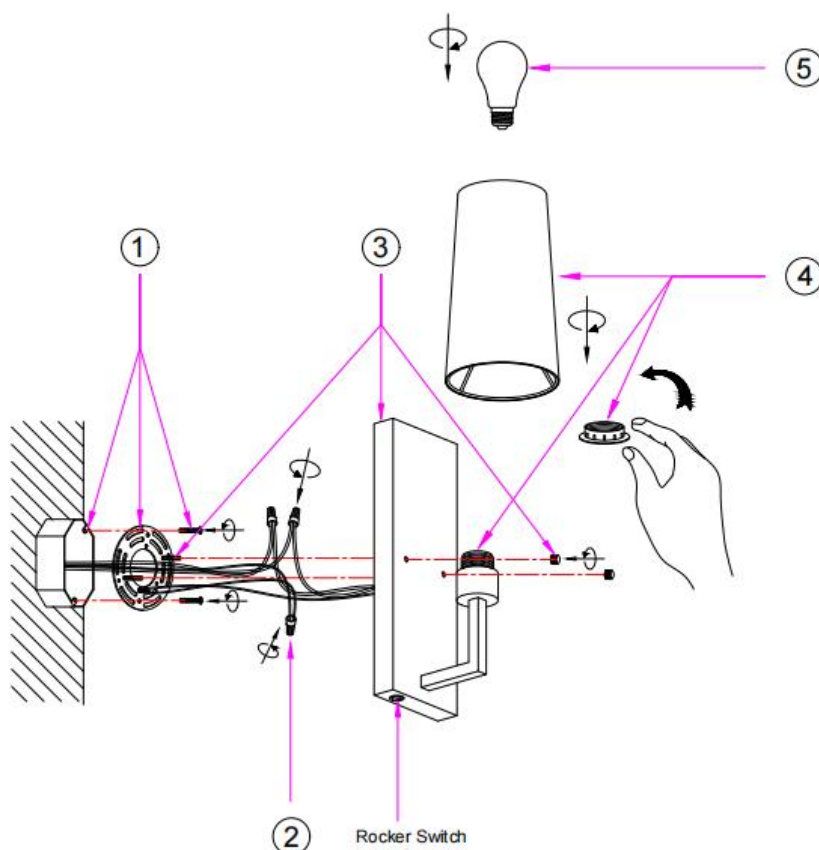

Wattage: 40W

Package includes

1 x Wall Light

1 x Accessories Kit

1 x User's Manual

Installation Instructions

1. Secure the mounting plate to the junction box with mounting screws.
2. Connect the incoming and outgoing wires with wire nuts (Note: Connect the black wire to the black (live) wire; connect the white wire to the white (neutral) wire; connect the bare copper ground wire to the ground terminal). When wiring, be careful to avoid exposing any wires.
3. Secure the wall bracket to the mounting plate with the knurled nuts.
4. Install the lampshade onto the lamp holder with the lamp holder ring. (If the opening of the lampshade is too small to reach inside and install the ring, you can insert the ring at an angle from the bottom, then slowly rotate it to secure the lampshade to the lamp holder.)
5. Install the light bulb (bulb not included).
6. Turn on the power, then check to see if it is working properly.

Installation complete !
