Sea Breeze Green 1

D1685S33695-2875

Sea Breeze I presents a calm coastal landscape view of the natural wonders of land and sky. Various light hues define the cloudy day with an ivory, sand, and vanilla color theme. A hint of mauve adds depth to a large cloud. Pops of moss green with a swath of cream define the shore.

A pleasing blend of soft tones and gentle forms, viewers are invited to picture a serene coastal day in this original addition to ART by TA.
