WARNING:

Electrical Danger

Turn Power Off

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

You will need 4-Cand.BULB
60 watts Max Bulb not included
USE LED BULBS FOR EXTENDED USE

How to Install

1. Install the Metal Band onto the Glass Shade (rest the glass shade inside the foam block included in the packaging. Hold the metal band straight while another person secures it on the glass with the screws provided).
2. Unscrew the decorative nut, to expose the lower white metal cap
3. Install the recommended bulbs (not included) into each socket
4. Place the glass over the light cluster and make it gently lean against the lower white metal cap (make sure the cap is evenly placed inside, by moving the glass around)
5. Attach the upper metal cap onto the glass shade by securing it with the decorative nut
6. Determine required height by attaching each of the rods and secure them both to the fixture and the canopy
