Step 5

Stand the Loveseat up with assistance from your adult partner.
Exert pressure floorwards onto the Loveseat with both your hands.
This pressure will help the Legs and Loveseat reach full alignment status.
Check for wobbles on a LEVEL surface.
If no wobbles are found, proceed to tighten the Bolts in a sequential manner, until evenly secured.
When tightening Bolts tighten sequentially.
Do not tighten any Bolt fully and then move on towards the next one.
