Missing pieces, need help with assembly or have broken parts?

Please reach out to our customer service team directly

Information we need: copy of original PO, shipping address (for new parts), your contact information and pictures of the issue.

INFORMATION

BEFORE YOU BEGIN

Before beginning assembly, make sure all parts are present. Compare parts received with the "Parts List." If any part is missing or damaged, do NOT attempt to assemble the product. Please read and understand this entire manual before attempting to assemble, operate or install this product. If you have any questions regarding the product, please contact customer service.

GENERAL INFORMATION

Your new chair is made from the finest materials available. It should provide many years of enjoyment with minimal care.

Keep your chair clean and apply a coat of wax a few times a year. For best results, clean the chair with warm soapy water and use an outdoor furniture wax. If you use furniture covers, always make sure the chair is clean and completely dry before covering as mold may form in dark, wet places. Check the bolts on your chair regularly to make sure they are tight.

To provide a rust free product this chair is made of Cast Aluminum which is a relatively soft material. Be careful not to over tighten your hardware. Stripped hardware is not covered under the manufacturer's warranty. The weight limit for this chair is 225 lbs.

SAFETY INFORMATION

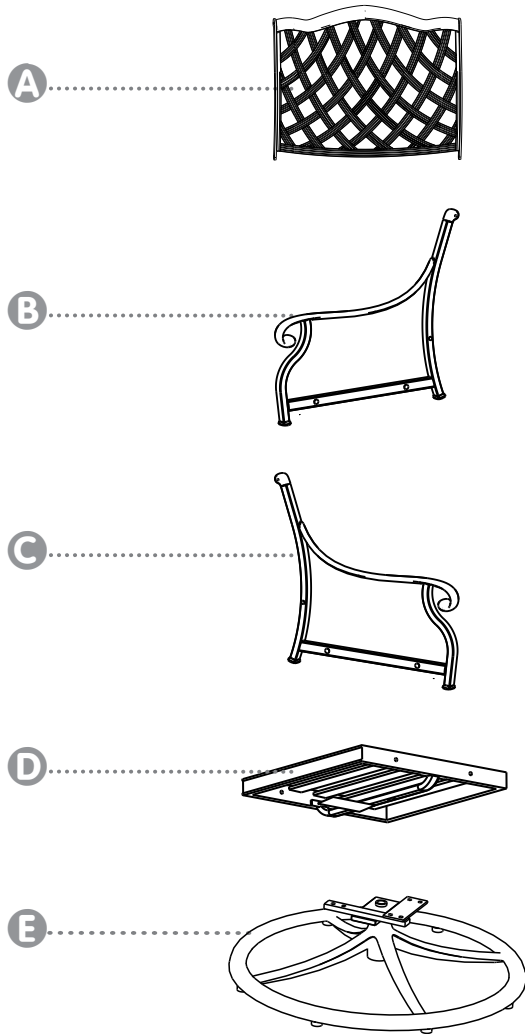

WARNING

DO NOT stand or allow children to stand on the assembled product. DO NOT lean the chair on two legs or allow it to be placed on an uneven surface. DO NOT tighten bolts completely until instructed to do so. After final alignment, make sure all nuts and bolts are securely fastened. NEVER use a power tool to assemble or tighten your furniture. Perform periodic checks to make sure the hardware is secure and tighten if needed.

CAUTION

READ all instruction before beginning assembly. Failure to do so may result in faulty assembly and potential injury. Assemble the item on a soft, non-abrasive surface such as a carpet or cardboard to avoid damaging the item.

ASSEMBLY

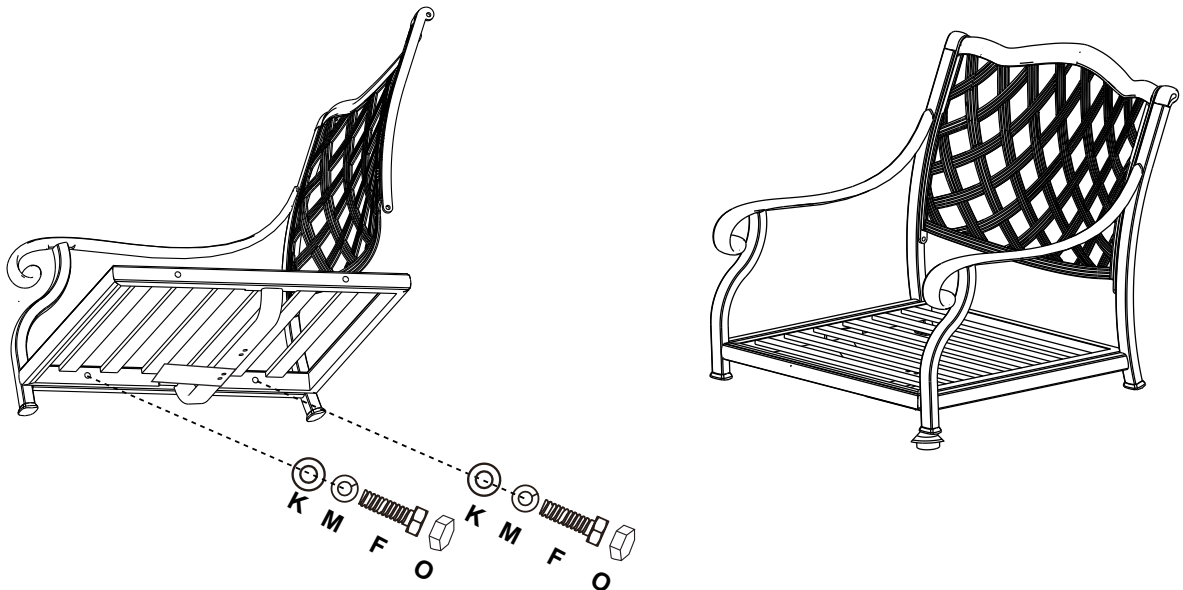

PREPARATION

Before beginning assembly, be sure to empty contents of carton and make sure all parts are present. Place all parts on a soft, level surface for assembly. Estimated Assembly Time: 30 Minutes | DO NOT over tighten hardware!

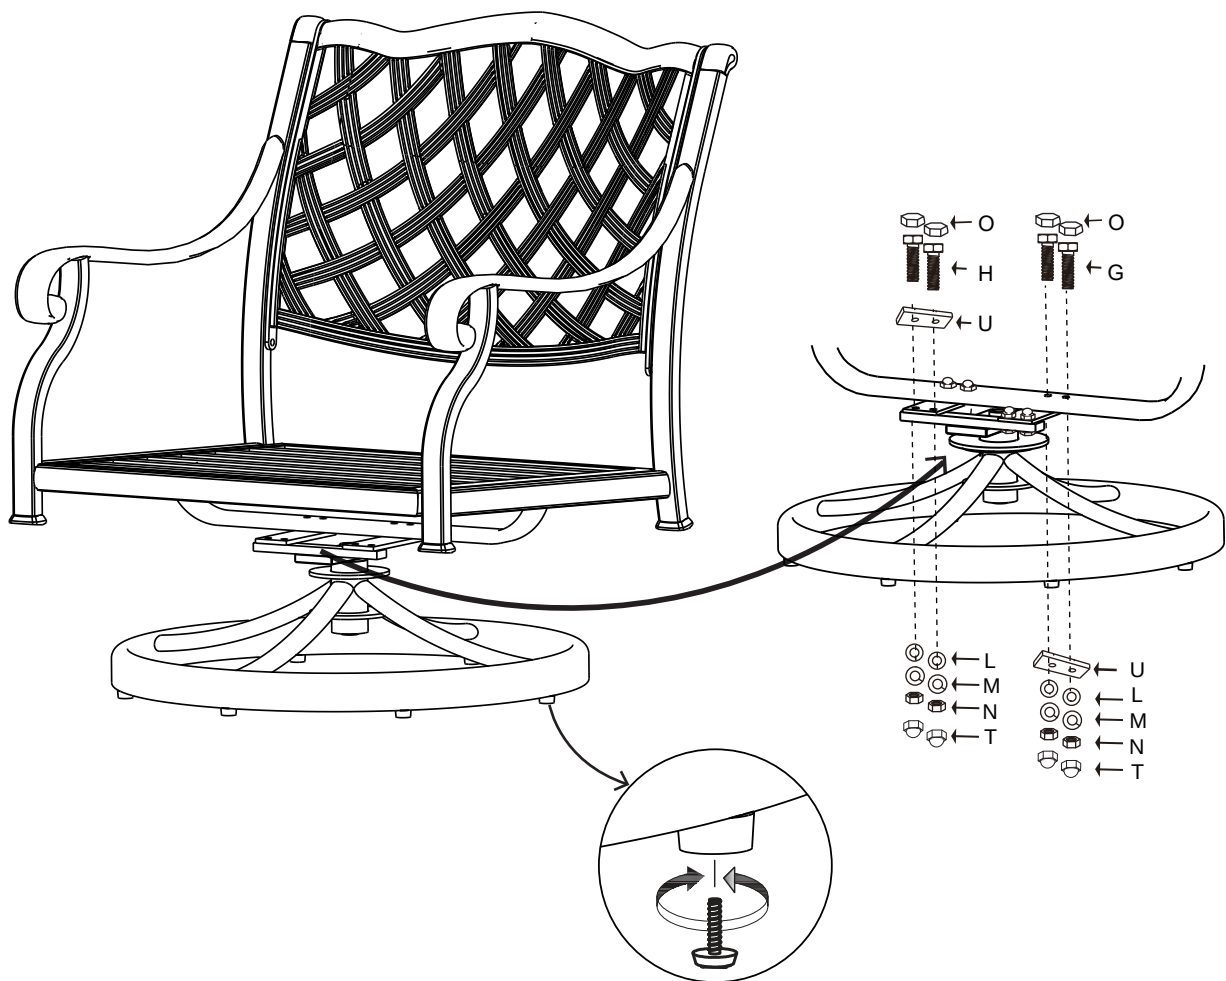

- 1 Locate **Backrest Panel A** and **Right Arm B**. Orient **Backrest** and **Arm** as shown in the figure. Using **Washer P**, **Spring Washer P**, **Bolt J/J**, **Nut I** and **Plastics Cap Q/R** assemble them together.

- 2 Locate **Seat Panel D**. Orient **seat** as shown in the figure. Using **Enlarge Washer K**, **Spring Washer M**, **Bolt F** and **Plastics Cap O** assemble them together.

- 3 Assemble the other **Left Armrest C** by aligning it symmetrically with the right one and securing it in place using the same hardware pieces (**KMF O**) as step 2. And same hardware pieces (**JJPQR S**)

ASSEMBLY

- 4** Attach **Chair Base ③** to **Seat Bucket** by aligning the holes on connecting plates with the holes on Chair Seat Panel and T-shape of Chair Base with **Bolt ⑥/⑦**, **Swivel Rocker Plate ⑩**, **Washer ⑪**, **Spring Washer ⑫**, and **Nut ⑬**. As shown above. *NOTE: Bolt ⑥ is different from ⑦.* Tighten **Bolts ⑥/⑦** with **Wrench ⑭**. Use the **Caps ⑮** to cover the **Nuts ⑬**. and use the **Flat Caps ⑯** to cover the **Bolts ⑥/⑦**.

- 5** Adjust the pre-installed **Adjustable Feet** until the swivel chair sits level on the ground.
