

ASSEMBLY INSTRUCTIONS

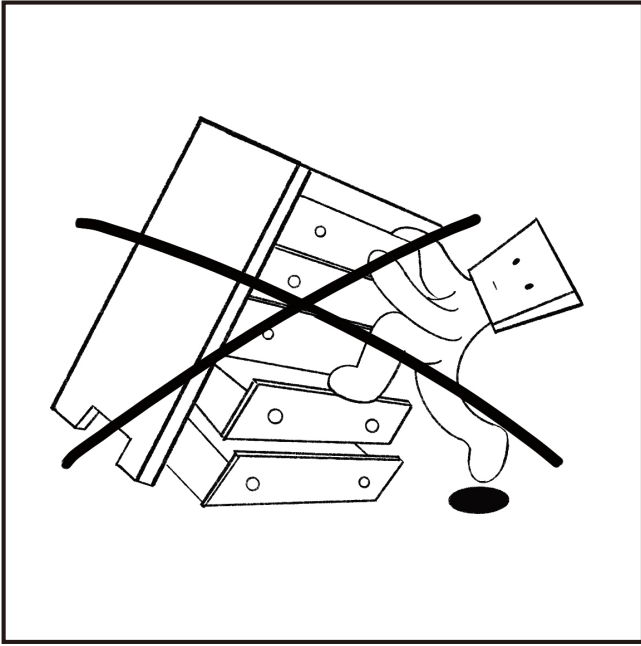

Disclaimer

Use of this product constitutes acceptance of this disclaimer. Please read the following terms carefully:

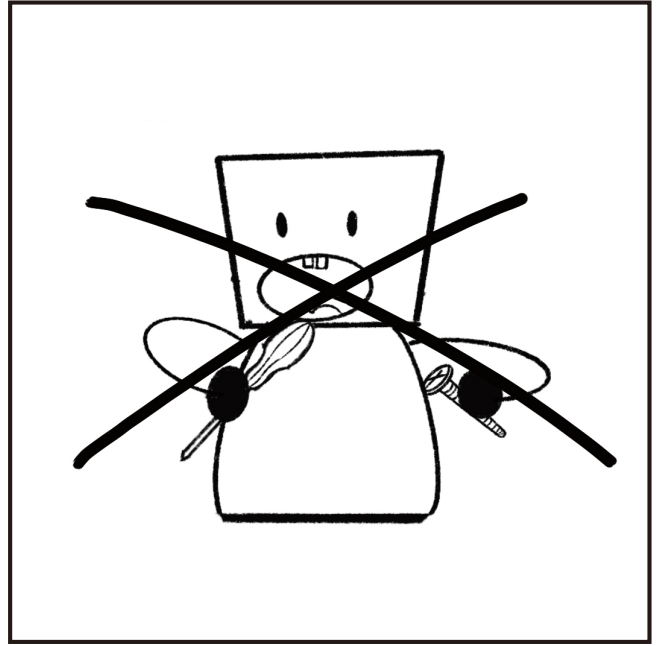

- The product is guaranteed to be safe under normal use or foreseeable misuse.
- This furniture is designed for indoor household use only. Any improper modification, or use beyond the specified weight capacity (see product manual) shall void this disclaimer, and the manufacturer shall not be liable for any damage or injury arising therefrom.
- Regular wear and tear (e.g., fabric fading, minor hardware loosening) due to normal use is not considered a quality defect.
- The manufacturer shall not be responsible for damages caused by improper transportation, storage, or natural disasters (e.g., fire, earthquake).

Children should use this product only with adult supervision.

DO NOT CLIMB OR HANG

DO NOT PLAY WITH OR SWALLOW SMALL PARTS

Installation of Anti-Tip Device Kit:

1. For the safety of you and your family, the **Anti-Tip Device Kit** must be installed.
2. For products with wheels, it is recommended that the **Anti-Tip Device Kit** be installed.

Weight Capacity:

–**Do not** place items exceeding the maximum weight capacity of the product. (For the product's weight capacity, please refer to the product link.)

Usage Scenarios and Maintenance Methods

- **Do not** place the product in a humid environment.
- Avoid direct exposure to high temperatures and keep it away from heat sources.
- Clean and maintain the product regularly.
- Place it on a flat surface. When moving is required, ensure that at least two people lift it together.
- Check the condition of screws regularly. If any screws are loose or fall off, reinforce them promptly.

Electrical Safety Precautions

- **Do not** use damaged power plugs or loose power sockets.
- **Do not** move the product by pulling the power cord.
- **Do not** forcibly bend the power cord or place it under heavy objects.
- If the power socket is wet, carefully unplug the product's power plug.
- **Do not** touch the power plug with wet hands.
- Unplug the product's power plug before maintenance.
- For electrical products not in use for an extended period, ensure the power supply is disconnected.

Wooden products

Preparation before Installation

–Please read the assembly instructions carefully before installation and keep this manual for future reference. Check that all components are complete, including panels, hardware fittings, screws, plastic parts and other small components.

Ensure that **only adults** perform the installation, and keep children away from the installation area.

Notes

- Avoid prolonged exposure of the furniture to direct sunlight or proximity to heating appliances to prevent local discoloration and fading.
- **Do not** allow easily combustible or oxidizable items to come into direct contact with the furniture surface, as this may cause chemical reactions and damage the furniture finish.
- Climbing or playing on the product is prohibited to avoid accidental injury. **Do not** use the product as a support or stand on it for high-altitude operations.
- **Do not** forcefully open or close the furniture doors and drawers. Use appropriate force during operation to prevent loose connections.
- When moving the furniture, remove all items inside the cabinet and secure movable parts such as doors and drawers to prevent the furniture from tilting or parts from falling and causing injury. Never drag or push hard during movement to avoid loose fasteners or broken parts. The product must be lifted off the ground by multiple people simultaneously; ensure safety during handling.
- When children use this product, adult supervision is required to ensure safe use.
- Strictly use anti-tip components as specified in the instruction manual.

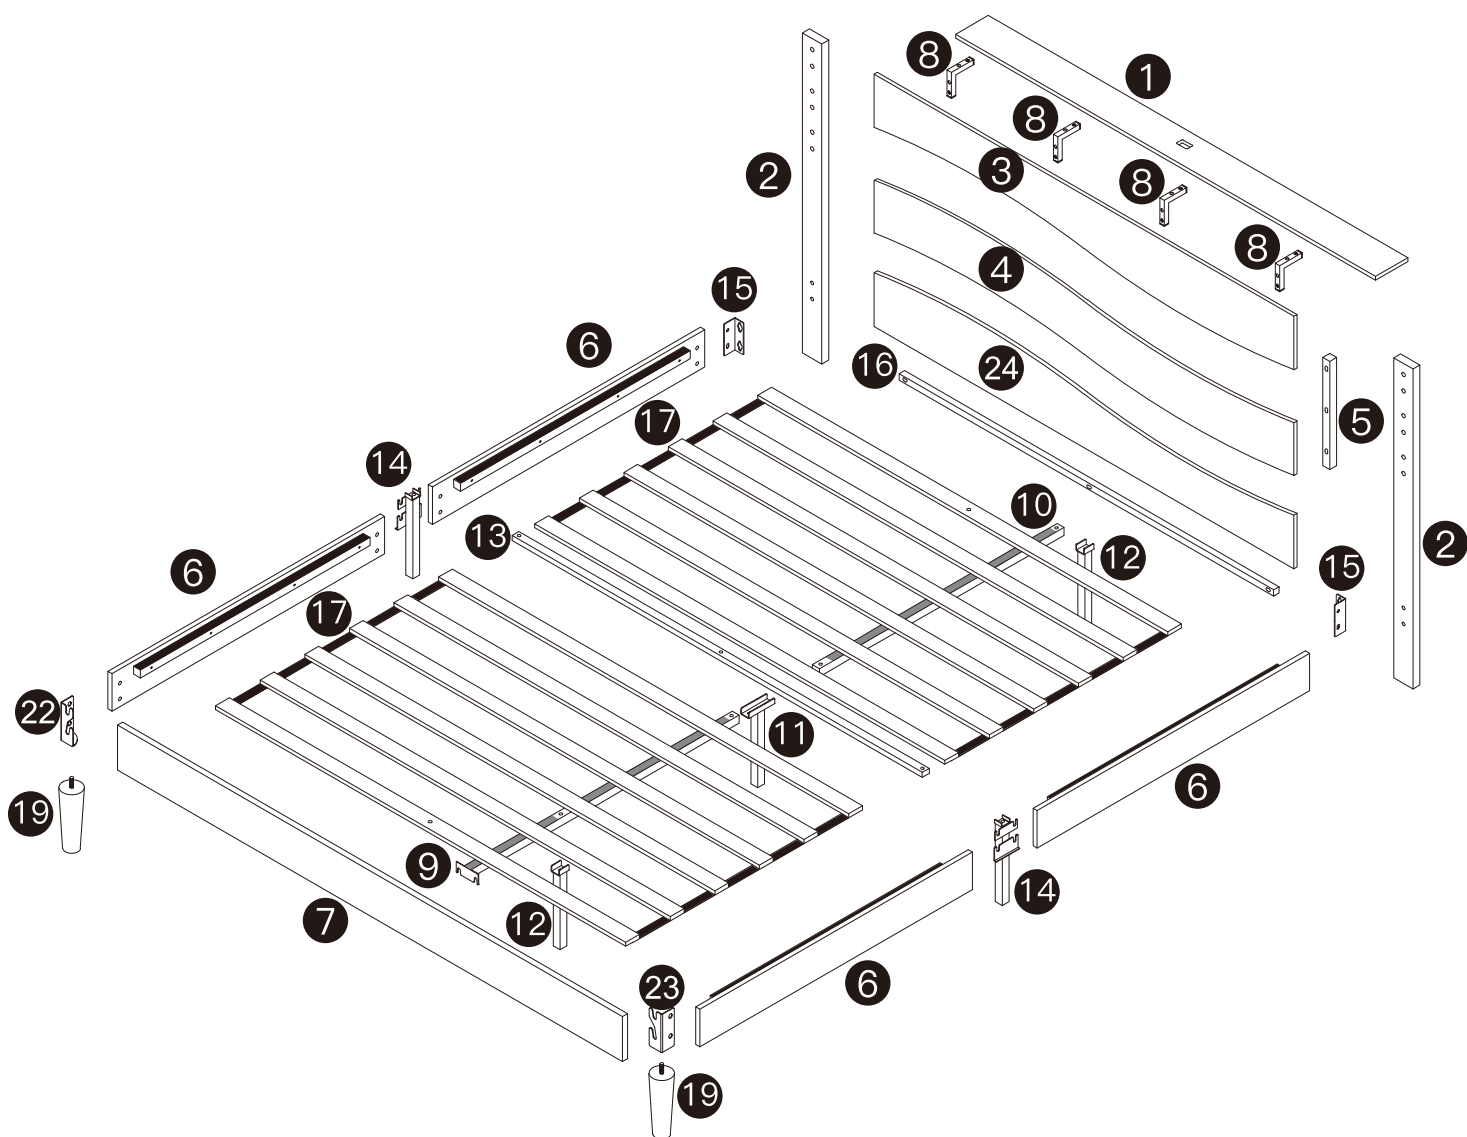

- **Do not** slide hard objects directly on the furniture to avoid scratching the surface; prevent hard objects from colliding with the furniture to protect its surface from hard scratches.
- Avoid prolonged contact of panel edges with water or liquids, as this may cause panels to absorb moisture and swell.
- Avoid prolonged exposure to high temperatures, as it may cause surface bulging on vacuum-formed/laminated components.
- **Do not** use any acidic or corrosive cleaners for surface cleaning.
- Secondary drilling is not recommended, as it may damage the internal structural strength.

Maintenance Methods

- (1) Regularly remove dust from the furniture surface with a soft cloth or wool brush to prevent dust from scratching the paint finish.
- (2) If there are water stains on the product, wipe them dry with a dry cloth immediately. Do not allow moisture to remain on the furniture surface to avoid long-term dampness.
- (3) If the environment where the product is placed is humid, it is recommended to place dehumidifying products inside the cabinet.
- (4) Place high-temperature or frozen items on the product only after placing a heat-resistant mat underneath. For heavy or hard items, use a soft decorative tablecloth or felt pad on the surface to provide protection.
- (5) Lubricate connectors: Regularly lubricate moving parts (such as hinges and slide rails) to maintain flexibility.

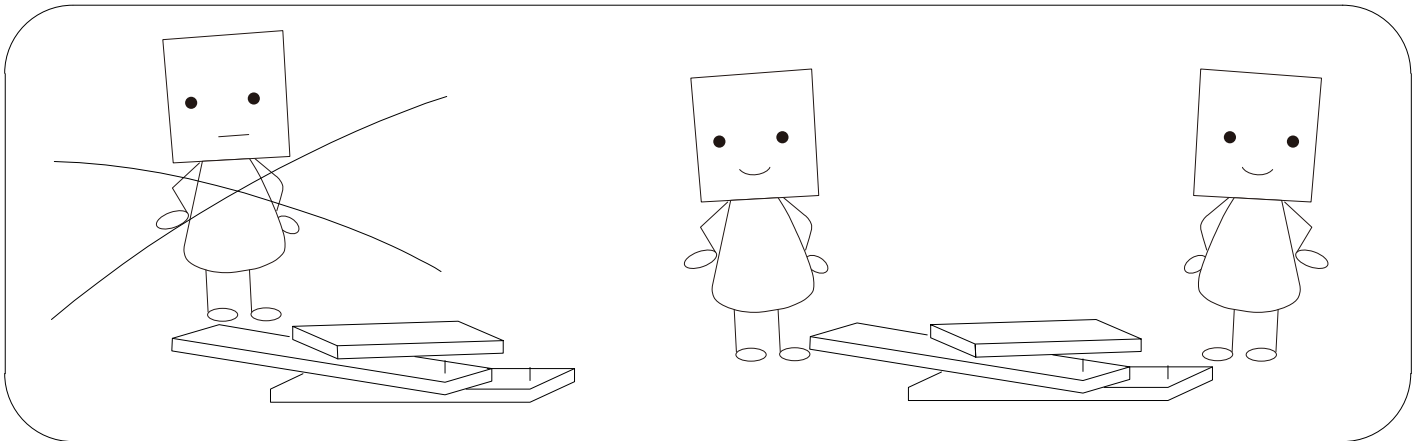

EXPLODED DRAWING:

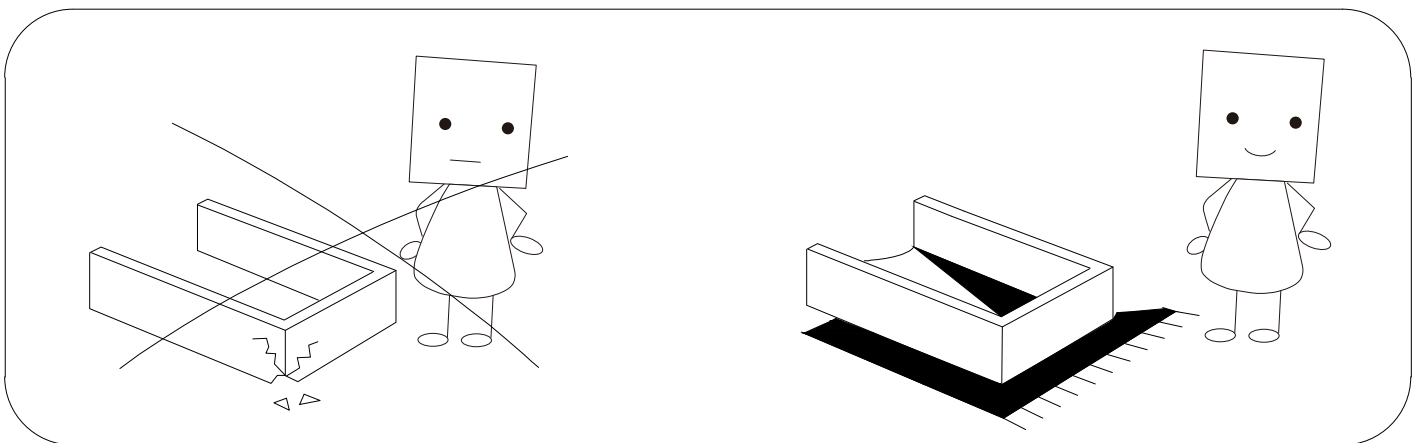

WARNING

Need Two Or More People To Complete

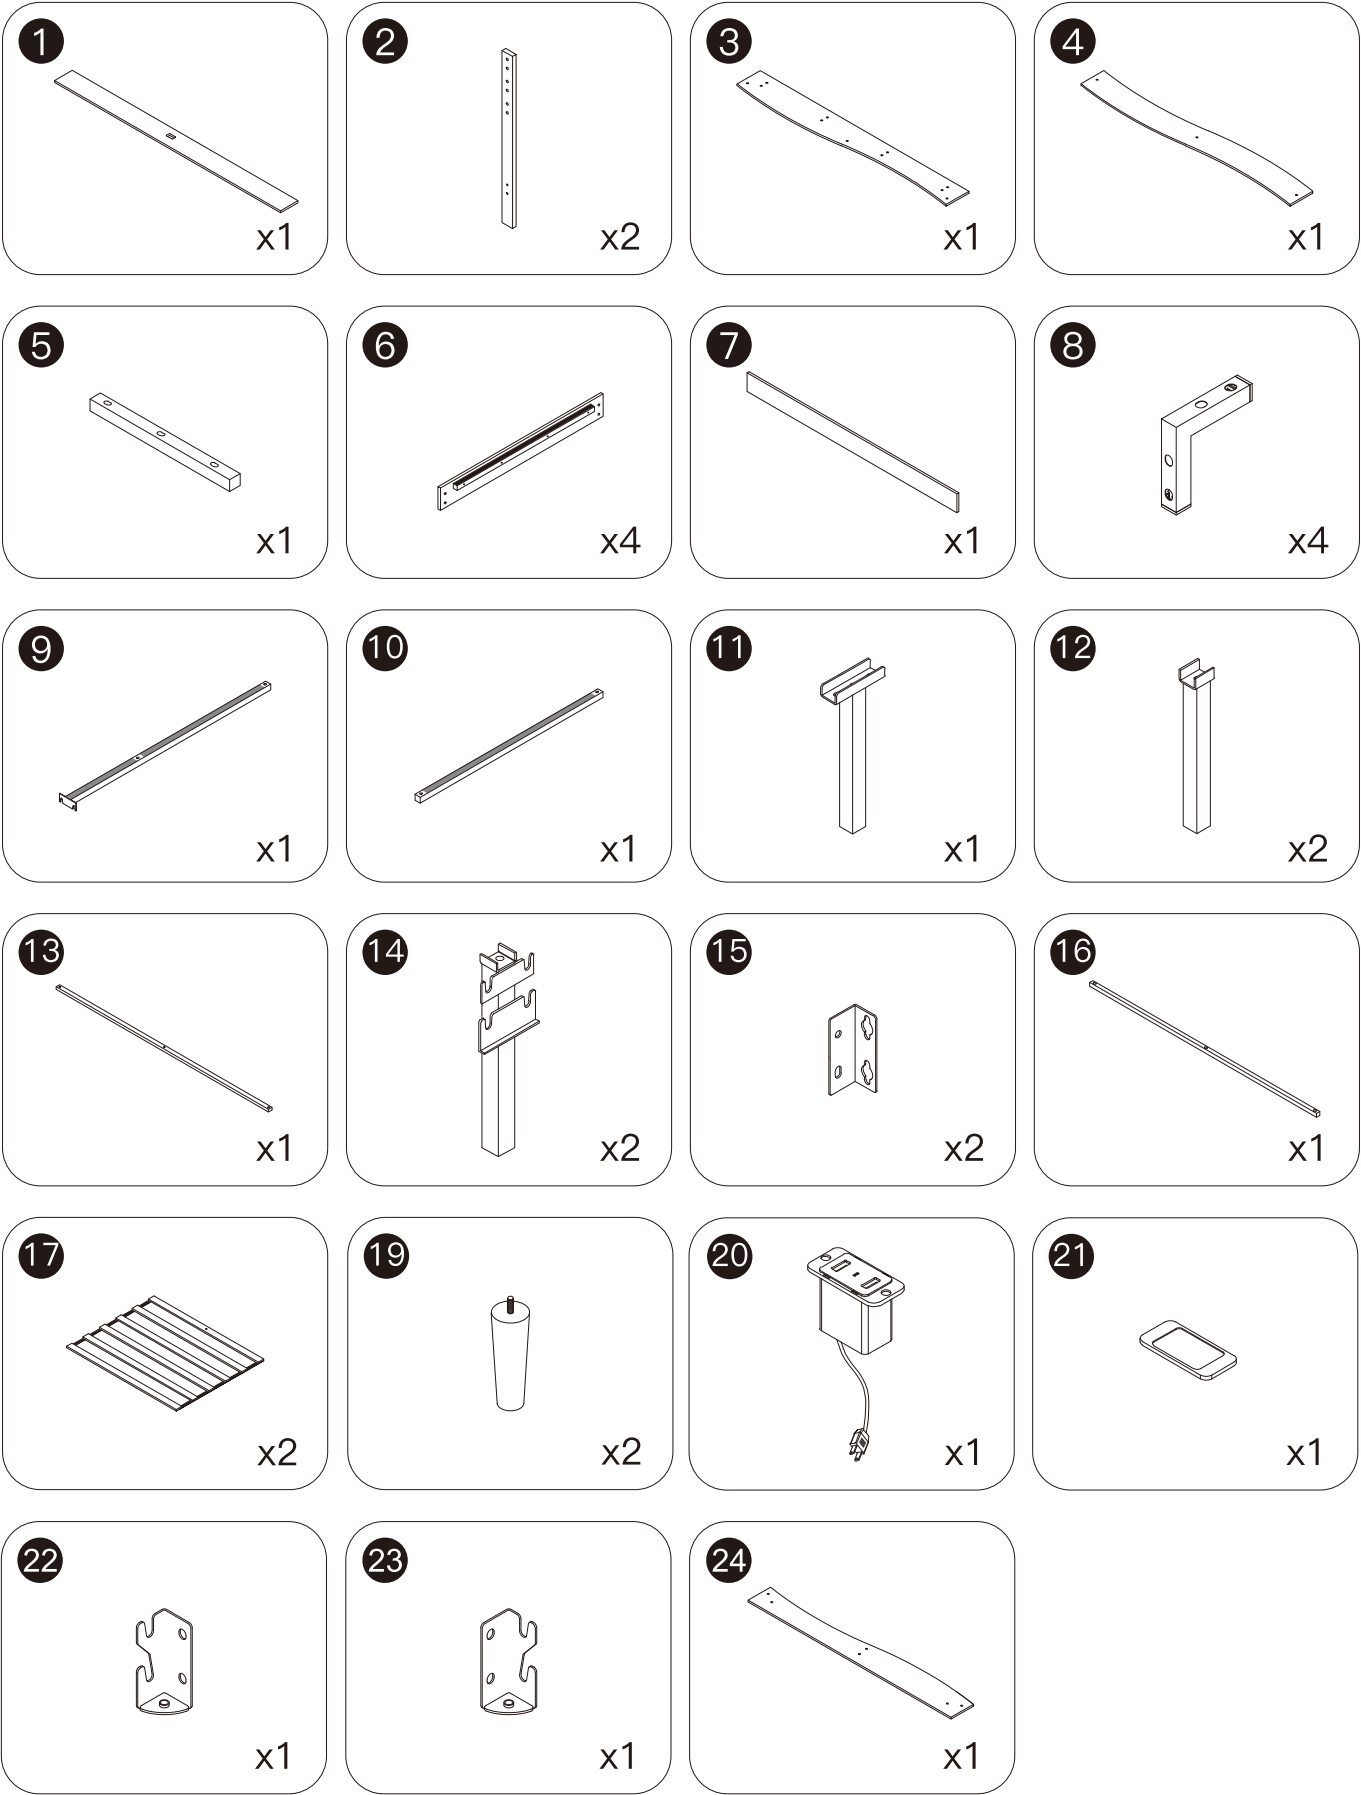

Assemble Item On a Clean Flat Surface

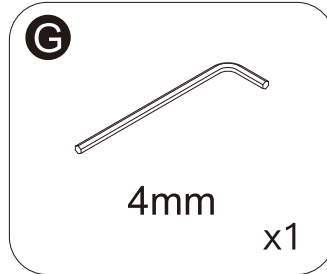

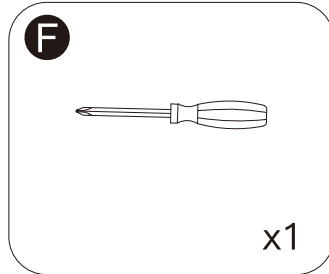

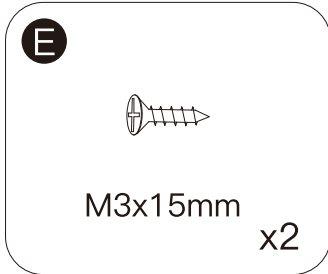

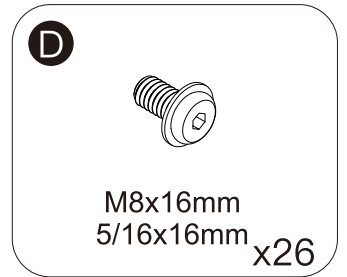

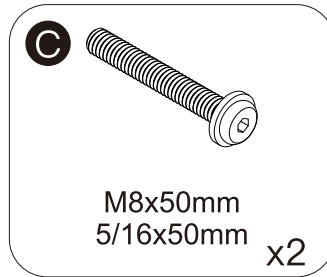

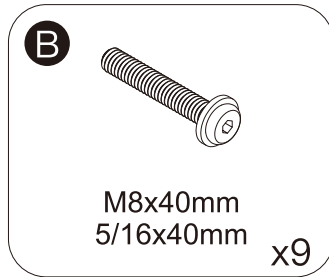

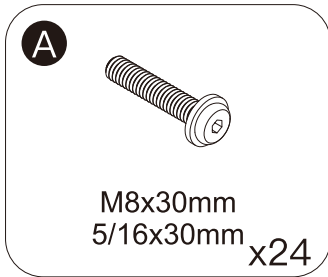

- Please check you have all hardware before assembling.
- Please ensure you have the name of the item and hardware part required and quantity.
- If you have any questions, please contact us by original purchase platform.
we will reply you ASAP.

Please check all parts and accessories according to the parts list before assembling, make sure all contents are sufficient and in good condition. If there is any parts missing or defective, please contact us with purchase platform message immediately to get replacement parts.

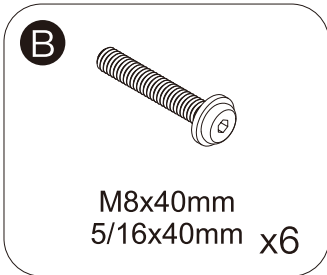

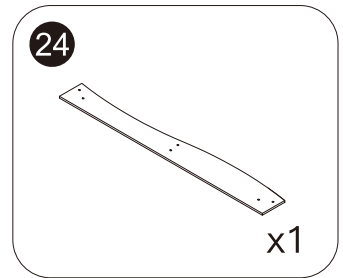

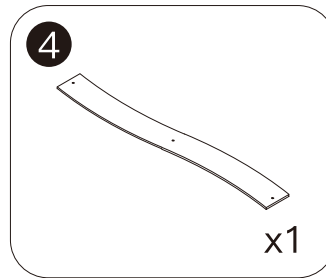

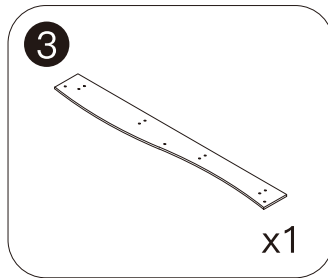

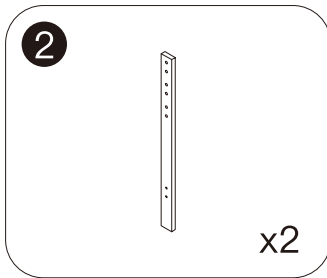

PARTS:

HOW TO INSTALL

STEP 1

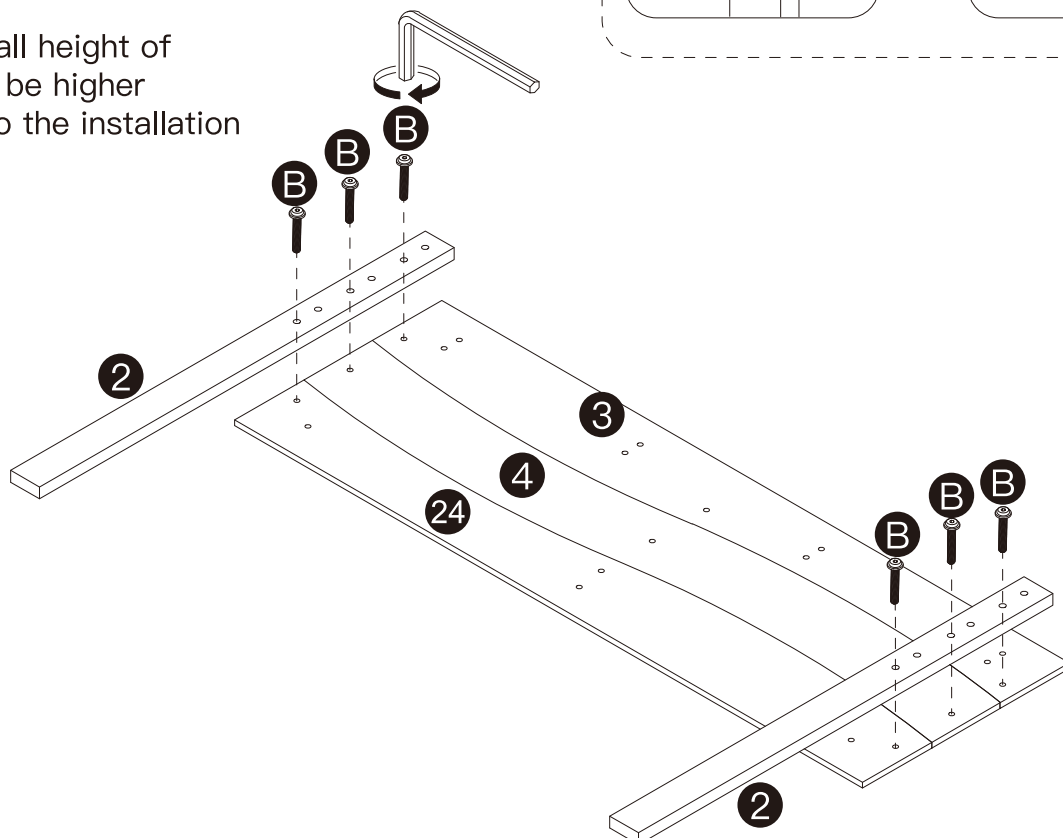

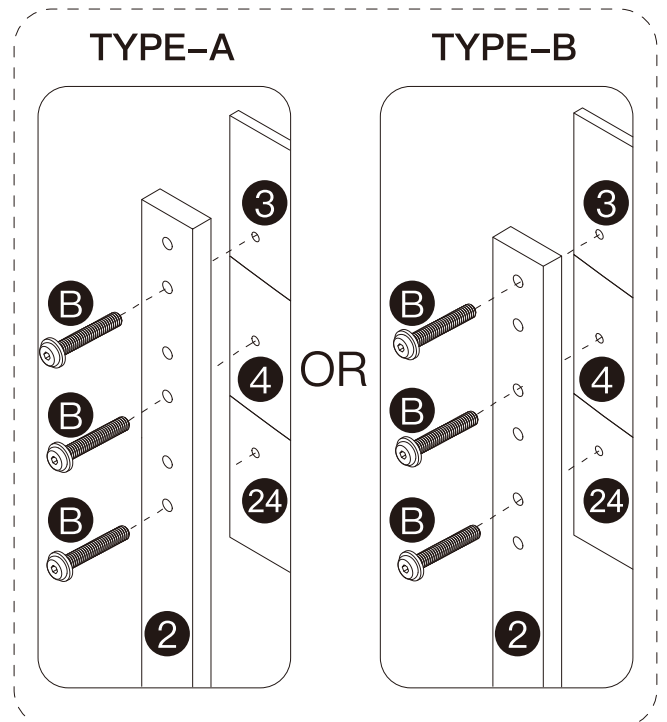

NOTICE:

(1) The height of the bedhead can be adjusted through the holes installed with screws.

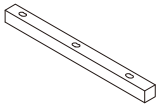

(2) Please ensure that part 2 are installed at the same height on both sides.

(3) The overall height of the bed will be higher according to the installation of TYPE B.

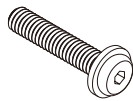

STEP 2

5

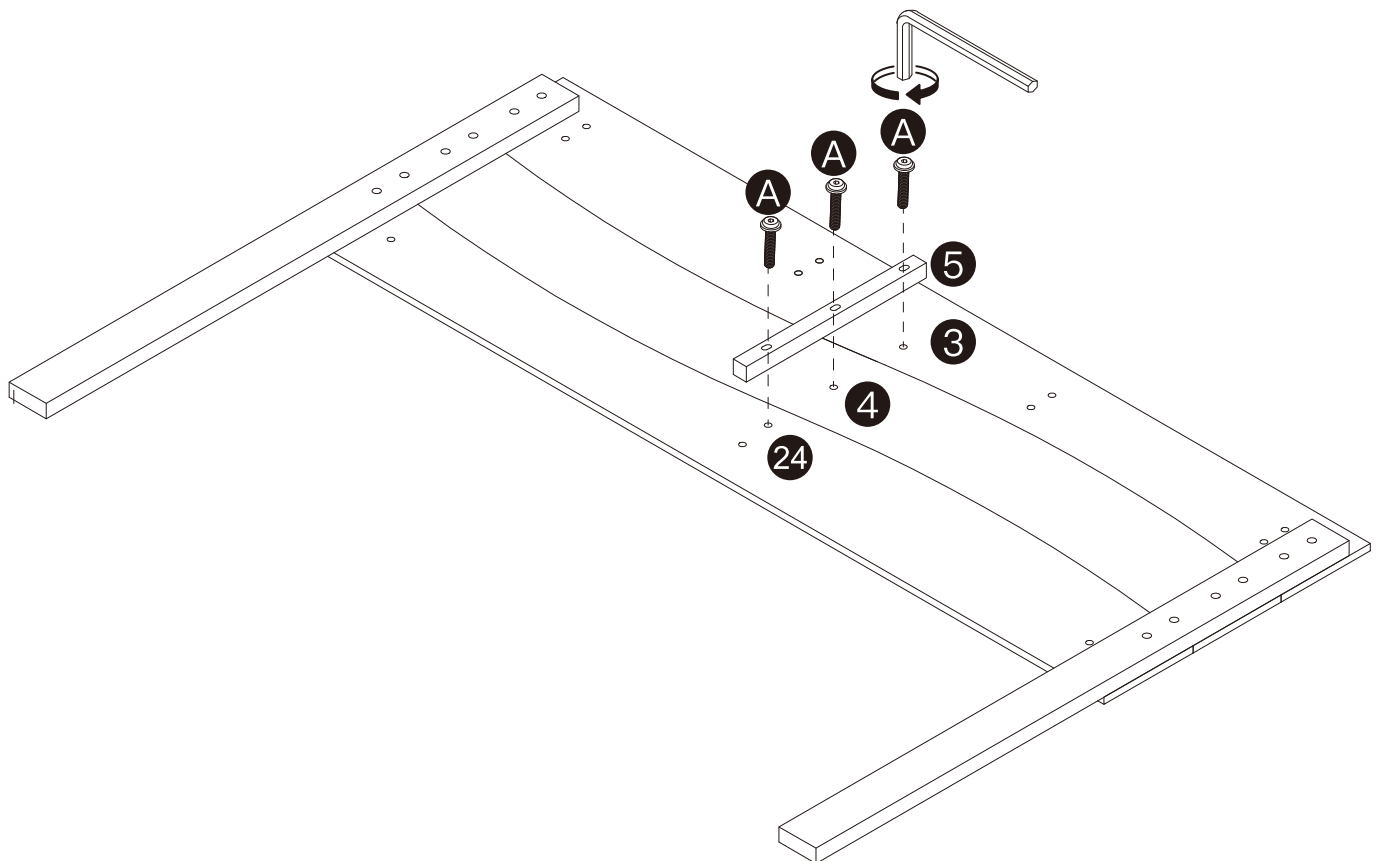

x1

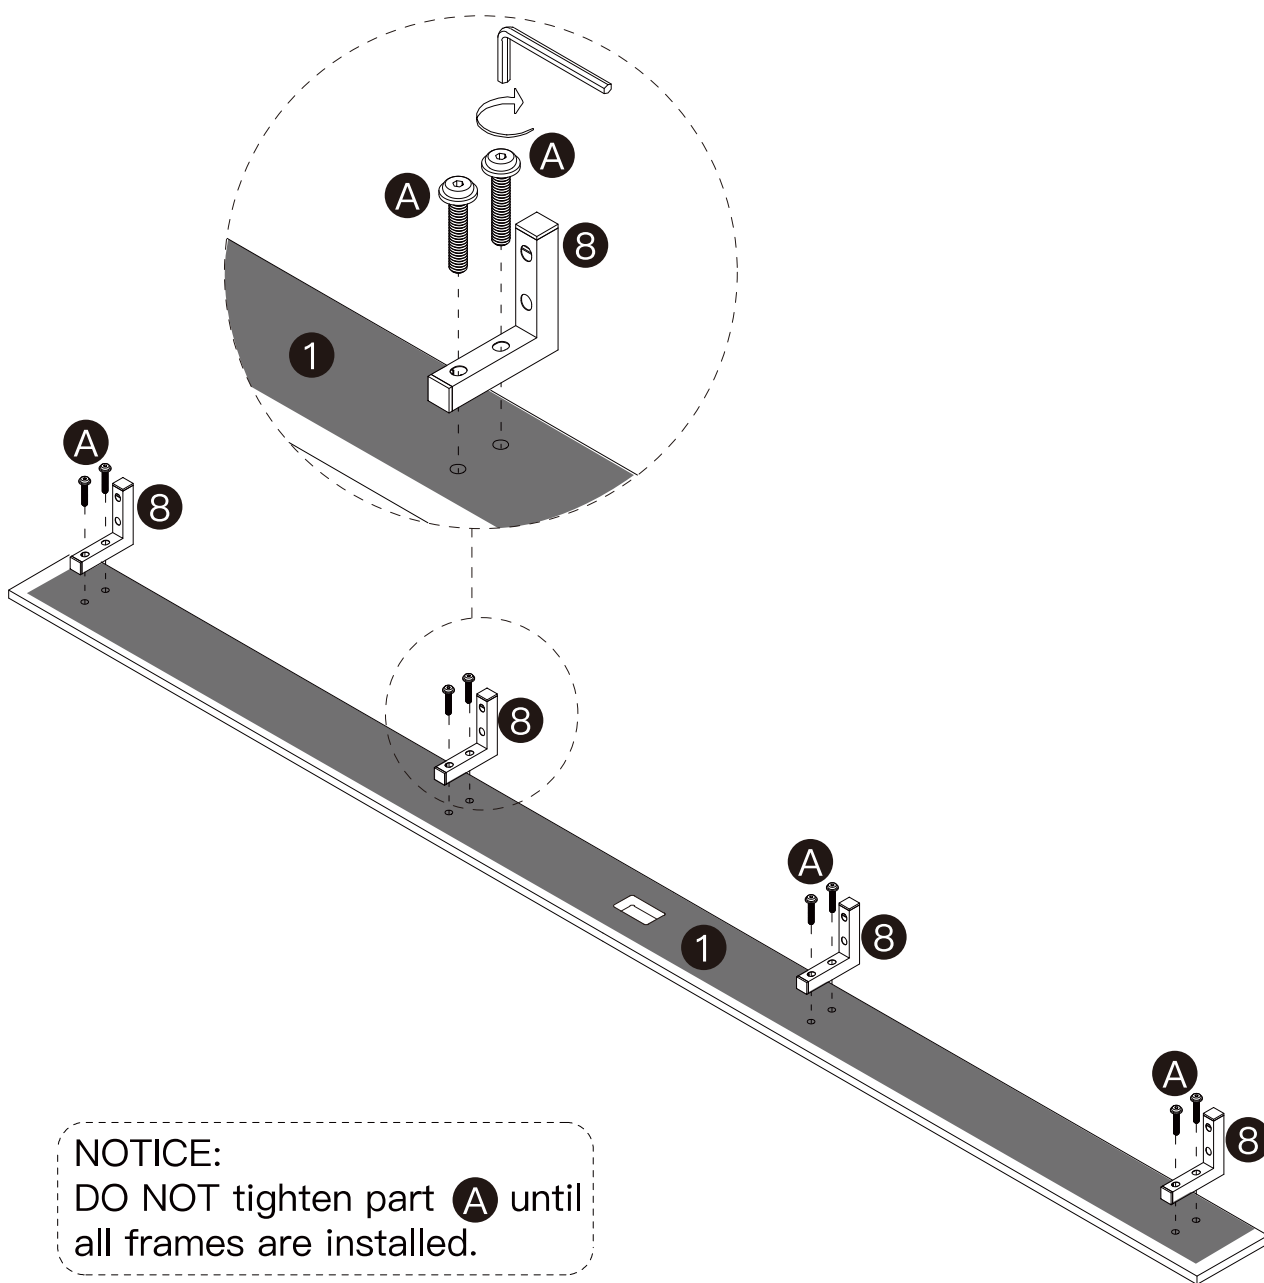

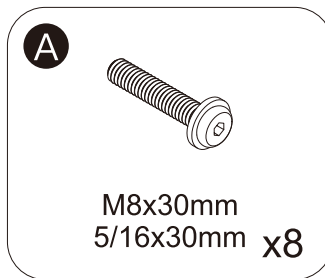

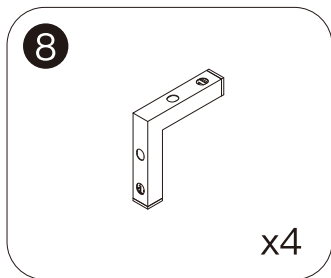

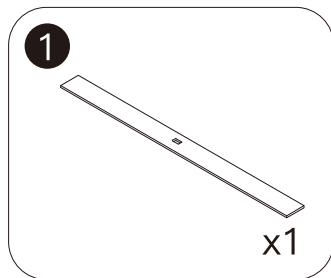

A

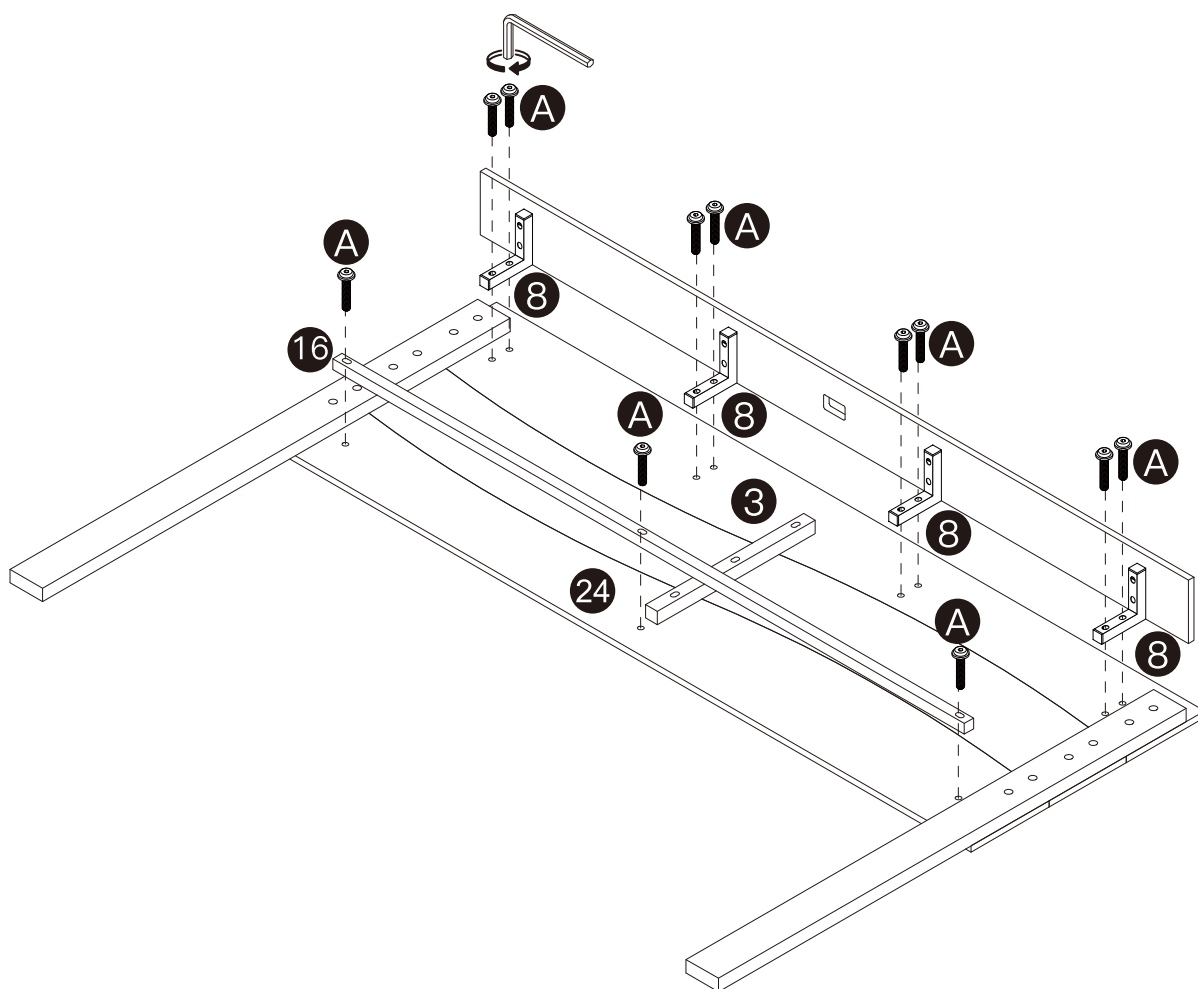

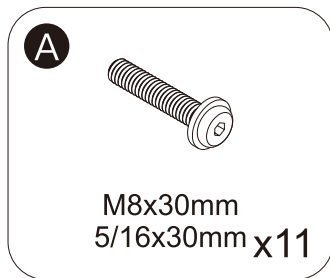

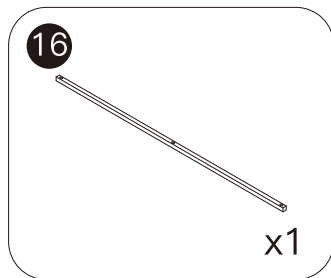

M8x30mm
5/16x30mm x3

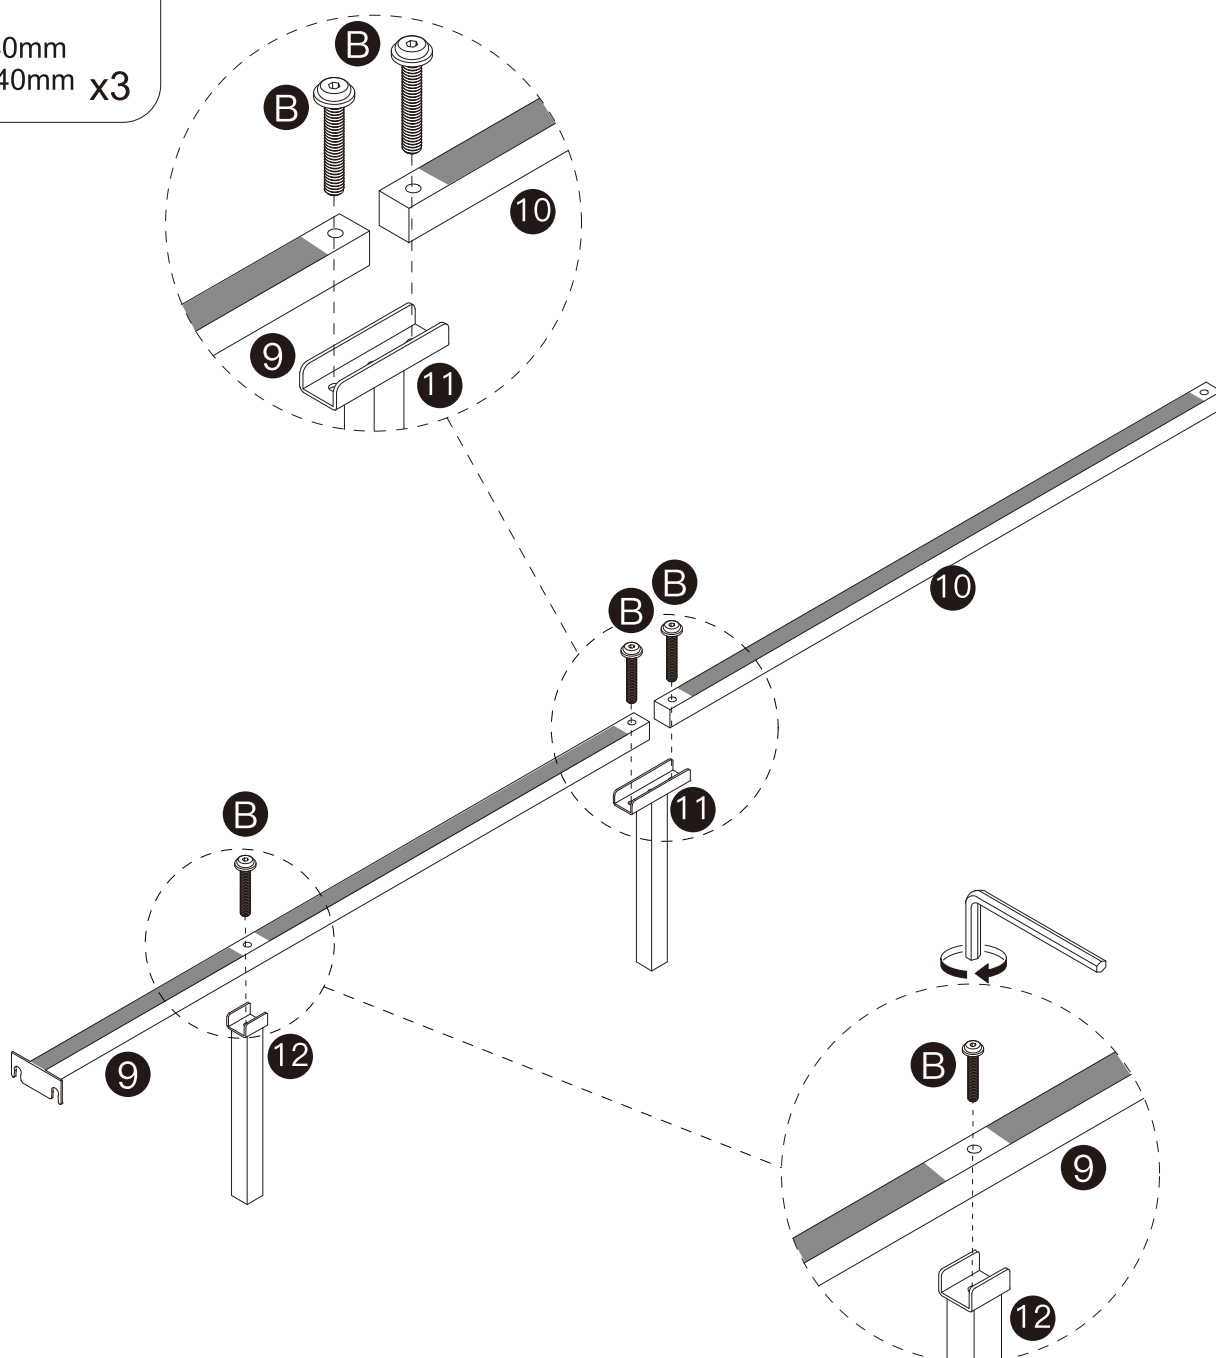

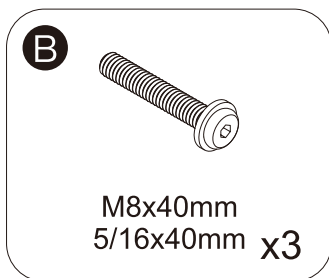

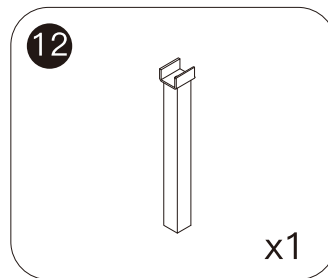

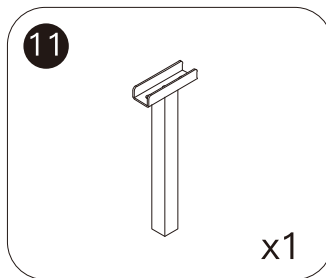

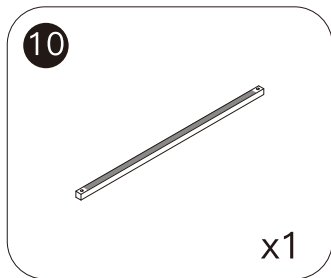

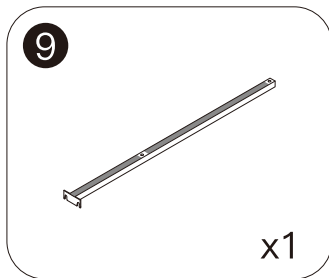

STEP 3

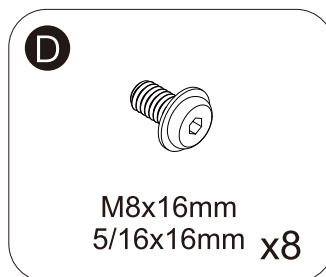

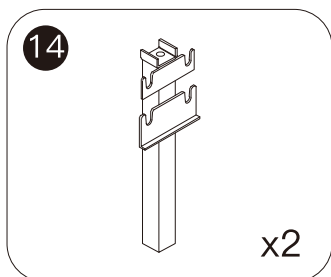

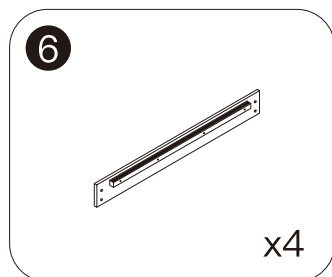

STEP 4

STEP 5

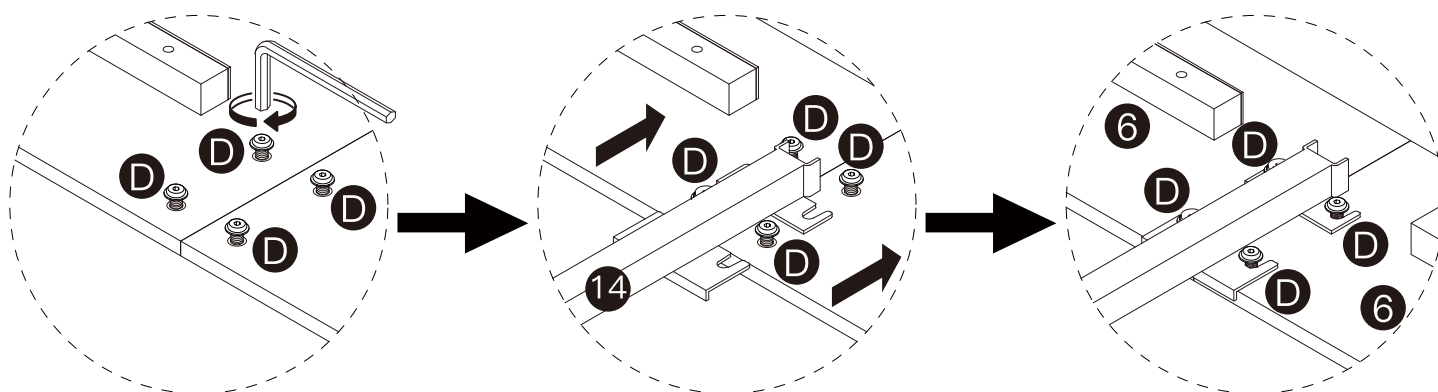

STEP 6

1. Please screw bolt (part **D**) in 1/2 at the marked position to make assembly easier.

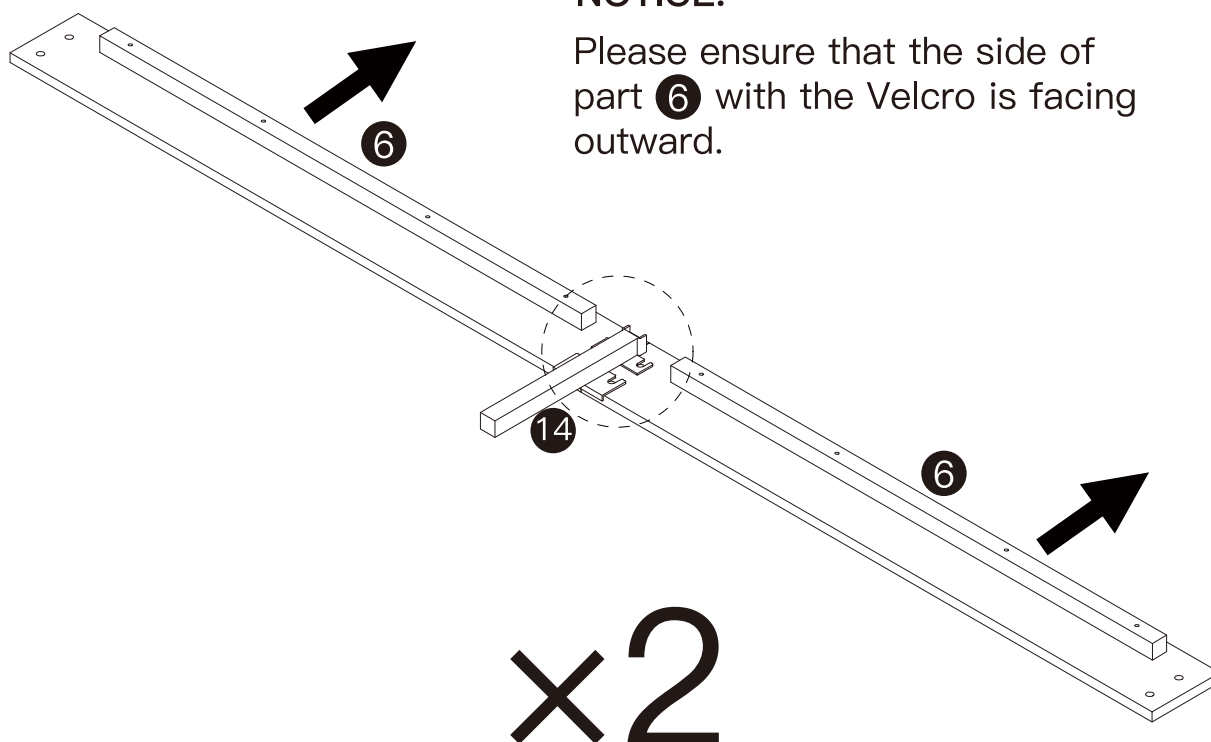

2. Hang part **14** onto part **D**.

3. After hanging, tighten part **D** on part **6**.

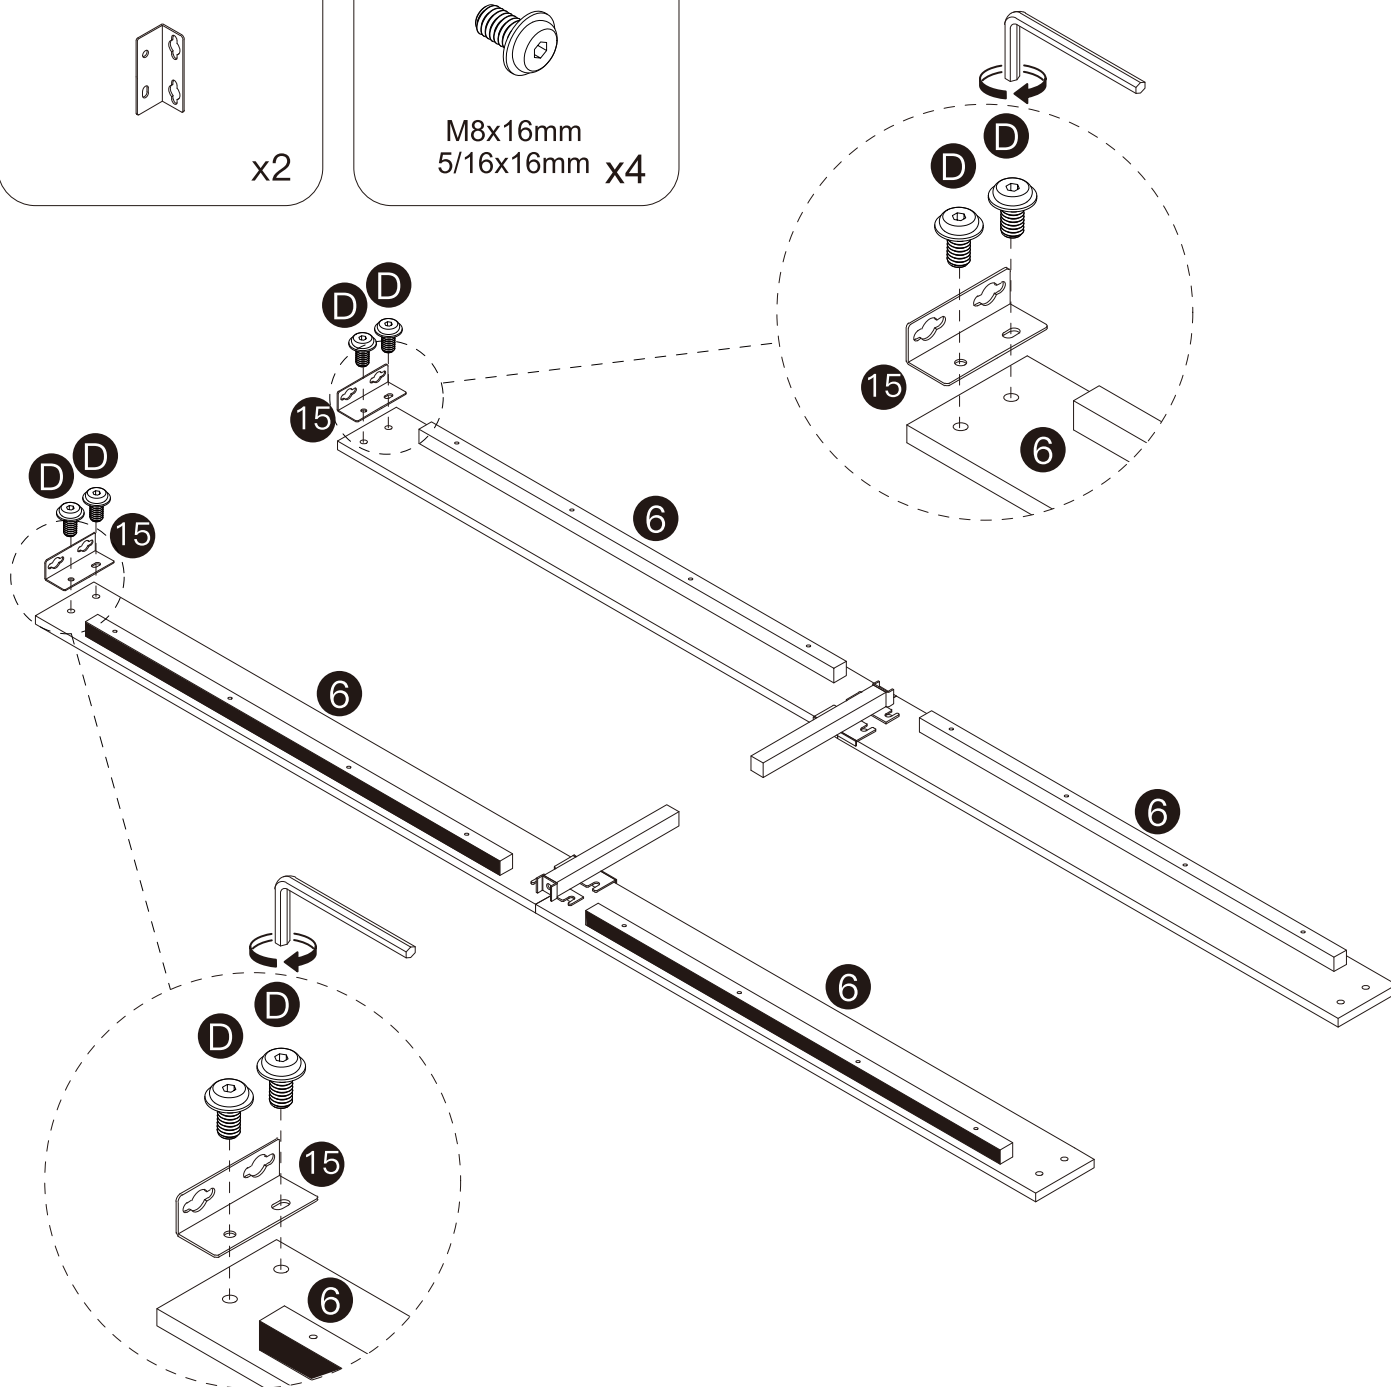

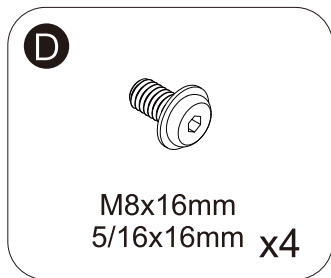

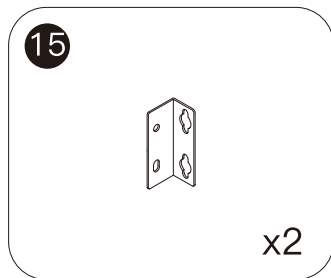

NOTICE:

Please ensure that the side of part **6** with the Velcro is facing outward.

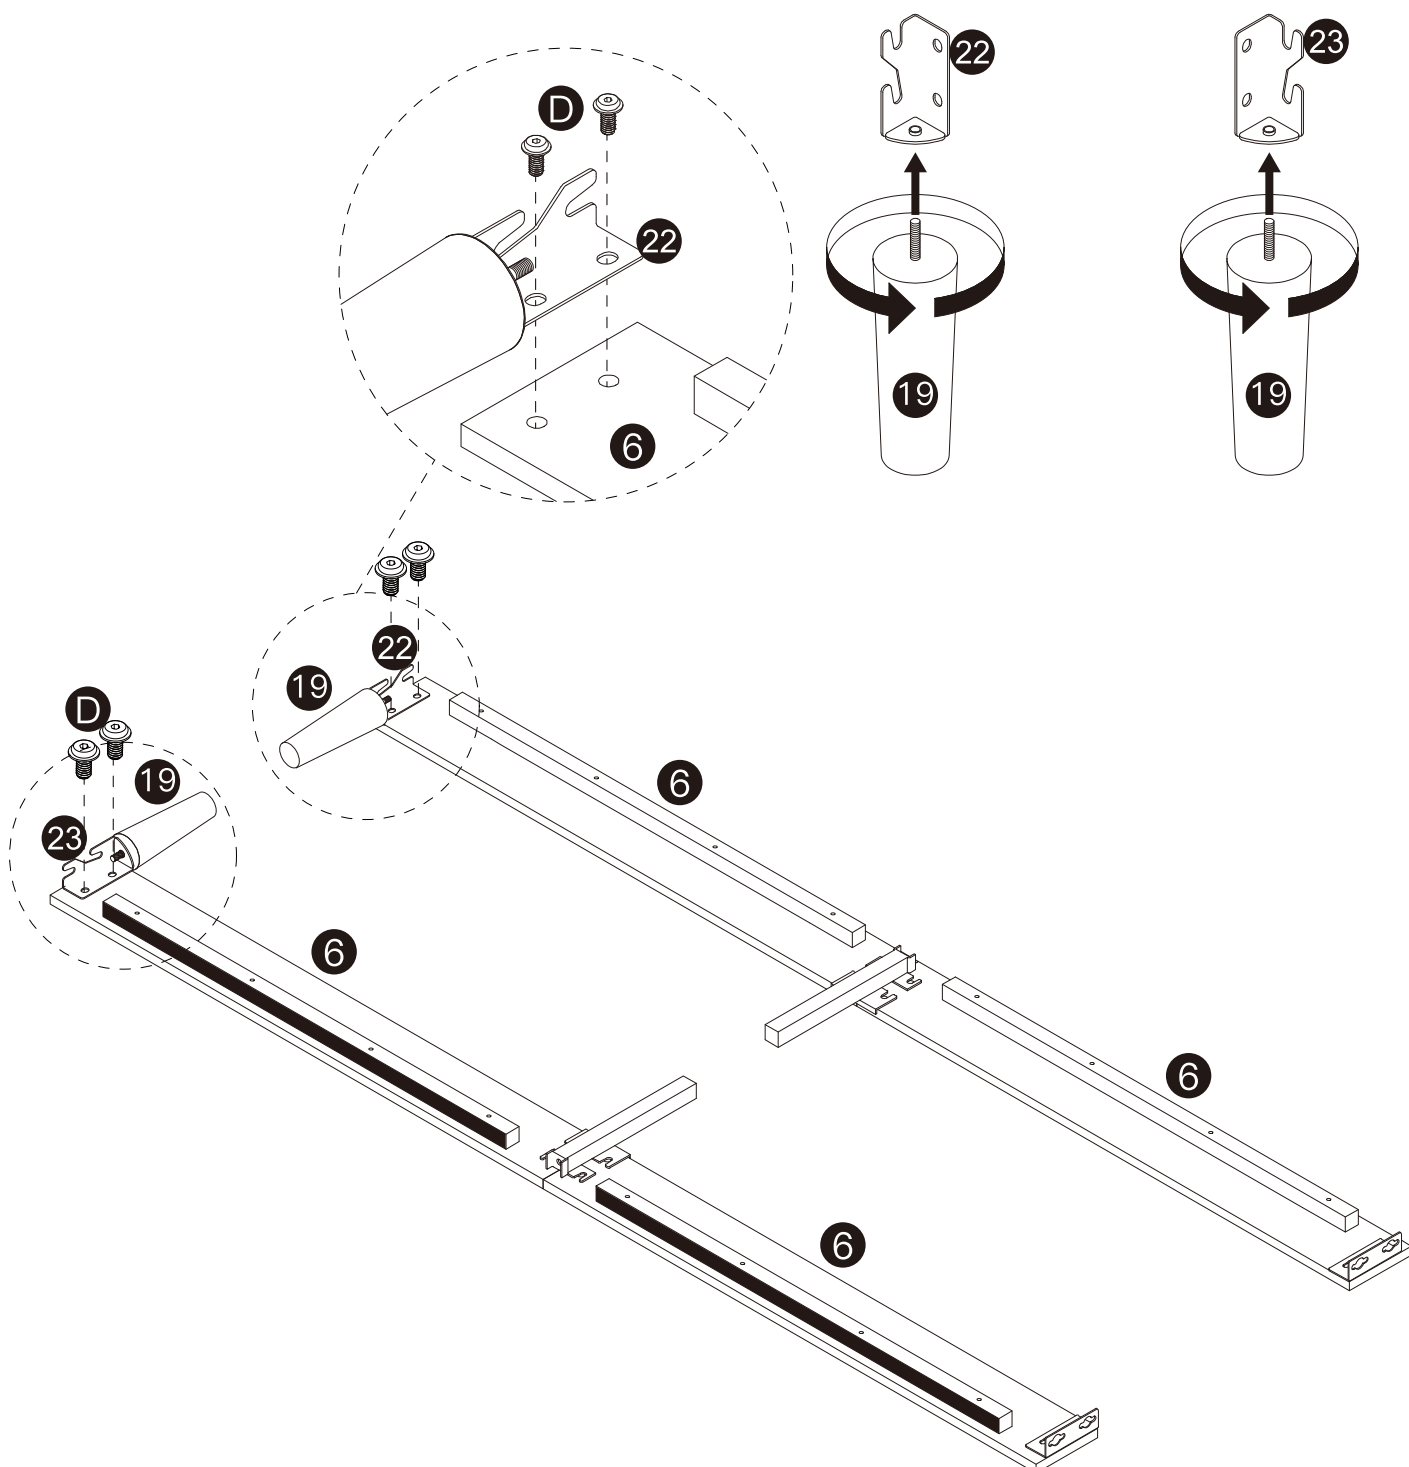

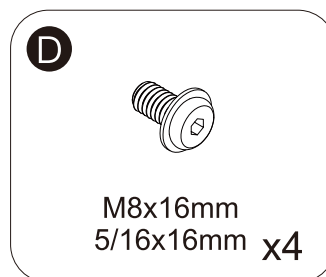

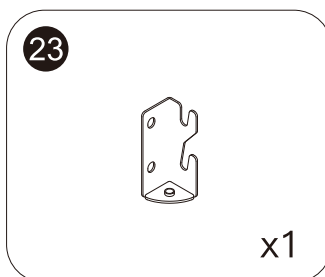

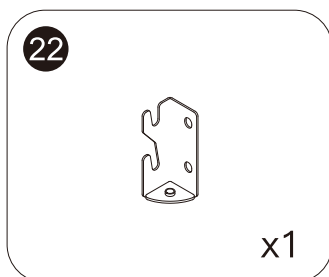

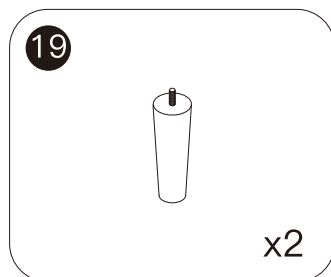

STEP 7

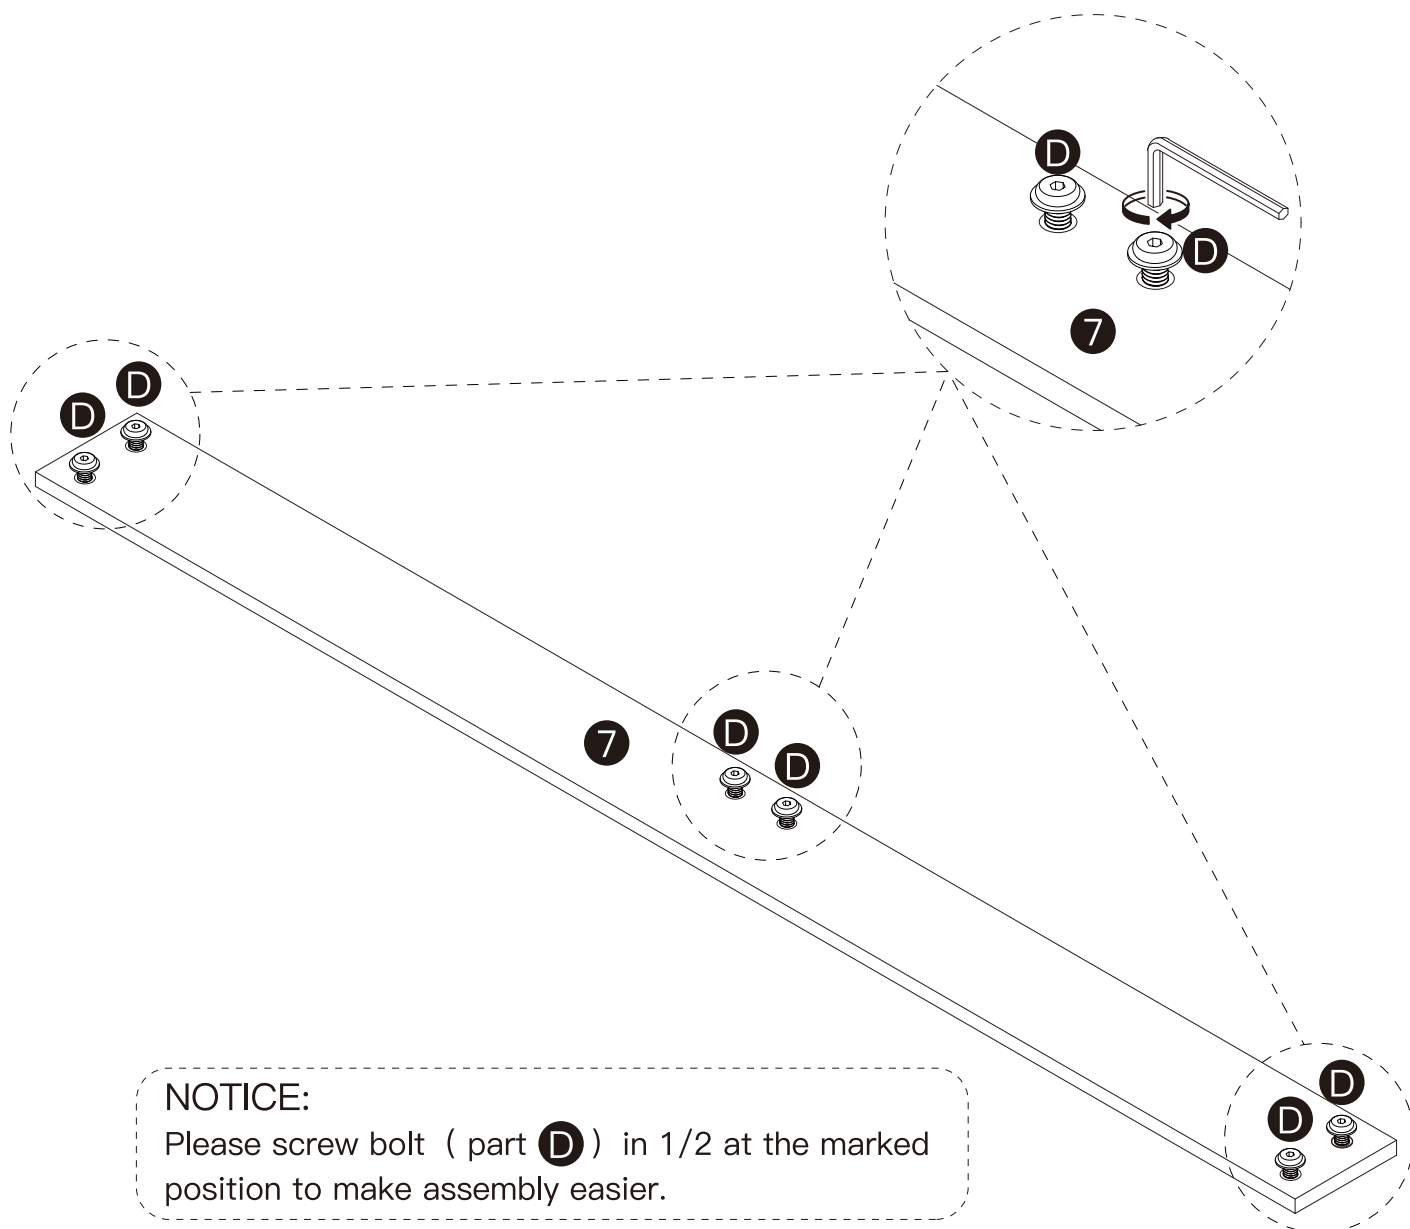

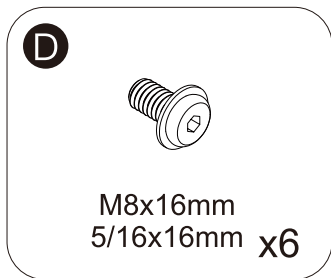

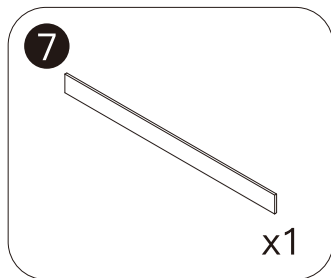

NOTICE:

Please screw bolt (part **D**) in 1/2 at the marked position to make assembly easier.

STEP 8

STEP 9

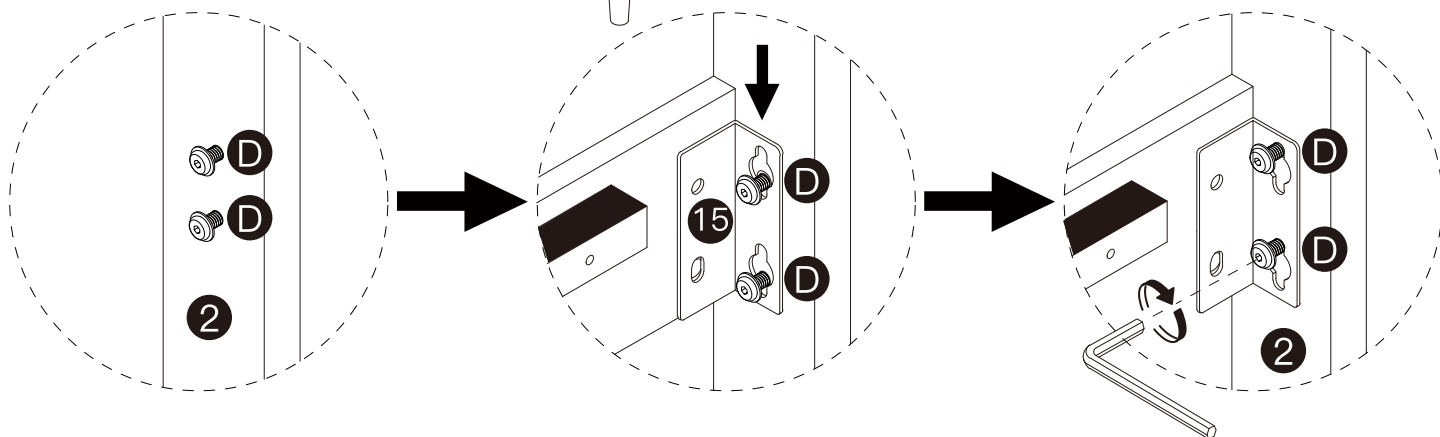

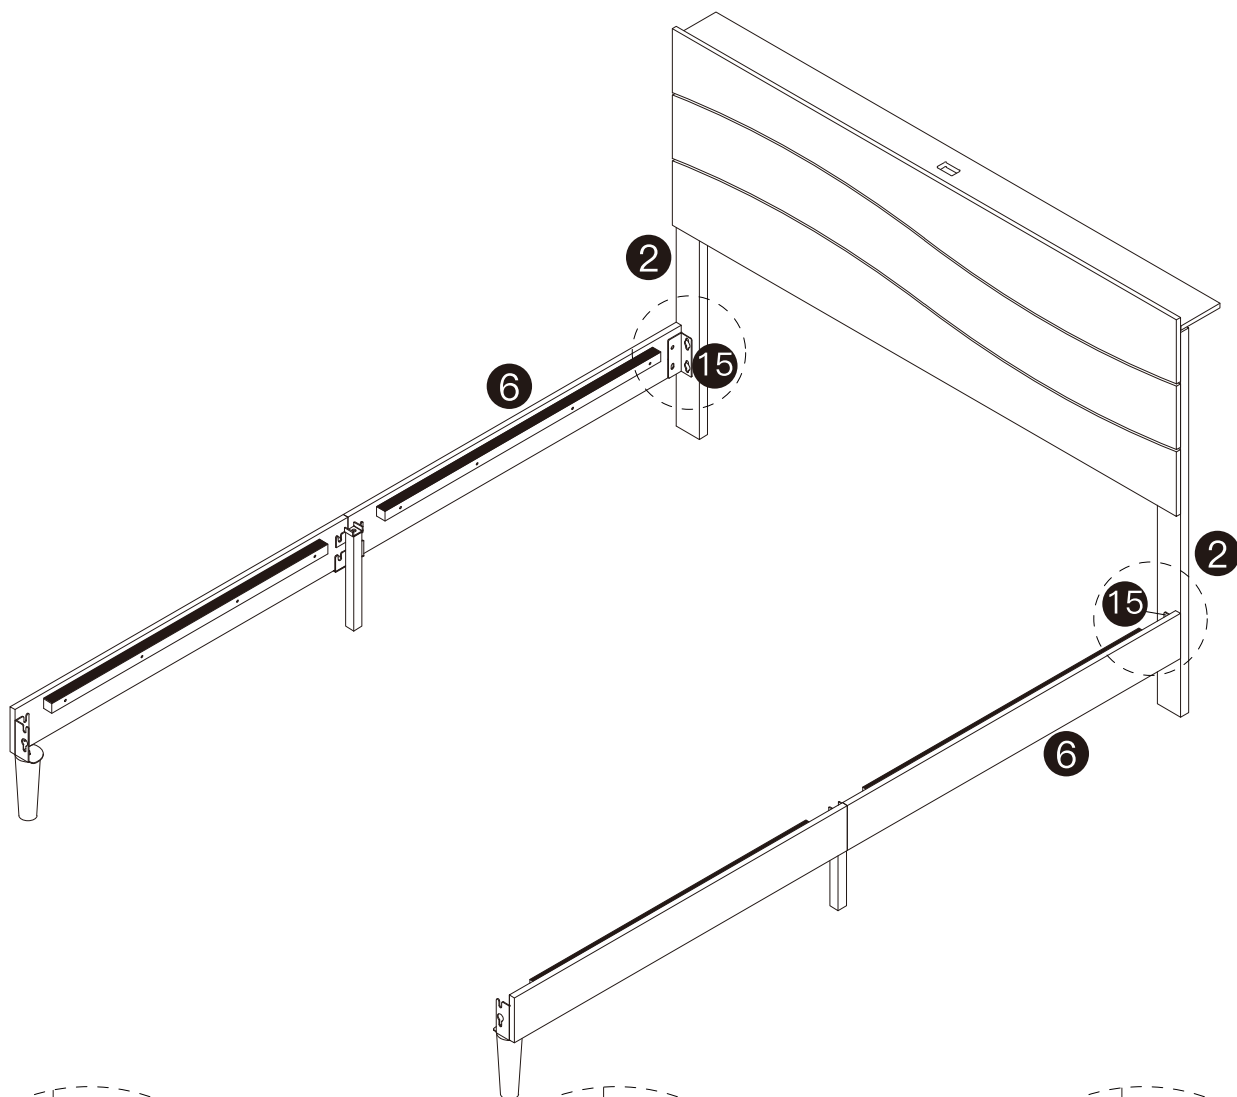

STEP 10

D

M8x16mm
5/16x16mm x4

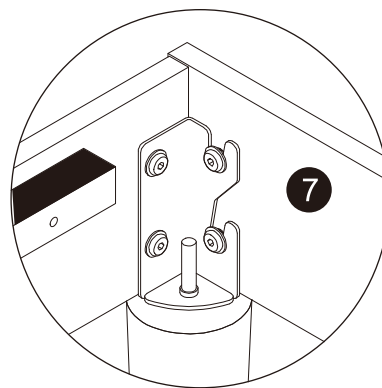

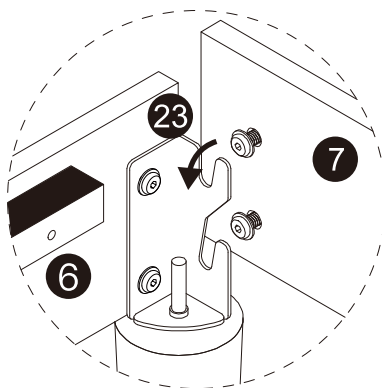

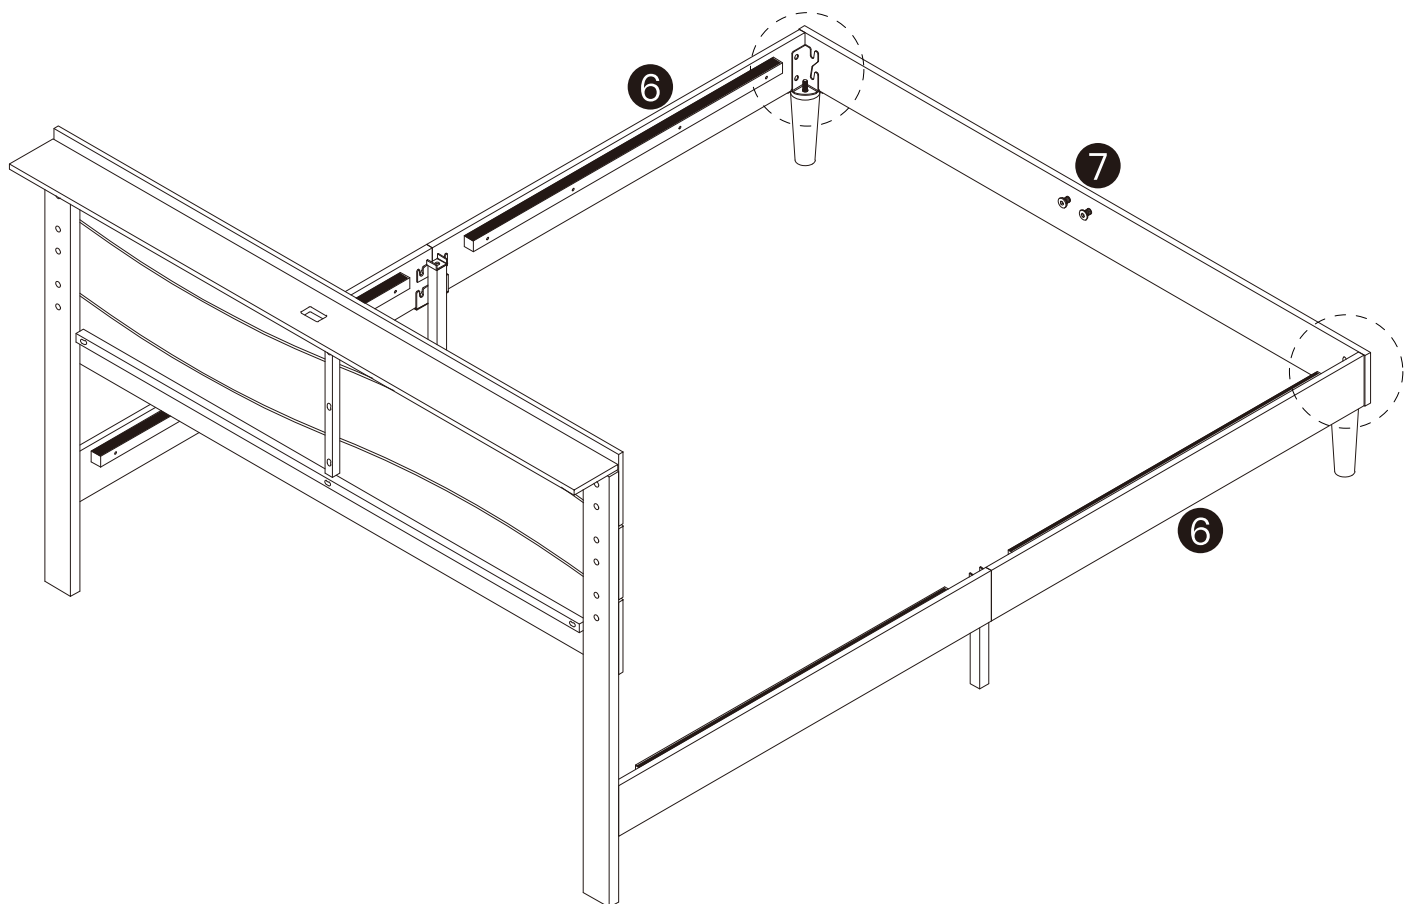

1. Please screw bolt (part **D**)
in 1/2 at the marked position
to make assembly easier.

2. Hang part **15** onto part **D** .

3. After hanging, tighten
part **D** on part **2** .

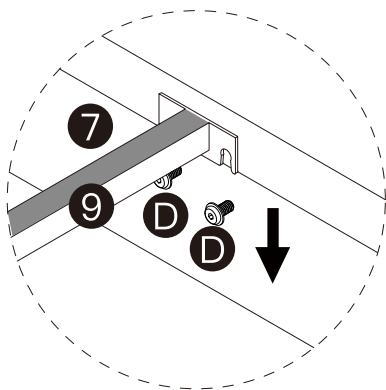

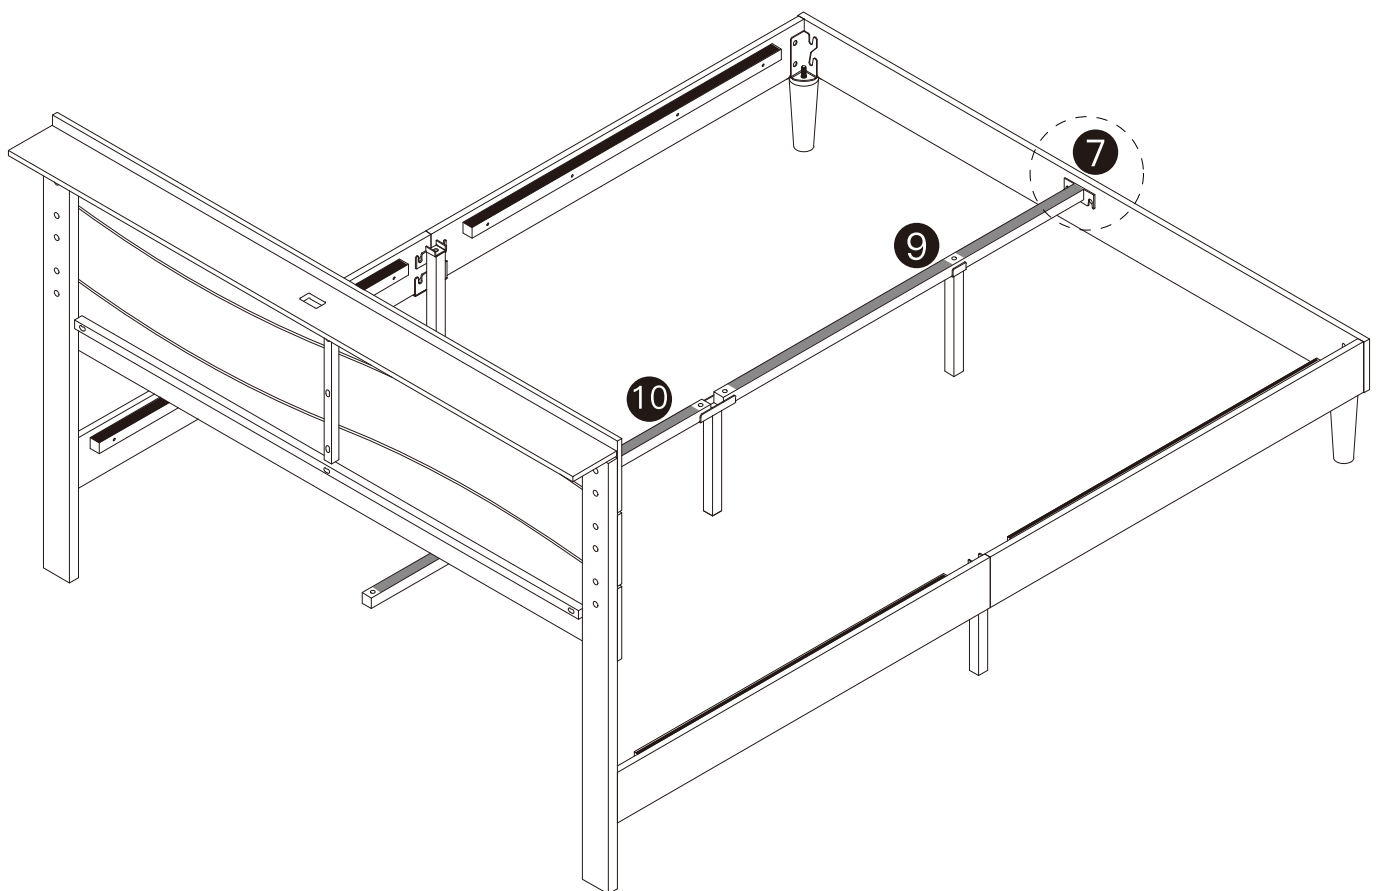

STEP 11

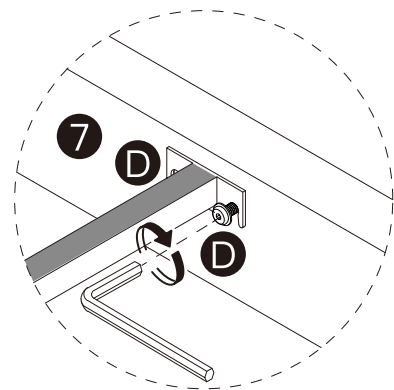

1. Hang part 7 onto part 22 23 .

2. After hanging, tighten part D on part 7 .

STEP 12

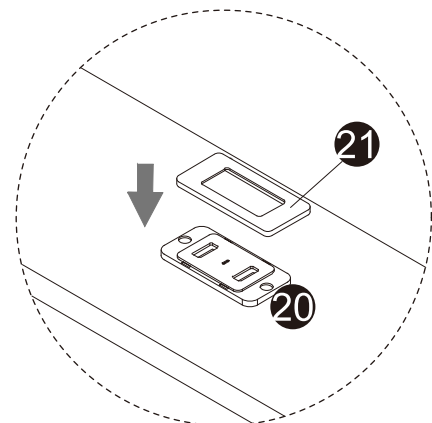

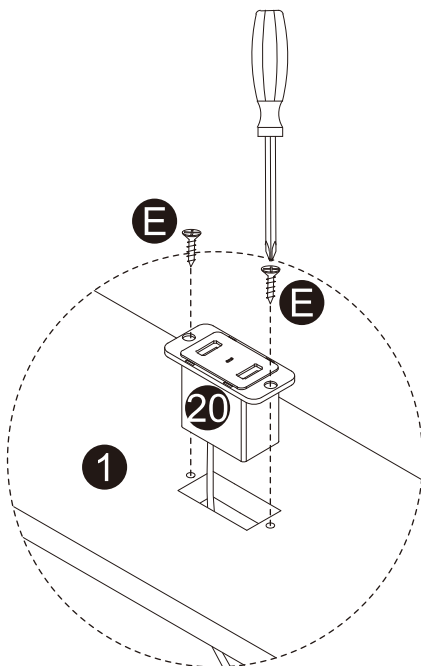

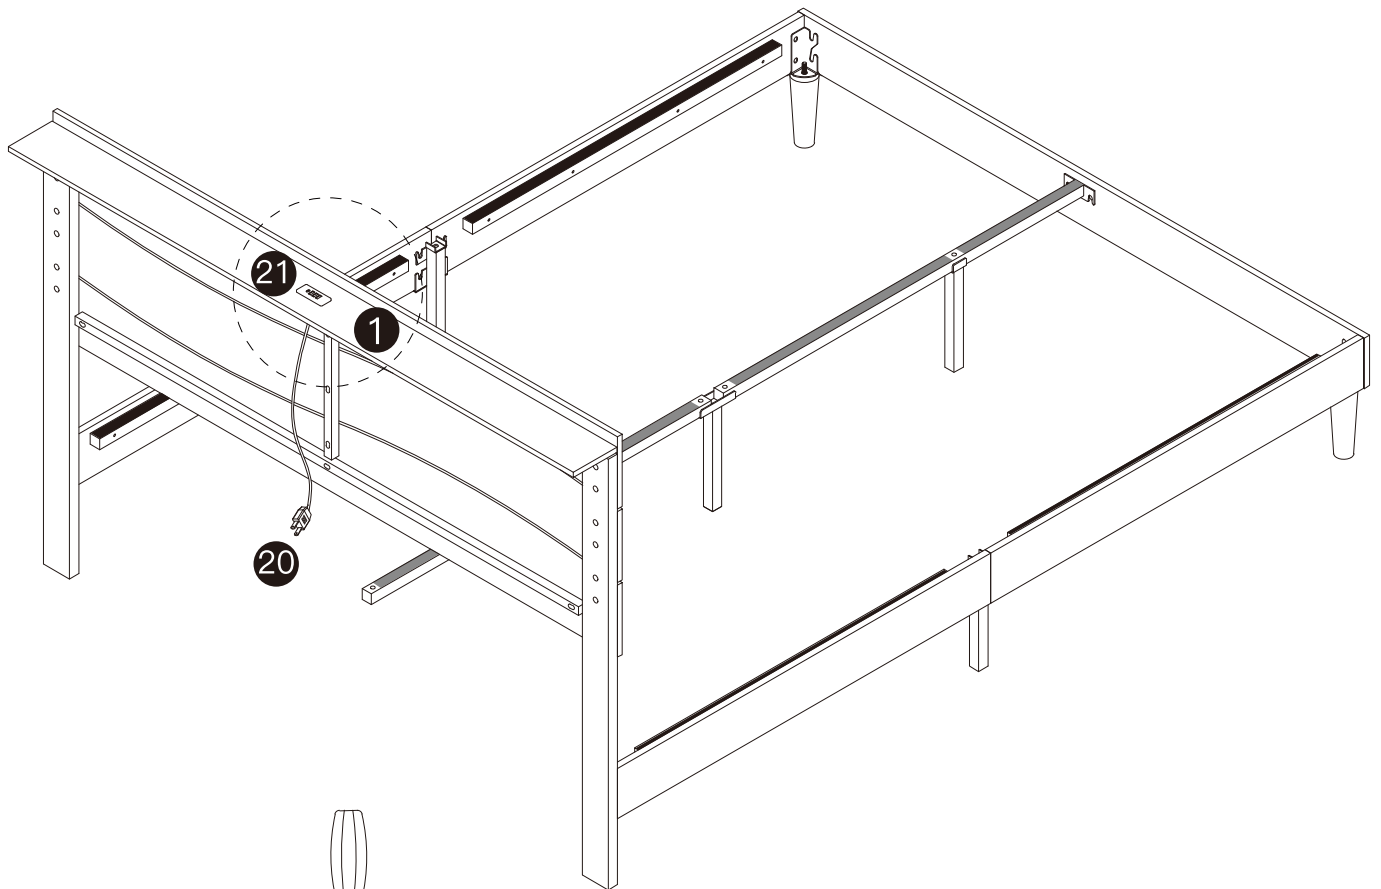

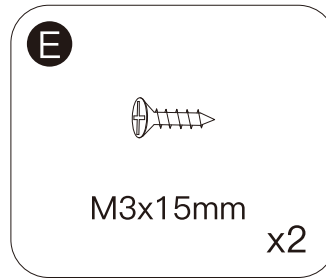

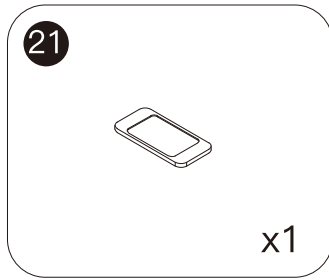

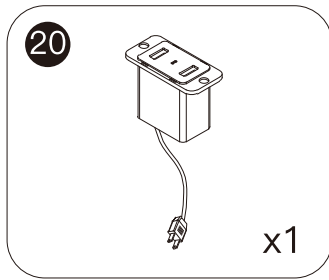

1. Hang part ⑨ onto part ⑦.

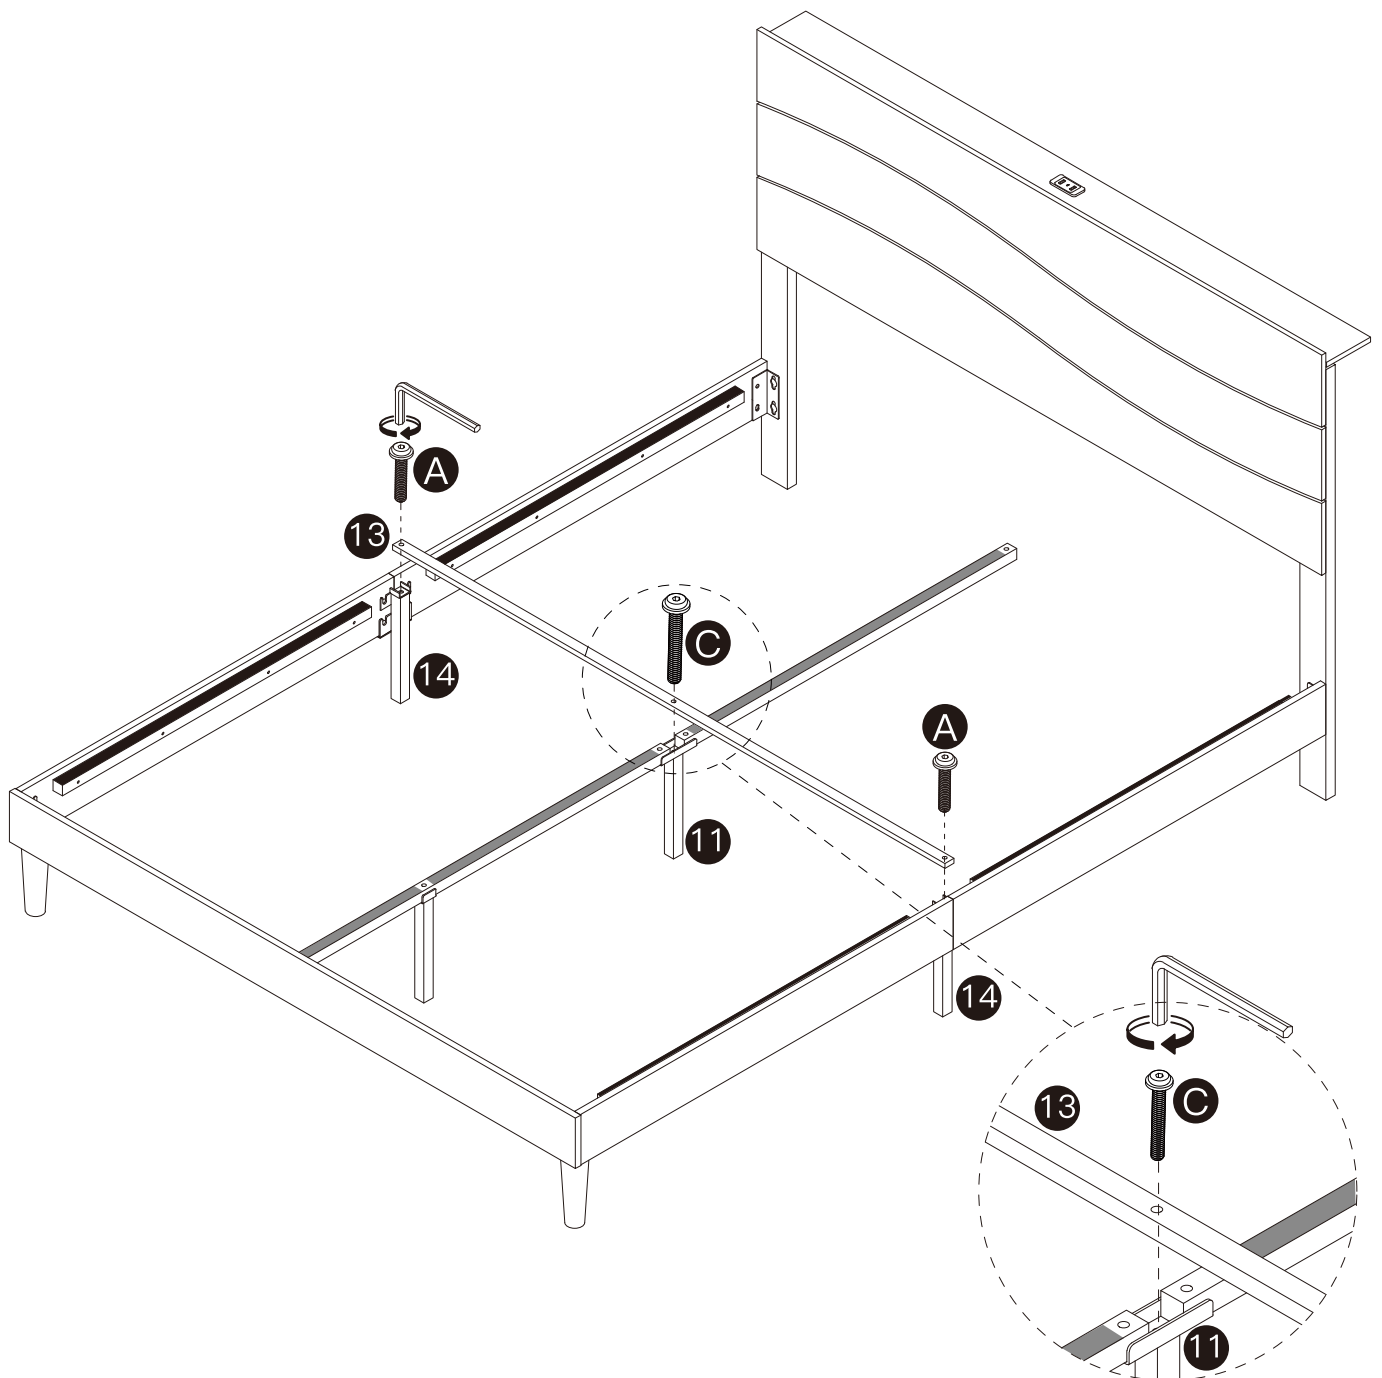

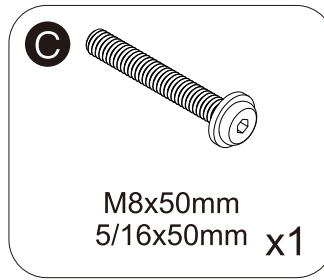

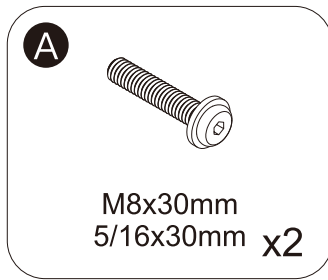

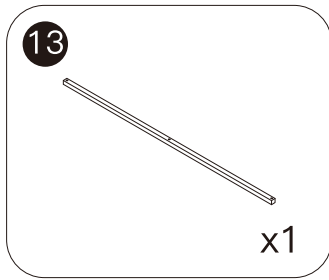

2. After hanging, tighten part ① on part ⑦.

STEP 13

STEP 14

STEP 15

17

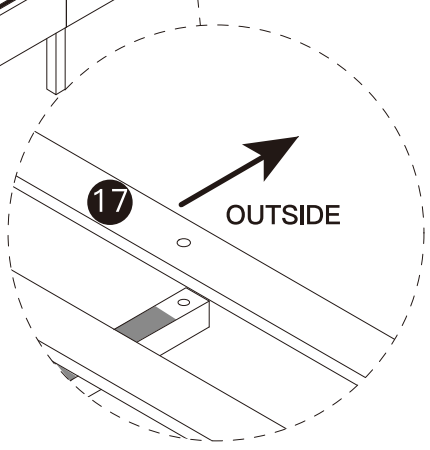

x2

17

x2

NOTICE:
Please make sure the side of part 17 with holes is located on the outside.

NOTICE:
Please make sure the side of part 17 with holes is located on the outside.

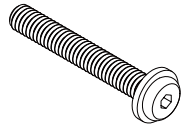

STEP 16

12

x1

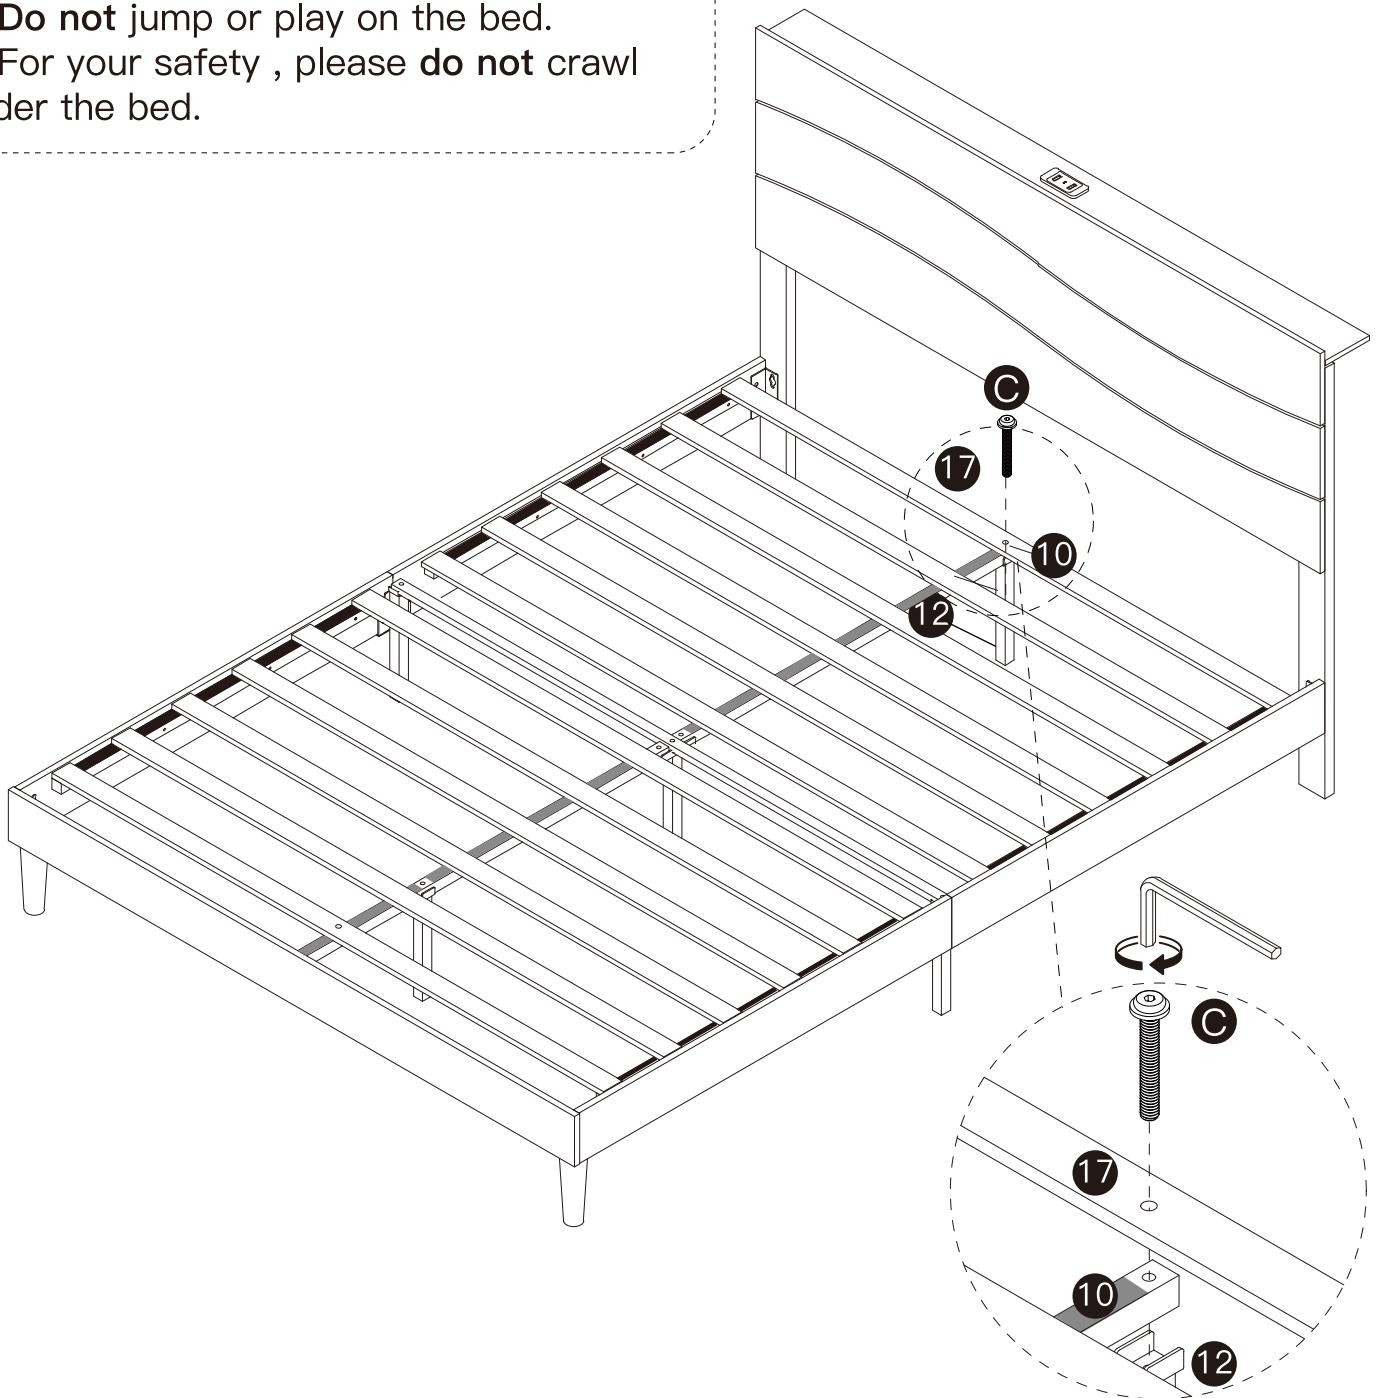

C

M8x50mm
5/16x50mm x1

Warm Tips

- (1) Please place the assembled bed against the wall.
- (2) **Do not** jump or play on the bed.
- (3) For your safety, please **do not** crawl under the bed.

Power strip

Preparation before Installation

Ensure the rated voltage range marked on the power strip covers your local voltage. **Never use** it if they don't match!

Carefully check the maximum rated power (in Watts, W) or maximum current (in Amperes, A) marked on the power strip. This indicates the total load limit the strip can handle.

Instructions for Use

(1) Insert the power strip plug fully into the wall socket to ensure good contact.

(2) Plug appliances directly into the power strip's sockets. Never daisy-chain (cascade) another power strip onto this one, especially for high-power devices. This significantly increases the risk of overloading and circuit overheating.

Notes

- **Waterproof and moisture – proof:** Keep away from water sources. Do not cover the power strip (such as covering it with blankets, books, curtains). Ensure there is enough space around for heat dissipation. Stay away from heat sources and flammable materials. **Do not** let heavy objects press on the power cord or the power strip itself. **Do not** bend, pull, or step on the power cord. Do not use nails to fix the power cord.
- **Regular Touch Checks:** After using for a while (especially after using high-power devices), gently touch the power strip casing and power cord with the back of your hand. A slight warmth is normal (heat is generated when electricity passes through), but if it feels hot to the touch, stop using it immediately and unplug all devices!
- **Child Safety:** If there are children in the household, choose a power strip with safety shutters (to prevent foreign objects from being inserted into individual sockets) and educate children not to play with the power strip or power cord.

Maintenance Methods:

(1) **Regular Cleaning:** Be sure to first unplug all plugs and disconnect the power strip from the wall socket, then wipe dust off the casing and power cord with a dry, soft cloth, use a dry, soft brush to clean gaps, strictly prohibit using liquid cleaners like wet cloths, cleaning agents, alcohol, sprays, etc. as liquid seeping inside can cause short circuits and electric shock risks; if there's dust in the sockets, carefully clean them using a can of dry compressed air (keep a certain distance) or a dry, soft brush and never poke the sockets with metal objects such as paper clips or toothpicks!

(2) **Regular Inspection:** Conduct inspections once a month or once a quarter: check if the power cord has damage, hardening, cracks, indentations, or pet bite marks; check if the plug and sockets have signs of scorching, deformation, looseness, or poor contact; inspect the casing for cracks, deformation, or traces of abnormal heating; and smell for any unusual burning odor (even when not powered on, internal faults may leave residual odors). If any of the above issues are found, stop using it immediately and replace it!

(3) **Avoid Improper Operation:** **Do not** force mismatched plugs into the sockets; when plugging in or unplugging, hold the plug itself with your hand and **Do not** pull the power cord; **Do not** place the power strip in locations where it may be stepped on or cause people to trip.

AFTERSALE SERVICE

Dear customer,

Thank you so much for purchasing the product from us, we really appreciate your support.

We are aimed to provide the best shopping experience to our customers. We also want to build a mutually beneficial relationship with our customers, and step further to make our brand both reliable, responsible and recommendable.

We hope that our products could meet your needs and expectations, please consider us again if you need more products for your home and kitchen.

The package would be out of our control during shipping, please contact us through your purchasing channel directly if there is anything wrong with the box or contents. We are always here offering you our service.

We will reply your messages as soon as possible, please kindly wait for the response from our team.

Your comfort and contentment are of utmost importance.

Best Regards,
Customer Care Specialist
