

Brightech® Liam Assembly & Free Extended Warranty Instructions

1. Screw pole (B) to base (A), and pole (C) to pole (B), making sure that no wires are caught in the threading.
2. Screw pole (D) to pole (E) and pull the cord through gently so that the excess cord is tucked inside. Screw pole (D) to pole (C), making sure that no wires are caught in the threading.
3. Place the (F) shades onto the sockets and use the (J) socket rings to hold them in place. The socket rings need to be unscrewed from the socket first..

Extend Your Warranty From 3 Years To 5 Years

To extend your warranty by 2 extra years for a total of 5 years' warranty, register your purchase by filling in the brief form at brightechshop.com/pages/extended-warranty/.

IMPORTANT SAFETY INSTRUCTIONS:

This lamp has a polarized plug (one blade is larger than the other) as a safety feature, to reduce the risk of electric shock. This plug will fit in a polarized outlet in only one direction. If the plug does not fit properly in the outlet, turn it over and retry. If it still does not fit, contact a qualified electrician. Do not use with an extension cord unless the plug can be inserted properly.

Max Wattage: (3)60 watt incandescent or (3) 13 watt CFL equivalent. (Incandescent/CFL not included)
(3) 9.5 watt LED bulbs are included.
