Hardware Included

Installation

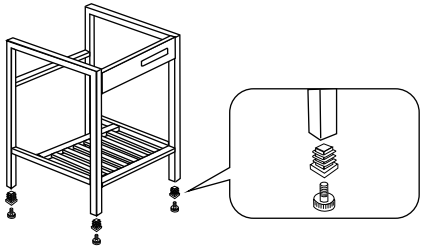

1 Assemble The Console

Note that the threaded pipe is mounted on both sides.(tips： The connector needs to be tightened)

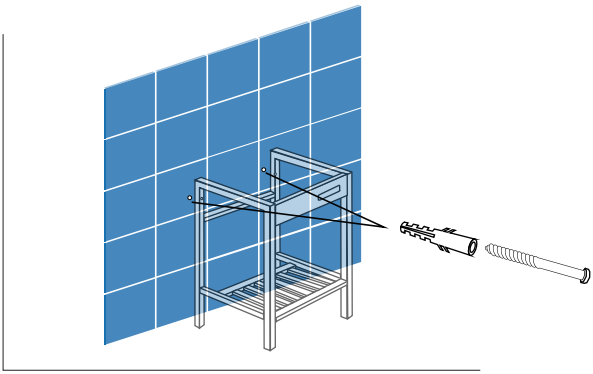

2 Install the leveling feet

Turn the console upside down ， Install the leveling feet

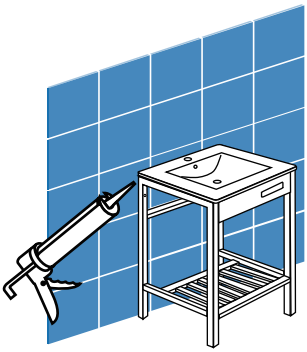

3 Install Wall Anchors

Place the console against a wall and select a suitable location. Install the wall anchors forthe console base.Mount the console to the wall with screws.

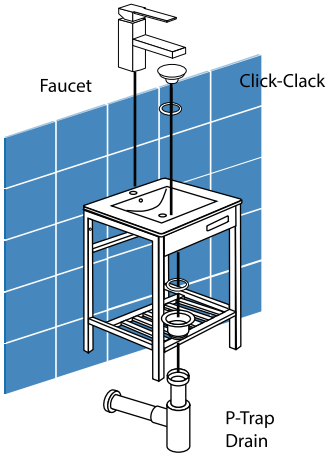

4 Install Sink

Apply sealant to the bottom of the sink and place the sink on top of the console.You can apply a layer of caulk between the sink and the wall to make the sink safer to use.

5 SinkAccessories

Complete your installation by adding the preferred plumbing accessories, such as the faucet,click-clack drain, p-trap and angle valves to your sink. Faucet and pop-up drainer not included.

Care and Cleaning

For best results in caring for your sink, we suggest the following:

- Clean the outside surface with mild soap, warm water, and a soft cloth.
- On stubborn stains, use a powdered detergent and damp sponge or nylon scouring pad.
- Never use abrasive scouring powders, cleansers, or pads because they will scratch, damage, and dull the surface.
