Before installing the LED strips onto the dressing table, we first need to detach the two strips and mount them separately onto the table. Once the dressing table installation is complete, we will then reconnect these two LED strips to the switch.

Bevor wir die LED-Streifen am Schminktisch anbringen, müssen wir zunächst die beiden Streifen voneinander trennen und sie separat am Tisch befestigen. Sobald die Montage am Schminktisch abgeschlossen ist, werden wir diese beiden LED-Streifen wieder an den Schalter anschließen.
