

Wall Lamp

ACCESSORIES LIST					
CODE	PIC	QTY	CODE	PIC	QTY
A (Wall lamp)		2pcs	B (Plastic anchors)		5pcs
C (Plastic anchors for gypsum walls)		5pcs	D (Tapping Screws)		5pcs

Please prepare all the shown tools before installation.

Please follow the assembly instructions strictly.

Installation Steps:

1. Drill holes on the wall. Insert appropriate wall anchors into the holes based on the wall material.
2. Screw the provided screws into the wall anchors.
3. Connect the power cord.
4. Align the wall lamp’s mounting holes with the pre-installed screws to hang it in place.

Important Notes:

- This product must be installed by a qualified professional.
- Take protective measures to prevent electric shock.

Product Specifications:
