

Assembly Instructions

- Renewable resource – Bamboo has the Fastest Growing Cycle of any furniture raw material – 5 years sprout to harvest.
- Bamboo also has superior structural strength as well as the lowest moisture expansion/contraction displacement of any furniture raw material 50% lower than Oak or Pine
- Environmentally desirable UV activated finish – virtually 100% of the finish is utilized without spray or runoff waste and it dries instantly when exposed to UV Light without heat.

1

In step 1 you will attach the push bar handle. One of the Bolts B will have to insert behind the drawer slide, there is just enough room to insert it and please use the small allen wrench G to tighten the Bolt B with washers C & D into the push Bar A.
