CASTLE SANDSTORM BEIGE 3X12 POLISHED CERAMIC SUBWAY WALL TILE

The Castle Sandstorm Beige 3x12 Polished Ceramic Subway Wall Tile layers sandy beige tones and handcrafted character across an elongated subway format. Its reflective surface, weathered detailing, and pooled glaze variation add depth and dimension to installations. With subtle medieval influence, this glazed ceramic brings an artisanal touch to backsplashes, bathrooms, and shower walls.

CASTLE

The Castle collection reimagines medieval-inspired design in ceramic with a softly weathered look and glossy surface, balancing old-world influence with a polished point of view. Crafted by hand in Spain, the collection is available in understated neutrals and more vibrant colorways, offering a versatile foundation for both subtle and statement-making spaces. Its classic elongated subway format and coordinating trim pieces support a range of installation styles, from stacked and vertical layouts to more intricate herringbone patterns that create depth and visual rhythm.
