The Mini Gardens 2

D2532S50628-4115

The Mini Gardens 2 is part of a series of four breathtaking prints reminiscent of the work of the distinguished American artist Joan Mitchell who is renowned for her contributions to painting, printmaking, and other paper-based media. The Mini Gardens 2 is an abstract print that offers a striking medley of contrasting shades that immediately draw in the viewer. Robust brushstrokes signal movement, and the bold color scheme in dove grey and coral pink, with splashes of tangerine, burnt orange, grass green, emerald, and indigo, come together to produce this vibrant work.

A concentrated section taken from the larger work, The Garden 1, The Mini Gardens 2 uses abstract forms and a lively color palette to encourage a quiet reflection of one's relationship with the natural world. An original addition to the carefully curated ART by TA Collection.
