

Technical drawing of a window unit with dimensions:

- Overall width: 14"
- Overall height: 18"
- Inner width: 10"
- Inner height: 14"
- Top radius:  $R11\frac{3}{4}"$
- Left side dimension:  $15\frac{11}{16}"$
- Right side dimension: 2"
- Bottom left dimension: 2"
- Bottom center dimension: 10"
- Bottom right dimension: 2"

Diagram of a vertical rectangular panel. The height is labeled as 18' and the width is labeled as 1 1/2'. The panel is divided into two vertical sections: a lighter gray section on the left and a darker gray section on the right. Dashed lines indicate the dimensions.

A line drawing of a window with a decorative arched top and horizontal bars. The window is shown from a slightly angled perspective, revealing its depth. It features a thick, multi-layered frame. The top of the window is arched, and the interior is divided by four horizontal bars. The drawing is simple, using black outlines on a white background.
